Sampling

Sampling Procedure

MICRODATA SOURCE: Celade

SAMPLE DESIGN: Systematic sample of every 10th household.

SAMPLE UNIT: Household

SAMPLE FRACTION: 10%

SAMPLE SIZE (person records): 806,834

Deviations from Sample Design

Response Rate

Questionnaires

Overview

A single enumeration form that requested information on dwellings and individuals, but the field work was divided into urban and rural enumerator's manuals.

Data Collection

Data Collection Dates

Start	End	Cycle
1982-11-28	1982-12-06	N/A

Time Periods

Start	End	Cycle
1982-11-28	1982-11-28	N/A

Data Collection Mode

Face-to-face [f2f]

DATA COLLECTION NOTES

De facto, FIELD WORK PERIOD: Urban population in one day and rural population in eight days.

SUPERVISION

Face to face interview (direct enumeration) conducted by trained personnel. The enumerators were teachers and students.

File Description

Variable List

Content	Household records
Cases	195401
Variable(s)	
Structure	Type: relational Keys: SERIAL(Household serial number)
Version	Version 6.4, IPUMS sample
Producer	Minnesota Population Center
Missing Data	

Variables

ID	Name	Label	Type	Format	Question
RECTYPE	RECTYPE	Record type	contin	character	
YEAR	YEAR	Year	discrete	numeric	
SAMPLE	SAMPLE	IPUMS sample identifier	discrete	numeric	
SERIAL	SERIAL	Household serial number	contin	numeric	
PERSONS	PERSONS	Number of person records in the household	contin	numeric	
SUBSAMP	SUBSAMP	Subsample number	discrete	numeric	
GQ	GQ	Group quarters (collective dwelling) status	discrete	numeric	
UNREL	UNREL	Number of unrelated persons	discrete	numeric	
REGIONW	REGIONW	Continent and region of country	discrete	numeric	
WATSUP	WATSUP	Water supply	discrete	numeric	
SEWAGE	SEWAGE	Sewage	discrete	numeric	
ROOMS	ROOMS	Number of rooms	discrete	numeric	
KITCHEN	KITCHEN	Kitchen or cooking facilities	discrete	numeric	
TOILET	TOILET	Toilet	discrete	numeric	
FLOOR	FLOOR	Floor material	discrete	numeric	
HHTYPE	HHTYPE	Household classification	discrete	numeric	
NFAMS	NFAMS	Number of families in household	discrete	numeric	
HEADLOC	HEADLOC	Head's location in household	contin	numeric	
HHDONATE	HHDONATE	Donated household	discrete	numeric	
GEOLEV1	GEOLEV1	1st subnational geographic level, world [consistent boundaries over time]	discrete	numeric	
EC1982A_DWNUM	EC1982A_0001	Dwelling/household number	contin	numeric	Dwelling/household number
EC1982A_PERN	EC1982A_0003	Number of persons in household	discrete	numeric	Number of persons in household
EC1982A_FBIG	EC1982A_0043	Household created by splitting apart a large dwelling	discrete	numeric	Household created by splitting apart a large dwelling

ID	Name	Label	Type	Format	Question
EC1982A_DWTYPE	EC1982A_0016	Type of dwelling	discrete	numeric	1. Dwelling type Private <input type="checkbox"/> 01 House or villa <input type="checkbox"/> 02 Apartment <input type="checkbox"/> 03 Rooms in a tenement <input type="checkbox"/> 04 Mediagua (small unit with sloped roof) <input type="checkbox"/> 05 Rancho (poor construction possibly with cane or straw roof) or shack (covacha) <input type="checkbox"/> 06 Rustic cabin (choza) <input type="checkbox"/> 07 Others <input type="checkbox"/> 08 Places not intended for use as a dwelling Collective <input type="checkbox"/> 11 Hotel, inn or boarding house <input type="checkbox"/> 12 Military or police barracks <input type="checkbox"/> 13 Hospital, clinic, etc. <input type="checkbox"/> 14 Convent, religious institution <input type="checkbox"/> 15 Others If a collective dwelling, skip to questions on population.
EC1982A_OCCUPAN	EC1982A_0017	Dwelling occupancy status	discrete	numeric	2. Occupancy of the dwelling <input type="checkbox"/> 1 Occupied, with people present <input type="checkbox"/> 2 Occupied, with people absent <input type="checkbox"/> 3 Unoccupied <input type="checkbox"/> 4 Under construction
EC1982A_ROOF	EC1982A_0018	Predominant roof material	discrete	numeric	3. Predominant materials in the dwelling A. Roof or covering <input type="checkbox"/> 1 Reinforced cement roof (Losa de hormign) <input type="checkbox"/> 2 Asbestos (Eternit), Ardex or similar <input type="checkbox"/> 3 Zinc or similar <input type="checkbox"/> 4 Tile <input type="checkbox"/> 5 Straw or similar <input type="checkbox"/> 6 Other materials
EC1982A_WALLS	EC1982A_0019	Predominant wall material	discrete	numeric	3. Predominant materials in the dwelling B. Exterior walls <input type="checkbox"/> 1 Cement, brick or block <input type="checkbox"/> 2 Adobe or mud wall (tapia) <input type="checkbox"/> 3 Wood <input type="checkbox"/> 4 Covered cane <input type="checkbox"/> 5 Uncovered cane <input type="checkbox"/> 6 Other materials
EC1982A_FLOOR	EC1982A_0020	Predominant floor material	discrete	numeric	3. Predominant materials in the dwelling C. Floor <input type="checkbox"/> 1 Wood <input type="checkbox"/> 2 Parquet, floor tile or vinyl <input type="checkbox"/> 3 Brick or cement <input type="checkbox"/> 4 Cane <input type="checkbox"/> 5 Earth <input type="checkbox"/> 6 Other materials
EC1982A_OWNER	EC1982A_0021	Ownership	discrete	numeric	4. Tenure of the dwelling The dwelling is: <input type="checkbox"/> 1 Owned <input type="checkbox"/> 2 Rented <input type="checkbox"/> 3 Free <input type="checkbox"/> 4 For services <input type="checkbox"/> 5 Other (for example, sharecropping)
EC1982A_WATERSRC	EC1982A_0022	Water supply	discrete	numeric	5. Water is supplied to the dwelling via: Public system <input type="checkbox"/> 1 Inside the dwelling <input type="checkbox"/> 2 Outside the dwelling but within the building <input type="checkbox"/> 3 Outside of the building Other sources: <input type="checkbox"/> 4 Well or spring <input type="checkbox"/> 5 River or stream <input type="checkbox"/> 6 Delivery truck <input type="checkbox"/> 7 Other
EC1982A_TOILET	EC1982A_0023	Toilet facilities	discrete	numeric	6. What toilet facilities (W.C.) are available in the dwelling? <input type="checkbox"/> 1 Toilet for exclusive use of the dwelling <input type="checkbox"/> 2 Shared use toilet <input type="checkbox"/> 3 Latrine <input type="checkbox"/> 4 None
EC1982A_SEWAGE	EC1982A_0024	Wastewater	discrete	numeric	7. The wastewater elimination system for this dwelling is: <input type="checkbox"/> 1 By public sewer system <input type="checkbox"/> 2 Septic tank <input type="checkbox"/> 3 None
EC1982A_ELECTRIC	EC1982A_0025	Electrical service	discrete	numeric	8. The electric service available in the dwelling is: <input type="checkbox"/> 1 From public system <input type="checkbox"/> 2 From private generator <input type="checkbox"/> 3 None
EC1982A_ROOMS	EC1982A_0026	Number of rooms	discrete	numeric	9. How many rooms in total does the dwelling have? ____ (Not including kitchen or bathroom)
EC1982A_BEDROOMS	EC1982A_0027	Number of sleeping rooms	discrete	numeric	10. Of these rooms, how many are used exclusively for sleeping? ____
EC1982A_KITCHEN	EC1982A_0028	Separate kitchen	discrete	numeric	11. Does the dwelling have a separate room for cooking? <input type="checkbox"/> 1 Yes <input type="checkbox"/> 2 No

