

Survey of COSDEC Enrollees

Phone Survey Questionnaire - Final Version

December 18, 2015

INTRODUCTION

Hello. Is this [RESPONDENT'S NAME]? My name is [INTERVIEWER'S NAME]. I'm calling you from Survey Warehouse in Windhoek. We are working with Mathematica Policy Research, an American company that is conducting an evaluation of the Millennium Challenge Account-Namibia-run Vocational Education and Training Activity. The training activity and this evaluation are sponsored by the Millennium Challenge Corporation in the US. We are conducting a survey to assess the benefits and challenges of vocational training for those who have enrolled in a Community Skills Development Center, or COSDEC.

If you agree to participate in this survey today, I will ask you questions about yourself and your personal experience with vocational education and employment. The interview is expected to take about 15 to 20 minutes, although it can take longer.

Your responses are very important to help improve the success of vocational training. Any information you provide that can identify you personally will be kept strictly confidential by the parties conducting this study, including Millennium Challenge Corporation employees, employees of Survey Warehouse, and researchers, to the maximum extent permitted by the laws of the United States of America and the laws of Namibia. These users will use data for statistical purposes only. Once the study is completed, all data from the study that does not identify you personally will be made publicly available for others to study.

It is your choice whether to take this survey or not. There are no risks and no direct benefits to you in participating in this study. If you feel uneasy with any of the questions, you can refuse to answer. You may also skip questions you do not want to answer. You can stop the survey at any time. There will be no penalty if you decide not to take part or to stop the survey.

And if you have any questions, concerns or complaints about this survey or your rights as a participant, you may call the Project Coordinator Lizl Stoman at 061-246 830.

Do you have any questions before we begin?
