## HOUSEHOLD ROSTER INSTRUCTIONS

PERSON INTERVIEWED: PREFERABLY THE HEAD OF HOUSEHOLD. IF HE/SHE IS NOT AVAILABLE, FIND A "PRINCIPAL RESPONDENT" TO ANSWER THE QUESTIONS IN HIS/HER PLACE. THE PERSON SELECTED MUST BE A MEMBER OF THE HOUSEHOLD WHO IS ABLE TO GIVE INFORMATION ON THE OTHER HOUSEHOLD MEMBERS.

## HOUSEHOLD ROSTER INSTRUCTIONS (CONT)

When you enter the questionnaire you will find some members pre-populated on the roster. These 'initial' members are the best guess we have of the roster, based on the information from the tracking forms as well as the information on the 2004 household people were living in.

### STEP 1: CONFIRM PREPOPULATED ROSTER

The first thing you should do is go through the roster and confirm that the people who are listed on it are known and still living in the household. Anyone of those people not living in the household can be deleted by pressing the red cross on the right of the row.

### STEP 2: GO THROUGH LIST OF LINKED MEMBERS

The next thing to do is verify whether any of the linked persons in the household are living there. Linked people are people who co-resided with a current household member in 1991-94 or in 2004. If a roster contains 2 PHHMs from two different 2004 households then the 2004 tab will contain members from two different households.

IMPORTANT: it is very important that any linked person gets added through the 'linked persons' button. If you add them through the 'add member' button then we will not know that this is the same person as in 1991-94 or 2004. That would mean that all their historic data are become unavailable and the person is considered as 'not found'.

### STEP 3: IDENTIFY THE HEAD AND ASK HIS/HER AGE

Next ask who the head of the household is. If it is a person already listed, then indicate so in the relationship field and confirm his/her age. If the person is not yet listed then add them as per the instructions in STEP 4 and indicate that they are head + ask their age.

### STEP 4: FOR PARTIAL LIST: NOTE RELATIONSHIP TO THE HEAD + CONFIRM THEIR AGE

Except for possibly the head, everyone listed on the roster has been interviewed in 1991-94 and/or 2004. As they are now in a different household, you will need to confirm their relation to the head again. As we have already captured their age before, you need only confirm the age with the respondent.

### STEP 5: COMPLETE ROSTER WITH NEW MEMBERS

Next, complete the partial list by adding all other people who normally live and eat their meals together in this dwelling. Write down their relationship to head, age and sex as you list them. Make the list by following reading the following instructions to the respondent:

Nimewatambua watu wa kaya yenu waliokwisha sahihiwa mwaka 2004 au 1991-94. Sasa ningependa kukamilisha orodha hii ili kupata watu wote ambao kawaida wanalala na kula pamoja katika kaya hii. Kwanza ningependa kujua wenza na watoto wa mkuu wa kaya, kulingana na umri wao.

(I have identified the people in your household who have already been interviewed in 2004 or 1991-94. Now I would like to complete this list so as to come to a complete list of all people who normally live and eat their meals together in this dwelling. First I would like to know who the spouses and their children of the head are, in order of age.)

If there are more than one wife, start with the first wife, followed by her children in order of age, then the second wife and her children in order of age and so forth. LIST THOSE NOT ALREADY LISTED AND RECORD THEIR RELATION TO HEAD, SEX AND AGE.

Always record the head of the household first, followed by his/her spouse and their children in order of age. If there is more than one wife, start with the first wife, followed by her children in order of age, then the second wife and her children in order of age, and so on. Record the name, sex and age of each person.

Now continue by reading this text to the respondent:

Naomba unitajie majina ya watu wengine wenye uhusiano na mkuu wa kaya au mwenza wake, pamoja na familia zao ambao kwa kawaida hula na kulala katika kaya hii.

(Please give me the names of any other persons related to the head of the household or to spouse, together with their families, who normally live and eat their meals here.)

LIST THOSE NOT ALREADY LISTED AND RECORD THEIR RELATION TO HEAD, SEX AND AGE.

After this, continue by reading this text to the respondent:

Sasa naomba majina ya watu wengine wowote ambao hawana uhusiano na mkuu wa kaya au mwenza wake lakini ambao kwa kawaida hula na kulala katika kaya hii. Mfano watumishi au watu wengine ambao hama uhusiano.

(Please give me the names of any other persons not related to the head of household or to spouse but who normally live and eat their meals here. For example, servants or other persons who are not relatives.)

LIST THOSE NOT ALREADY LISTED AND RECORD THEIR RELATION TO HEAD, SEX AND AGE.

Next, read this question to the respondent:

Je, kuna watu wengine ambao kwa sasa hawapo lakini ambao kwa kawaida hula na kulala katika kaya hii? Mfano mtu aliye masomoni mahali pengine, aliye likizoni, aliye matembezini au aliyekwenda kutafuta huduma za matibabu?

(Are there any other persons not now present but who normally live and eat their meals here? For example, any person studying somewhere else, who is on vacation, who is visiting other people or who is seeking medical treatment?)

LIST THOSE NOT ALREADY LISTED AND RECORD THEIR RELATION TO HEAD, SEX AND AGE.

Finally, read this question to the respondent:

Je, kuna wanafunzi wa bweni ambao mnawachukulia kama wanakaya wa kaya hii lakini ambao kwa kawaida hula na kulala shuleni kwa o?

(Are there any boarding school children who you consider member of this household but who usually sleep and eat at their school?)

LIST THOSE NOT ALREADY LISTED AND RECORD THEIR RELATION TO HEAD, SEX AND AGE. Note that these children may not fit the membership criteria in T1a, so they are not considered members. Nonetheless,