ID	Name	Label	Type	Format	Question
EC1982A_COOKFUEL	EC1982A_0029	Fuel used for cooking	discrete	numeric	12. What is the primary fuel used for cooking? [] 1 Kerosene or gasoline [] 2 Wood or charcoal [] 3 Gas [] 4 Electricity [] 5 Other [] 6 None (no cooking)
EC1982A_ECONDW	EC1982A_0030	Economic activity in the dwelling	discrete	numeric	13. Is any part of the dwelling used for handcrafts, small industry, business or other activities? [] 1 Only handcrafts [] 2 Only small industry [] 3 Only business [] 4 Business and handcrafts [] 5 Business and small industry [] 6 Other activities [] 7 Dwelling only
EC1982A_STRATA	EC1982A_0061	Strata	contin	numeric	Strata
HHWT	HHWT	Household weight	contin	numeric	
GEOLEV2	GEOLEV2	2nd subnational geographic level, world [consistent boundaries over time]	discrete	numeric	
GEO1_EC	GEO1_EC	Ecuador, Province 1962 - 2010 [Level 1; consistent boundaries, GIS]	discrete	numeric	
GEO1_EC1982	GEO1_EC1982	Ecuador, Province 1982 [Level 1, GIS]	discrete	numeric	
GEO2_EC	GEO2_EC	Ecuador, Canton 1962 - 2010 [Level 2; consistent boundaries, GIS]	discrete	numeric	
GEO2_EC1982	GEO2_EC1982	Ecuador, Canton 1982 [Level 2, GIS]	discrete	numeric	
NCOUPLS	NCOUPLES	Number of married couples in household	discrete	numeric	
NMOTHR	NMOTHERS	Number of mothers in household	discrete	numeric	
NFATHRS	NFATHERS	Number of fathers in household	discrete	numeric	
CNTRY	COUNTRY	Country	discrete	numeric	
ELECTRC	ELECTRIC	Electricity	discrete	numeric	
OWNERSHP	OWNERSHIP	Ownership of dwelling [general version]	discrete	numeric	
OWNERSHPD	OWNERSHIPD	Ownership of dwelling [detailed version]	discrete	numeric	
STRATA	STRATA	Strata identifier	contin	numeric	

Content	Person records
Cases	806834
Variable(s)	
Structure	Type: relational Keys: SERIAL(Household serial number [person version]), PERNUM(Person number)
Version	Version 6.4, IPUMS sample
Producer	Minnesota Population Center
Missing Data	

Variables

ID	Name	Label	Type	Format	Question
PERNUM	PERNUM	Person number	contin	numeric	
MOMLOC	MOMLOC	Mother's location in household	contin	numeric	
POPLOC	POPLOC	Father's location in household	contin	numeric	
SPLOC	SPLOC	Spouse's location in household	contin	numeric	
PARRULE	PARRULE	Rule for linking parent	discrete	numeric	
SPRULE	SPRULE	Rule for linking spouse	discrete	numeric	
STEPMOM	STEPMOM	Probable stepmother	discrete	numeric	
STEPPOP	STEPPOP	Probable stepfather	discrete	numeric	
POLYMAL	POLYMAL	Man with more than one wife linked	discrete	numeric	
POLY2ND	POLY2ND	Woman is second or higher order wife	discrete	numeric	
FAMUNIT	FAMUNIT	Family unit membership	contin	numeric	
FAMSIZE	FAMSIZE	Number of own family members in household	discrete	numeric	
NCHILD	NCHILD	Number of own children in household	discrete	numeric	
NCHLT5	NCHLT5	Number of own children under age 5 in household	discrete	numeric	
ELDCH	ELDCH	Age of eldest own child in household	discrete	numeric	
YNGCH	YNGCH	Age of youngest own child in household	discrete	numeric	
RELATE	RELATE	Relationship to household head [general version]	discrete	numeric	
RELATED	RELATED	Relationship to household head [detailed version]	discrete	numeric	
AGE	AGE	Age	discrete	numeric	
AGE2	AGE2	Age, grouped into intervals	discrete	numeric	

ID	Name	Label	Type	Format	Question
SEX	SEX	Sex	discrete	numeric	
MARST	MARST	Marital status [general version]	discrete	numeric	
MARSTD	MARSTD	Marital status [detailed version]	discrete	numeric	
CONSENS	CONSENS	Consensual union	discrete	numeric	
CHBORN	CHBORN	Children ever born	discrete	numeric	
CHSURV	CHSURV	Children surviving	discrete	numeric	
BPLEC	BPLEC	Province of birth, Ecuador	discrete	numeric	
SCHOOL	SCHOOL	School attendance	discrete	numeric	
LIT	LIT	Literacy	discrete	numeric	
EDUCEC	EDUCEC	Educational attainment, Ecuador	discrete	numeric	
EMPSTAT	EMPSTAT	Activity status (employment status) [general version]	discrete	numeric	
EMPSTATD	EMPSTATD	Activity status (employment status) [detailed version]	discrete	numeric	
OCCISCO	OCCISCO	Occupation, ISCO general	discrete	numeric	
OCC	OCC	Occupation, unrecoded	contin	numeric	
INDGEN	INDGEN	Industry, general recode	discrete	numeric	
IND	IND	Industry, unrecoded	contin	numeric	
CLASSWK	CLASSWK	Status in employment (class of worker) [general version]	discrete	numeric	
CLASSWKD	CLASSWKD	Status in employment (class of worker) [detailed version]	discrete	numeric	
ISCO68A	ISCO68A	Occupation, ISCO-1968, 3-digit	discrete	numeric	
EC1982A_PERNUM	EC1982A_0002	Person number (within household)	discrete	numeric	Person number (within household)
EC1982A_RELATE	EC1982A_0401	Relationship to household head	discrete	numeric	2. What is your relationship to the head of the household? Mark the appropriate box. Person 1: [] 0 Head Persons 2 and 3: [] 1 Spouse, partner [] 2 Son/daughter [] 3 Son- or daughter-in-law [] 4 Grandchild [] 5 Parents or parents-in-law [] 6 Other relatives [] 7 Other non-relatives [] 8 Domestic employee [explicitly female]
EC1982A_SEX	EC1982A_0402	Sex	discrete	numeric	3. Are you male or female? Mark the appropriate box. [] 1 Male [] 2 Female
EC1982A_AGE	EC1982A_0403	Age	discrete	numeric	4. How old are you? Write the age at last birthday. For those under one year write "00". ___ Years completed

