INTRODUCTION TO THE HOUSEHOLD TO BE INTERVIEWED

CONVEY THE FOLLOWING INFORMATION TO THE RESPONDENT:

Every five years the National Statistical Office in Zomba selects at random several hundred households in each district of the country to ask them questions about how they are living. The responses which are provided by the households to these questions are intended to help the government of Malawi do a better job in meeting the needs of all Malawians.

Your household was selected as one of those to which the IHS questions will be asked this time. You were not selected for any specific reason. Simply your name was on a list of all of the households in this area, and your name was chosen randomly.

I would like to ask the questions in this form to you as head of household or spouse of the head. I will also need to ask questions to other members of your household, as well as weigh and measure the height of any children under age 5 years who live in your household. These questions will take several hours to complete. All of your answers will be held in confidence. The answers which you and the members of your household might give me will only be used by the NSO or under its supervision.

Before I start, do you have any questions or is there anything which I have said on which you would like any further clarification? May I proceed with interviewing you and members of your household?
