The World Bank Group (WBG) is interested in gauging the views of clients and partners who are either involved in development in Antigua and Barbuda or who observe activities related to social and economic development. The following survey will give the WBG's team that works in Antigua and Barbuda greater insight into how our institution's work is perceived. This is one tool the WBG uses to assess the views of its stakeholders, and to develop more effective strategies that support development in Antigua and Barbuda.

A local independent firm has been hired to oversee the logistics of this survey. This ensures anonymity and confidentiality. We hope you'll be candid.