ID	Name	Label	Type	Format	Question
EC1982A_BPLPROV	EC1982A_0404	Province of birth	discrete	numeric	5. Where were you born? If born in the rural parish or city where enumerated, mark the box Here; otherwise write the name of the rural parish or city and province. If born abroad, write just the name of the country. [] 00 Here ___ Rural parish or city ___ Province ___ Foreign country [] 99 Unknown
EC1982A_BPLCANT	EC1982A_0405	Canton of birth	discrete	numeric	5. Where were you born? If born in the rural parish or city where enumerated, mark the box Here; otherwise write the name of the rural parish or city and province. If born abroad, write just the name of the country. [] 00 Here ___ Rural parish or city ___ Province ___ Foreign country [] 99 Unknown
EC1982A_RES PROV	EC1982A_0407	Province of habitual residence	discrete	numeric	6. In what rural parish or city do you habitually live? If the place of habitual residence is the rural parish or city where enumerated, mark the box Here; otherwise write the name of the rural parish or city and province. If living abroad, write just the name of the country. [] 00 Here ___ Rural parish or city ___ Province ___ Foreign country [] 99 Unknown
EC1982A_RESYRS	EC1982A_0410	Years of residence in city or rural parish	discrete	numeric	7. How long have you lived in the place indicated? Write the period of residence in the place indicated in question 6. If living there less than one year, write "00." [] 98 Always (Skip to question 9) ___ Number of years [] 99 Unknown
EC1982A_PREV PROV	EC1982A_0411	Province of prior residence	discrete	numeric	8. In what rural parish or city did you live before? Write the name of the rural parish or city and province. If abroad, write just the name of the country. ___ Rural parish or city ___ Province ___ Foreign country [] 99 Unknown
EC1982A_PREV CANT	EC1982A_0412	Canton of prior residence	discrete	numeric	8. In what rural parish or city did you live before? Write the name of the rural parish or city and province. If abroad, write just the name of the country. ___ Rural parish or city ___ Province ___ Foreign country [] 99 Unknown
EC1982A_LIT	EC1982A_0414	Able to read and write	discrete	numeric	For all individuals 6 years of age and older 9. Do you know how to read and write? If only able to read or only able to write mark the box "no." [] 1 Yes [] 2 No
EC1982A_SCHOOL	EC1982A_0415	Currently attending school	discrete	numeric	For all individuals 6 years of age and older 10. Do you attend any institution of regular schooling, whether a literacy center, primary, secondary, or post-secondary (superior)? [] 1 Yes, attending [] 2 Not attending [] 9 Unknown
EC1982A_GRADE1	EC1982A_0416	Level of instruction	discrete	numeric	For all individuals 6 years of age and older 11. What is the highest grade, class or year of schooling completed in the literacy center, primary, secondary, or post-secondary school? Write the number of the highest grade, course or year completed on the corresponding line. [] 00 None ___ 1. Literacy center ___ 2. Primary ___ 3. Secondary ___ 4. Post-secondary [] 99 Unknown

ID	Name	Label	Type	Format	Question
EC1982A_GRADE2	EC1982A_0417	Last year of schooling attained within particular degree	discrete	numeric	For all individuals 6 years of age and older 11. What is the highest grade, class or year of schooling completed in the literacy center, primary, secondary, or post-secondary school? Write the number of the highest grade, course or year completed on the corresponding line. [] 00 None ____ 1. Literacy center ____ 2. Primary ____ 3. Secondary ____ 4. Post-secondary [] 99 Unknown
EC1982A_GRADE3	EC1982A_0418	Level and year of schooling attained	discrete	numeric	For all individuals 6 years of age and older 11. What is the highest grade, class or year of schooling completed in the literacy center, primary, secondary, or post-secondary school? Write the number of the highest grade, course or year completed on the corresponding line. [] 00 None ____ 1. Literacy center ____ 2. Primary ____ 3. Secondary ____ 4. Post-secondary [] 99 Unknown
EC1982A_SOCSEC1	EC1982A_0419	Enrolled in Social Security	discrete	numeric	For all individuals 12 years of age and older 12. Are or were you a participant in the social security? [] 1 Yes Currently contributing? [] 3 Yes [] 4 No [] 2 No
EC1982A_SOCSEC2	EC1982A_0420	Contributing to Social Security	discrete	numeric	For all individuals 12 years of age and older 12. Are or were you a participant in the social security? [] 1 Yes Currently contributing? [] 3 Yes [] 4 No [] 2 No
EC1982A_EMPSTAT	EC1982A_0421	Employment status	discrete	numeric	For all individuals 12 years of age and older 13. What did you do the greater part of the days between the 7th and the 13th of November? Ask the questions in the order indicated: Worked? Did not work but had a job? Etc. and upon receiving a reply, mark the respective box and go on the next appropriate question. [] 1 Worked? [] 2 Did not work but had a job? [] 3 Unemployed? (Looked for work having worked before) For responses 1-3, continue with question 14 [] 4 Looked for work for the first time? [] 5 Studied exclusively? [] 6 Did household tasks exclusively? [] 7 Exclusively retired or pensioner? [] 8 Others [] 9 Unknown For responses 4 - 9, women skip to 17, men skip to 21
EC1982A_OCC1	EC1982A_0422	Occupation, 1 digit	discrete	numeric	For all individuals 12 years of age and older Questions 14 - 16 are only for those who answered 1, 2, or 3 in question 13. 14. What is the occupation that provided the greatest income in the days from November 7th to 13th, or what was your last occupation if unemployed? Write with some detail the work performed. ____ [In addition to the space for the response, a blank, 3-character box also appears in the corner of this item.]
EC1982A_OCC2	EC1982A_0423	Occupation, 2 digits	discrete	numeric	For all individuals 12 years of age and older Questions 14 - 16 are only for those who answered 1, 2, or 3 in question 13. 14. What is the occupation that provided the greatest income in the days from November 7th to 13th, or what was your last occupation if unemployed? Write with some detail the work performed. ____ [In addition to the space for the response, a blank, 3-character box also appears in the corner of this item.]

