Integrated Household Survey 1997: Household Questionnaire

Title	Integrated Household Survey 1997: Household Questionnaire
Author(s)	Gallup International
Date	1996-01-01
Country	Bulgaria
Language	English
Description	This questionnaire collects information from all members of the household on demographic characteristics, migration, education, employment, health and fertility. It also collects household level information on housing food expenditures, non-food expenditures, agriculture, remittances, benefits, household durables, and real estate benefits. There are slight discrepancies between the questionnaire and the data files. The data files should be used as the most accurate information.
