APPENDIX A — INSTRUCTIONS

[1] in_09: 9. How much is the fees that you or the other household members have to pay to get this remittance?

Do not read out answer options; code from response. In case respondent does not understand the question, you can say "as a percentage of the remitted amount, how much is the fee? For example, 10% of the remitted amount, 2% of the remitted amount, etc." Explain to the respondent if required: "A remittance is receiving a transfer of funds from outside the household."

[2] in_10: 10. What are all the available means through which your household could receive remittances?

Do NOT read options to respondent; code from response. Select all mentioned. After each means mentioned, probe the respondent by asking "Thank you. Is there any other means?" Explain to the respondent if required: "A remittance is receiving a transfer of funds from outside the household."

[3] em_01: 1. In the last 30 days, which activity did your household spend the most time doing?

Please read out all options, and make sure the respondent understands the different options. Please note and explain to respondent if needed: Farming at own account involves trading the farm produce (either for money or in kind) while subsistence farming is purely for self consumption.

[4] em_03: 3. Which activity did your household spend the most time doing before it changed to %em_01%?

Please read out all options, and make sure the respondent understands the different options. Please note and explain to respondent if needed: Farming at own account involves trading the farm produce (either for money or in kind) while subsistence farming is purely for self consumption.