ID	Name	Label	Type	Format	Question
EC1982A_OCC3	EC1982A_0424	Occupation, 3 digits	discrete	numeric	For all individuals 12 years of age and older Questions 14 - 16 are only for those who answered 1, 2, or 3 in question 13. 14. What is the occupation that provided the greatest income in the days from November 7th to 13th, or what was your last occupation if unemployed? Write with some detail the work performed. ____ [In addition to the space for the response, a blank, 3-character box also appears in the corner of this item.]
EC1982A_IND1	EC1982A_0425	Industry, 1 digit	discrete	numeric	For all individuals 12 years of age and older Questions 14 - 16 are only for those who answered 1, 2, or 3 in question 13. 15. What does the establishment where you engage in the occupation indicated primarily do? Write for example: Primary education, doctor's office, textile factory, restaurants, livestock ranch, etc. ____ [In addition to the space for the response, a blank, 3-character box also appears in the corner of this item.]
EC1982A_IND2	EC1982A_0426	Industry, 2 digits	discrete	numeric	For all individuals 12 years of age and older Questions 14 - 16 are only for those who answered 1, 2, or 3 in question 13. 15. What does the establishment where you engage in the occupation indicated primarily do? Write for example: Primary education, doctor's office, textile factory, restaurants, livestock ranch, etc. ____ [In addition to the space for the response, a blank, 3-character box also appears in the corner of this item.]
EC1982A_IND3	EC1982A_0427	Industry	discrete	numeric	For all individuals 12 years of age and older Questions 14 - 16 are only for those who answered 1, 2, or 3 in question 13. 15. What does the establishment where you engage in the occupation indicated primarily do? Write for example: Primary education, doctor's office, textile factory, restaurants, livestock ranch, etc. ____ [In addition to the space for the response, a blank, 3-character box also appears in the corner of this item.]
EC1982A_CLASSWK	EC1982A_0428	Class of worker	discrete	numeric	For all individuals 12 years of age and older Questions 14 - 16 are only for those who answered 1, 2, or 3 in question 13. 16. What was the category or position in the occupation indicated? Ask the questions in the order given and upon receiving an answer; mark the appropriate box. [] 1 Owner or active partner? [] 2 Own-account? Worker or salaried employee? [] 3 Public sector [] 4 Private sector [] 5 Unpaid family worker? [] 6 Others [] 9 Unknown
EC1982A_CHBORN	EC1982A_0429	Children ever born	discrete	numeric	Only for women 15 years of age and older 17. How many children born alive have you had? [] 00 None Skip to question 21 ____ Number [] 99 Unknown
EC1982A_CHSURV	EC1982A_0430	Children currently living	discrete	numeric	Only for women 15 years of age and older 18. Of these children, how many are currently alive? [] 00 None ____ Number [] 99 Unknown
EC1982A_BIRMON	EC1982A_0431	Month of last live birth	discrete	numeric	Only for women 15 years of age and older 19. What was the date of birth of your last child born alive? Date: ____ Month 19__ Year
EC1982A_BIRYR	EC1982A_0432	Year of last live birth	discrete	numeric	Only for women 15 years of age and older 19. What was the date of birth of your last child born alive? Date: ____ Month 19__ Year

ID	Name	Label	Type	Format	Question
EC1982A_ALIVE	EC1982A_0433	Last child born currently alive	discrete	numeric	Only for women 15 years of age and older 20. Is your last child currently alive? [] 1 Yes [] 2 No [] 9 Unknown
EC1982A_MARST	EC1982A_0434	Marital status	discrete	numeric	E. Marital Status For all individuals 12 years of age and older 21. Are you in a consensual union, single, married, divorced, widowed, or separated? [] 1 Consensual union [] 2 Single [] 3 Married [] 4 Divorced [] 5 Widowed [] 6 Separated [] 9 Unknown
PERWT	PERWT	Person weight	contin	numeric	
MGYRS1	MIGYRS1	Years residing in current locality	discrete	numeric	
YRSCHL	YRSCHOOL	Years of schooling	discrete	numeric	
EDATTAN	EDATTAIN	Educational attainment, international recode [general version]	discrete	numeric	
EDATTAND	EDATTAIND	Educational attainment, international recode [detailed version]	discrete	numeric	
BPLCTRY	BPLCOUNTRY	Country of birth	discrete	numeric	
NATIVTY	NATIVITY	Nativity status	discrete	numeric	
YEARP	YEARP	Year [person version]	contin	numeric	
SAMPLEP	SAMPLEP	IPUMS sample identifier [person version]	contin	numeric	
SERIALP	SERIAL	Household serial number [person version]	contin	numeric	
CNTRYP	COUNTRYP	Country [person version]	contin	numeric	
RECTYPEP	RECTYPEP	Record type [person version]	contin	character	

Record type(RECTYPE)

File: ECU1982-H-H.dat

Overview

Type: Continuous
Format: character
Width: 1
Decimals: 0

Description

RECTYPE identifies the type of record for the case: household or person.

NOTE: RECTYPE is an alphabetic (character string) variable with a value of 'H' for household records and 'P' for person records. RECTYPE will not appear as a variable in the default rectangular extracts produced by the data extract system. It is only available in hierarchical extracts, to distinguish between the two record types.

Year(YEAR)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 4
Decimals: 0

Description

YEAR gives the year in which the census was taken.

IPUMS sample identifier(SAMPLE)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 9
Decimals: 0

Description

SAMPLE identifies the IPUMS sample from which the case is drawn. Each sample receives a unique 9-digit code. The code is structured as follows:

The first 3 digits are the ISO/UN codes used in COUNTRY

The next 4 digits are the year of the census/survey

The final 2 digits identify the sample within the year. For the last two digits, censuses or large census-like surveys have a value "0" (e.g, 01) in the second-to-last digit, household surveys have a value of "2" (e.g., 21), and employment surveys have a value of "4" (e.g., 41).

Household serial number(SERIAL)

File: ECU1982-H-H.dat

Overview

Household serial number(SERIAL)

File: ECU1982-H-H.dat

Type: Continuous

Format: numeric

Width: 10

Decimals: 0

Description

SERIAL is an identifying number unique to each household in a given sample. All person records are assigned the same serial number as the household record that they follow. (Person records also have their own unique identifiers -- see PERNUM.) The combination of SAMPLE and SERIAL provides a unique identifier for every household in the IPUMS-International database; SAMPLE, SERIAL and PERNUM uniquely identify every person in the database.

SERIAL can be used to identify dwellings in some samples. In these samples, the first 7 digits of SERIAL provide the dwelling number common to all households that were sampled from the same structure. The last three digits give the sequence of the household within the dwelling. The following is a list of samples in which dwellings can be inferred:

Chile 1970, 1992, 2002

Colombia 1993, 2005

Costa Rica 1984, 2000

Cuba 2002

Dominican Republic 1981, 2002, 2010

Ecuador 1990, 2001

Germany 1971

Hungary 1980, 1990, 2001

Jamaica 1982, 1991, 2001

Malaysia 1970, 1991, 2000

Mexico 1995, 1990, 2000, 2005

Nigeria 2006

Panama 2000

Peru 1993, 2007

Portugal 1981, 1991, 2001

Spain 1991

Uruguay 2011

Venezuela 1990, 2001

Vietnam 1989

In all other samples, the last 3 digits are always zeroes.

SERIAL was constructed for IPUMS-International, and has no relation to the serial number in the original datasets.

Number of person records in the household(PERSONS)

File: ECU1982-H-H.dat

Overview

Type: Continuous

Format: numeric

Width: 3

Decimals: 0

Description

PERSONS indicates how many person records are included in the household (i.e., the number of person records associated with the household record in the sample). These person records will all have the same serial number (SERIAL) as the household record. The information contained in the household record will normally apply to all of these persons.

Subsample number(SUBSAMP)

File: ECU1982-H-H.dat

Overview

Subsample number(SUBSAMP)

File: ECU1982-H-H.dat

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

SUBSAMP allocates each case to one of 100 subsample replicates, randomly numbered from 0 to 99. Each subsample is nationally representative and preserves any stratification of the sample from which it is drawn. Users who need a representative subset of a sample can use SUBSAMP to select their cases. For example, to randomly extract 10% of the cases from a sample, select any 10 of the 100 subsamples.

Group quarters (collective dwelling) status(GQ)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

GQ identifies households as vacant dwellings, group quarters, or private households. Group quarters -- collective dwellings -- are generally institutions and other group living arrangements such as rooming houses and boarding schools.

Institutions often retain persons under formal supervision or custody, such as correctional institutions, military barracks, asylums, or nursing homes. Educational and religious group dwellings (e.g., boarding schools, convents, monasteries, etc.) are also included in the institutional classification.

Group quarter designations are often useful for understanding the universe of households that answered questions about household characteristics. Censuses will often exclude group quarters from such questions.

Number of unrelated persons(UNREL)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

UNREL indicates the number of persons in the household who are unrelated to the head.

Continent and region of country(REGIONW)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

REGIONW identifies the continent and region of each country.

Water supply(WATSUP)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

WATSUP describes the physical means by which the housing unit receives its water. The primary distinction is whether or not the household had piped (running) water.

Sewage(SEWAGE)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

SEWAGE indicates whether the household has access to a sewage system or septic tank.

Number of rooms(ROOMS)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

ROOMS indicates the number of rooms occupied by the housing unit.

Kitchen or cooking facilities(KITCHEN)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

KITCHEN indicates whether the household had a kitchen, cooking facilities, or room dedicated to food preparation.

Toilet(TOILET)

File: ECU1982-H-H.dat

Overview

Toilet(TOILET)

File: ECU1982-H-H.dat

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

TOILET indicates whether the household had access to a toilet and, in most cases, whether it was a flush toilet or other type of installation.

Floor material(FLOOR)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 3
Decimals: 0

Description

FLOOR indicates the dwelling's predominant flooring material.

Household classification(HHTYPE)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

HHTYPE is a constructed variable that describes the composition of households. HHTYPE is constructed from information in RELATE (relationship to head), from the constructed pointer variables SPLOC, MOMLOC, and POPLOC (location of spouse, mother, and father), and from information on group quarters status, GQ.

Number of families in household(NFAMS)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

NFAMS is a constructed variable that indicates the number of families within each household. A "family" is any group of persons related by blood, adoption, or marriage. An unrelated individual within the household is considered a separate family. Thus, a household consisting of a widow and her servant contains two families; a household consisting of a large, multiple-generation extended family with no lodgers or servants would count as a single family.

NFAMS is constructed from information in RELATE (relationship to head) and from the constructed pointer variables SPLOC, MOMLOC, and POPLOC (location of spouse, mother, and father). See those variable descriptions for more detail.

Head's location in household(HEADLOC)

File: ECU1982-H-H.dat

Overview

Type: Continuous
Format: numeric
Width: 3
Decimals: 0

Description

HEADLOC gives the person number of the head of household in samples in which persons are organized into households.

Donated household(HHDONATE)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

HHDONATE identifies households that were donated during the IPUMS data editing process.

1st subnational geographic level, world [consistent boundaries over time](GEOLEV1)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 6
Decimals: 0

Description

GEOLEV1 indicates the major administrative unit in which the household was enumerated. The variable incorporates the geographies for every country, to enable cross-national geographic analysis over time. First administrative units in GEOLEV1 have been spatiotemporally harmonized to provide spatially consistent boundaries across samples in each country.

Dwelling/household number(EC1982A_0001)

File: ECU1982-H-H.dat

Overview

Type: Continuous
Format: numeric
Width: 7
Decimals: 0

Description

This variable indicates the dwelling's and household's unique ID in the sample.

Universe

All households

Literal question

Dwelling/household number

Number of persons in household(EC1982A_0003)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

This variable indicates the total number of person records in the household.

Universe

All households

Literal question

Number of persons in household

Household created by splitting apart a large dwelling(EC1982A_0043)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

This variable indicates that the household was created by splitting apart a large dwelling.

Universe

All households

Literal question

Household created by splitting apart a large dwelling

Type of dwelling(EC1982A_0016)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

This variable indicates the type of dwelling as private or collective. It also specifies the kind of private or collective dwelling such as apartment, room in a tenement, hospital, hotel, etc.

Universe

All households

Literal question

Type of dwelling(EC1982A_0016)

File: ECU1982-H-H.dat

1. Dwelling type

Private

- 01 House or villa
- 02 Apartment
- 03 Rooms in a tenement
- 04 Mediagua (small unit with sloped roof)
- 05 Rancho (poor construction possibly with cane or straw roof) or shack (covacha)
- 06 Rustic cabin (choza)
- 07 Others
- 08 Places not intended for use as a dwelling

Collective

- 11 Hotel, inn or boarding house
- 12 Military or police barracks
- 13 Hospital, clinic, etc.
- 14 Convent, religious institution
- 15 Others

If a collective dwelling, skip to questions on population.

Interviewer instructions

Question 1. Type of dwelling

Private

You should identify the type of dwelling and mark with an X the appropriate box.

You will make an X in others when dealing with dwellings such as: barges, kiosks, booths (casetas), caves, boxcars, etc.

You will mark as Premises not intended for use as a dwelling those places that are inhabited and which have not been constructed as a dwelling, like granaries, wineries, garages, etc.

[Alongside these written instructions in the rural manual are drawings representing the eight different types of private dwellings from the enumeration form.]

Collective

If it is a collective dwelling, mark an X in the corresponding box and continue directly to the questions on population. In such cases the characteristics of the building are not of interest, only the data on the people that live in these dwellings.

Dwelling occupancy status(EC1982A_0017)

File: ECU1982-H-H.dat

Overview

Type: Discrete
 Format: numeric
 Width: 1
 Decimals: 0

Description

This variable indicates if the dwelling was occupied and there were persons present during enumeration.

Universe

Private dwellings

Literal question

Dwelling occupancy status(EC1982A_0017)

File: ECU1982-H-H.dat

2. Occupancy of the dwelling

- 1 Occupied, with people present
- 2 Occupied, with people absent
- 3 Unoccupied
- 4 Under construction

Interviewer instructions

Question 2. Occupancy condition of the dwelling

Mark box 1 if the members of the household are in the dwelling.

If there are only minors, return when there is an adult home.

Mark box 2 if you see that the dwelling is occupied but the residents are not present. If you find out that the absence is momentary, return to the dwelling to take the information.

[p. 19]

Mark box 3 in the case of dwellings which, because of being for rent, under repair, recently constructed, etc. are unoccupied.

Put an X in box 4 for dwellings that are in any stage of construction and which are not inhabited. If you mark box 3 or 4, don't take any more information.

You can fill in the questions corresponding to type of dwelling and occupancy condition of the dwelling just based on observation.

Predominant roof material(EC1982A_0018)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

This variable indicates the predominant material used in the roof of dwelling.

Universe

Occupied private dwellings

Literal question

3. Predominant materials in the dwelling

A. Roof or covering

- 1 Reinforced cement roof (Losa de hormign)
- 2 Asbestos (Eternit), Ardex or similar
- 3 Zinc or similar
- 4 Tile
- 5 Straw or similar
- 6 Other materials

Interviewer instructions

Predominant roof material(EC1982A_0018)

File: ECU1982-H-H.dat

Question 3. Predominant materials in the dwelling.

Record the material used to construct the roof of the building (where the dwelling is found), the exterior walls, and the floor of the dwelling.

Predominant wall material(EC1982A_0019)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

This variable indicates the predominant material used in the walls of dwelling.

Universe

Occupied private dwellings

Literal question

3. Predominant materials in the dwelling

B. Exterior walls

- 1 Cement, brick or block
- 2 Adobe or mud wall (tapia)
- 3 Wood
- 4 Covered cane
- 5 Uncovered cane
- 6 Other materials

Interviewer instructions

Question 3. Predominant materials in the dwelling.

Record the material used to construct the roof of the building (where the dwelling is found), the exterior walls, and the floor of the dwelling.

Predominant floor material(EC1982A_0020)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

This variable indicates the predominant material used in the floors of dwelling.

Universe

Occupied private dwellings

Literal question

Predominant floor material(EC1982A_0020)

File: ECU1982-H-H.dat

3. Predominant materials in the dwelling

C. Floor

- 1 Wood
- 2 Parquet, floor tile or vinyl
- 3 Brick or cement
- 4 Cane
- 5 Earth
- 6 Other materials

Interviewer instructions

Question 3. Predominant materials in the dwelling.

Record the material used to construct the roof of the building (where the dwelling is found), the exterior walls, and the floor of the dwelling.

Ownership(EC1982A_0021)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

This variable indicates ownership status of the dwelling.

Universe

Occupied private dwellings

Literal question

4. Tenure of the dwelling

The dwelling is:

- 1 Owned
- 2 Rented
- 3 Free
- 4 For services
- 5 Other (for example, sharecropping)

Interviewer instructions

Question 4. Tenure of the dwelling.

The dwelling is?:

Ask if the dwelling is owned, rented, free, etc. and put an X in the appropriate box.

Water supply(EC1982A_0022)

File: ECU1982-H-H.dat

Overview

Water supply(EC1982A_0022)

File: ECU1982-H-H.dat

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

This variable indicates the method by which the dwelling receives water.

Universe

Occupied private dwellings

Literal question

5. Water is supplied to the dwelling via:

Public system

- 1 Inside the dwelling
- 2 Outside the dwelling but within the building
- 3 Outside of the building

Other sources:

- 4 Well or spring
- 5 River or stream
- 6 Delivery truck
- 7 Other

Interviewer instructions

Question 5. The water supply in the dwelling is

Mark an X in the box that corresponds to the type of water supply.

[p. 20]

From a public network if the water arrives at the dwelling through pipes. In this case it can be:

Inside the dwelling,
Outside of the dwelling but in the building,
Outside of the building.

From other sources when the dwelling is supplied by a well or by spring-water, by a river or irrigation ditch, by a water truck, cistern, etc. [Rural manual: in the case of others, specify, ex.: rainwater.]

Toilet facilities(EC1982A_0023)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

This variable indicates the availability of toilet facilities for use by the household.

Universe

Occupied private dwellings

Literal question

Toilet facilities(EC1982A_0023)

File: ECU1982-H-H.dat

6. What toilet facilities (W.C.) are available in the dwelling?

- 1 Toilet for exclusive use of the dwelling
- 2 Shared use toilet
- 3 Latrine
- 4 None

Interviewer instructions

Question 6. What availability to toilet facilities does the dwelling have?

It is a toilet exclusively used by the dwelling if it is used only by the people in the dwelling being investigated.

Those used by members of more than one dwelling are common-use toilets.

A latrine is a hole that serves as a receptacle for excrement, generally covered by an outhouse.

Mark the box none if the dwelling doesn't have any of the facilities previously mentioned.

Wastewater(EC1982A_0024)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

This variable indicates the dwelling's method of wastewater (sewage) removal.

Universe

Occupied private dwellings

Literal question

7. The wastewater elimination system for this dwelling is:

- 1 By public sewer system
- 2 Septic tank
- 3 None

Interviewer instructions

Question 7. The dwelling's system for wastewater elimination is?

Mark box 1 by sewer if the wastewater is eliminated by channeling.

Mark box 2 septic tank in the case of a hole in the ground, generally covered by an outhouse.

When no elimination system exists, mark box 3.

[p. 21]

Electrical service(EC1982A_0025)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Electrical service(EC1982A_0025)

File: ECU1982-H-H.dat

Description

This variable indicates whether the dwelling had access to electrical service.

Universe

Occupied private dwellings

Literal question

8. The electric service available in the dwelling is:

- 1 From public system
- 2 From private generator
- 3 None

Interviewer instructions

Question 8. The electrical service that the dwelling has is?

Mark box 1 when the dwelling has electric lighting that comes from a public service network.

Mark box 2 when the electric lighting comes from a private plant.

If the dwelling doesn't have electrical service, mark box 3, none.

Number of rooms(EC1982A_0026)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

This variable indicates the number of rooms in the dwelling.

Universe

Occupied private dwellings

Literal question

9. How many rooms in total does the dwelling have?

___ (Not including kitchen or bathroom)

Interviewer instructions

Question 9. How many total rooms does the dwelling have?

Record the number of rooms in the dwelling without counting kitchens or bathrooms.

Number of sleeping rooms(EC1982A_0027)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

This variable indicates the number of sleeping rooms in the dwelling.

Universe

Occupied private dwellings

Number of sleeping rooms(EC1982A_0027)

File: ECU1982-H-H.dat

Literal question

10. Of these rooms, how many are used exclusively for sleeping?

Interviewer instructions

Question 10. Of these, how many are used solely for sleeping?

On the corresponding line, record the number of rooms that are used as bedrooms.

Separate kitchen(EC1982A_0028)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

This variable indicates whether the household had a room used exclusively for cooking.

Universe

Occupied private dwellings

Literal question

11. Does the dwelling have a separate room for cooking?

- 1 Yes
 2 No

Interviewer instructions

Question 11. Does the dwelling have a separate kitchen?

Mark the yesbox even if the kitchen is also used as a dining room.

Fuel used for cooking(EC1982A_0029)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

This variable indicates the fuel used for cooking.

Universe

Occupied private dwellings

Literal question

12. What is the primary fuel used for cooking?

- 1 Kerosene or gasoline
 2 Wood or charcoal
 3 Gas
 4 Electricity
 5 Other
 6 None (no cooking)

Fuel used for cooking(EC1982A_0029)

File: ECU1982-H-H.dat

Interviewer instructions

Question 12. What is the main fuel used for cooking?

Mark an X in the appropriate box.

If the dwelling uses no fuel or doesn't cook, mark box 6. [This phrase exists in the rural manual, but not in the urban one.]

Economic activity in the dwelling(EC1982A_0030)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

This variable indicates the type of economic activity in the dwelling.

Universe

Occupied private dwellings

Literal question

13. Is any part of the dwelling used for handicrafts, small industry, business or other activities?

- 1 Only handicrafts
- 2 Only small industry
- 3 Only business
- 4 Business and handicrafts
- 5 Business and small industry
- 6 Other activities
- 7 Dwelling only

Interviewer instructions

Question 13. Is part of the dwelling used for handicrafts, small industry, business or other activities?

Note if part of the dwelling is used for one of the alternatives listed or if it is only a dwelling.

Strata(EC1982A_0061)

File: ECU1982-H-H.dat

Overview

Type: Continuous
Format: numeric
Width: 5
Decimals: 0

Description

This variable is the strata identifier for the sample. Strata is a constructed variable that captures implicit geographic stratification resulting from the sample design. It is created by assigning a unique identifier to groups of between 10 and 19 adjacent households. Additional documentation is available on the Variance Estimation page.

Universe

All households

Literal question

Strata

Household weight(HHWT)

File: ECU1982-H-H.dat

Overview

Type: Continuous
Format: numeric
Width: 8
Decimals: 2

Description

HHWT indicates the number of households in the population represented by the household in the sample.

For the samples that are truly weighted (see the comparability discussion), HHWT must be used to yield accurate household-level statistics.

NOTE: HHWT has 2 implied decimal places. That is, the last two digits of the eight-digit variable are decimal digits, but there is no actual decimal in the data.

2nd subnational geographic level, world [consistent boundaries over time](GEOLEV2)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 9
Decimals: 0

Description

GEOLEV2 indicates the second major administrative unit in which the household was enumerated. The variable incorporates the geographies for every country, to enable cross-national geographic analysis over time. Second administrative units in GEOLEV2 have been spatio-temporally harmonized to provide spatially consistent boundaries across samples in each country.

Ecuador, Province 1962 - 2010 [Level 1; consistent boundaries, GIS](GEO1_EC)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 6
Decimals: 0

Description

GEO1_EC identifies the household's province within Ecuador in all sample years. Provinces are the first level administrative units of the country. GEO1_EC is spatially harmonized accounting for political boundary changes across census years. Some detail is lost in harmonization; see the comparability discussion. A GIS map (in shapefile format), corresponding to GEO1_EC can be downloaded from the GIS Boundary files page in the IPUMS International web site.

The full set of geography variables for Ecuador can be found in the IPUMS International Geography variables list. For cross-national geographic analysis on the first and second major administrative level refer to GEOLEV1, and GEOLEV2. More information on IPUMS-International geography can be found here.

Ecuador, Province 1982 [Level 1, GIS](GEO1_EC1982)

File: ECU1982-H-H.dat

Ecuador, Province 1982 [Level 1, GIS](GEO1_EC1982)

File: ECU1982-H-H.dat

Overview

Type: Discrete
 Format: numeric
 Width: 3
 Decimals: 0

Description

GEO1_EC1982 identifies the household's province within Ecuador in 1982. Provinces are the first level administrative units of the country. A GIS map (in shapefile format), corresponding to GEO1_EC1982 can be downloaded from the GIS Boundary files page in the IPUMS International web site.

The full set of geography variables for Ecuador can be found in the IPUMS International Geography variables list. For cross-national geographic analysis on the first and second major administrative level of any country refer to GEOLEV1, and GEOLEV2. More information on IPUMS-International geography can be found here.

Ecuador, Canton 1962 - 2010 [Level 2; consistent boundaries, GIS](GEO2_EC)

File: ECU1982-H-H.dat

Overview

Type: Discrete
 Format: numeric
 Width: 9
 Decimals: 0

Description

GEO2_EC identifies the household's canton within Ecuador in all sample years. Cantons are the second level administrative units of the country, after provinces. GEO2_EC is spatially harmonized to account for political boundary changes across census years. Some detail is lost in harmonization; see the comparability discussion. A GIS map (in shapefile format), corresponding to GEO2_EC can be downloaded from the GIS Boundary files page in the IPUMS International web site.

The full set of geography variables for Ecuador can be found in the IPUMS International Geography variables list. For cross-national geographic analysis on the first and second major administrative level refer to GEOLEV1, and GEOLEV2. More information on IPUMS-International geography can be found here.

Ecuador, Canton 1982 [Level 2, GIS](GEO2_EC1982)

File: ECU1982-H-H.dat

Overview

Type: Discrete
 Format: numeric
 Width: 6
 Decimals: 0

Description

GEO2_EC1982 identifies the household's canton within Ecuador in 1982. Cantons are the second level administrative units of the country, after provinces. A GIS map (in shapefile format), corresponding to GEO2_EC1982 can be downloaded from the GIS Boundary files page in the IPUMS International web site.

The full set of geography variables for Ecuador can be found in the IPUMS International Geography variables list. For cross-national geographic analysis on the first and second major administrative level of any country refer to GEOLEV1, and GEOLEV2. More information on IPUMS-International geography can be found here.

Number of married couples in household(NCOUPLES)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

NCOUPLES is a constructed variable indicating the number of married/in-union couples within a household.

NCOUPLES is constructed using the IPUMS-International pointer variable SPLOC (spouse's location in the household).

Number of mothers in household(NMOTHERS)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

NMOTHERS is a constructed variable indicating the number of mothers -- of persons of any age -- within a household.

NMOTHERS is constructed using the IPUMS-International pointer variable MOMLOC (mother's location in the household).

Number of fathers in household(NFATHERS)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

NFATHERS is a constructed variable indicating the number of fathers -- of persons of any age -- within a household.

NFATHERS is constructed using the IPUMS-International pointer variable POPLOC (father's location in the household).

Country(COUNTRY)

File: ECU1982-H-H.dat

Overview

Type: Discrete
Format: numeric
Width: 3
Decimals: 0

Description

COUNTRY gives the country from which the sample was drawn. The codes assigned to each country are those used by the UN Statistics Division and the ISO (International Organization for Standardization).

Electricity(ELECTRIC)

File: ECU1982-H-H.dat

Overview

Type: Discrete
 Format: numeric
 Width: 1
 Decimals: 0

Description

ELECTRIC indicates whether the household had access to electricity.

Ownership of dwelling [general version](OWNERSHIP)

File: ECU1982-H-H.dat

Overview

Type: Discrete
 Format: numeric
 Width: 1
 Decimals: 0

Description

OWNERSHIP indicates whether a member of the household owned the housing unit. Households that acquired their unit with a mortgage or other lending arrangement were understood to "own" their unit even if they had not yet completed repayment. For those that did not own their housing unit, several options were possible: renting (from various types of owners), subletting, usufruct, and de facto occupation.

Ownership of dwelling [detailed version](OWNERSHIPD)

File: ECU1982-H-H.dat

Overview

Type: Discrete
 Format: numeric
 Width: 3
 Decimals: 0

Description

OWNERSHIP indicates whether a member of the household owned the housing unit. Households that acquired their unit with a mortgage or other lending arrangement were understood to "own" their unit even if they had not yet completed repayment. For those that did not own their housing unit, several options were possible: renting (from various types of owners), subletting, usufruct, and de facto occupation.

Strata identifier(STRATA)

File: ECU1982-H-H.dat

Overview

Type: Continuous
 Format: numeric
 Width: 12
 Decimals: 0

Description

This variable is the strata identifier for the sample. The STRATA variable provides information about the sample design that can be used to improve estimation.

Person number(PERNUM)

File: ECU1982-P-H.dat

Overview

Type: Continuous
Format: numeric
Width: 3
Decimals: 0

Description

PERNUM numbers all persons within each household consecutively (starting with "1" for the first person record of each household). When combined with SAMPLE and SERIAL, PERNUM uniquely identifies each person in the IPUMS-International database.

Mother's location in household(MOMLOC)

File: ECU1982-P-H.dat

Overview

Type: Continuous
Format: numeric
Width: 3
Decimals: 0

Description

MOMLOC is a constructed variable that indicates whether or not the person's mother lived in the same household and, if so, gives the person number of the mother (see PERNUM). MOMLOC makes it easy for researchers to link the characteristics of children and their (probable) mothers.

The method by which probable child-mother links are identified is described in PARRULE.

The general design of MOMLOC and other constructed variables follows the methods developed for IPUMS-USA "Family Interrelationships," but the details vary significantly.

Note: MOMLOC identifies social relationships (such as stepmother and adopted mother) as well as biological relationships. The variable STEPMOM is designed to identify some of these social relationships.

Father's location in household(POPLOC)

File: ECU1982-P-H.dat

Overview

Type: Continuous
Format: numeric
Width: 3
Decimals: 0

Description

POPLOC is a constructed variable that indicates whether or not the person's father lived in the same household and, if so, gives the person number of the father (see PERNUM). POPLOC makes it easy for researchers to link the characteristics of children and their (probable) fathers.

The method by which probable child-father links are identified is described in PARRULE.

The general design of POPLOC and other constructed variables follows the methods developed for IPUMS-USA "Family Interrelationships," but the details vary significantly.

Note: POPLOC identifies social relationships (such as stepfather and adopted father) as well as biological relationships. The variable STEPPOP is designed to identify some of these social relationships.

Spouse's location in household(SPLOC)

File: ECU1982-P-H.dat

Overview

Type: Continuous
Format: numeric
Width: 3
Decimals: 0

Description

SPLOC is a constructed variable that indicates whether or not the person's spouse lived in the same household and, if so, gives the person number (PERNUM) of the spouse. SPLOC makes it easy for researchers to link the characteristics of (probable) spouses.

The method by which probable spouse-spouse links are identified is described in SPRULE.

The general design of SPLOC and other constructed variables is modeled on the methods developed for IPUMS-USA "Family Interrelationships", but the details vary significantly.

Rule for linking parent(PARRULE)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

PARRULE describes the criteria by which the IPUMS-International variables MOMLOC and POPLOC linked the person to a probable mother and/or father.

IPUMS-International establishes child-parent links according to five basic rules, and PARRULE gives the number of the rule that applied to the link in question. A link to any parent automatically generates a second link to that parent's spouse or partner, so only one rule is needed to describe both MOMLOC and POPLOC.

The design of the interrelationship variables is described in this paper on IPUMSI family linking methodology.

Rule for linking spouse(SPRULE)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

SPRULE explains the criteria by which the IPUMS-International variable SPLOC linked the person to his/her probable spouse.

IPUMS-International establishes spouse-spouse links according to five basic rules, and SPRULE gives the number of the rule that applied to the link in question. A sixth rule identifies sample-specific linking procedures only imposed in selected instances.

The design of the interrelationship variables is described in this paper on IPUMSI family linking methodology.

Probable stepmother(STEPMOM)

File: ECU1982-P-H.dat

Probable stepmother(STEPMOM)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

STEPMOM indicates whether a person's mother, as identified by MOMLOC, was most probably not the person's biological mother. Non-zero values of STEPMOM explain why it is probable that the person's mother was a step- or adopted mother. A value of 0 indicates no likely stepmother because (1) the mother identified in MOMLOC was probably the biological mother or (2) there is no mother of this person present in the household.

The codes for STEPMOM are as follows:

- 0 = Biological mother or no mother of this person present in household.
- 1 = Mother has no children borne or surviving.
- 2 = Child reports mother is deceased.
- 3 = Explicitly identified relationship (stepchild, adopted child, child of unmarried partner, stepchild/child-in-law).
- 4 = Mother reports no children in the home.
- 5 = Age difference between mother and child was less than 12 or greater than 54 years.
- 6 = Child exceeds known fertility of mother.

See PARRULE for a description of the linking process.

Users should note that there are many stepmothers and adopted mothers in the population that cannot be identified with information available in the censuses. Therefore, STEPMOM will always under-represent their actual number in the population.

Probable stepfather(STEPPOP)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

STEPPOP indicates whether a person's father, as identified by POPLOC, was most probably not the person's biological father. Non-zero values of STEPPOP explain why it is probable that the person's father was a step- or adopted father. A value of 0 indicates no likely stepfather because (1) the father identified in POPLOC was probably the biological father or (2) there is no father of this person present in the household.

The codes for STEPPOP are as follows:

- 0 = Biological father or no father of this person present in household.
- 1 = Child reports father is deceased.
- 2 = Explicitly identified relationship (stepchild, adopted child, child of unmarried partner; stepchild/child-in-law).
- 3 = Age difference between father and child was less than 12 or greater than 54 years.

See PARRULE for a description of the linking process.

Users should note that there are many stepfathers and adopted fathers in the population that cannot be identified with information available in the censuses. Therefore, STEPPOP will always under-represent their actual number in the population.

Man with more than one wife linked(POLYMAL)

File: ECU1982-P-H.dat

Man with more than one wife linked(POLYMAL)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

POLYMAL indicates if a man had more than one wife linked to him in the constructed IPUMS variable SPLOC -- Spouse's Location in Household.

The point of POLYMAL is to facilitate using SPLOC in samples that identify polygamy. Some statistical matching procedures expect to find only one matching record for each subject record.

Woman is second or higher order wife(POLY2ND)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

POLY2ND indicates if a woman was the second or higher order wife linked to a husband in the constructed IPUMS variable SPLOC -- Spouse's Location in Household. The variable does not suggest the actual marital order of wives, only their relative positions in the person order of the household as it was enumerated.

The point of POLY2ND is to facilitate using SPLOC in samples that identify polygamy. Some statistical matching procedures expect to find only one matching record for each subject record.

Family unit membership(FAMUNIT)

File: ECU1982-P-H.dat

Overview

Type: Continuous
Format: numeric
Width: 2
Decimals: 0

Description

FAMUNIT is a constructed variable indicating to which family within the household a person belongs.

All persons related to the household head receive a 1 (see RELATE). Each secondary family or secondary individual receives a higher code. For purposes of FAMUNIT, secondary families are individuals or groups of persons linked together by the IPUMS constructed pointer variables SPLOC, MOMLOC, and POPLOC (location of spouse, mother, and father).

Number of own family members in household(FAMSIZE)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Number of own family members in household(FAMSIZE)

File: ECU1982-P-H.dat

Description

FAMSIZE counts the number of the person's own family members living in the household with her/him, including the person her/himself. These include all persons related to the person by blood, adoption, or marriage as indicated by the census forms or inferred from them.

FAMSIZE is calculated from the units identified in the IPUMS constructed variable FAMUNIT (family unit membership). The primary family is defined as all persons related to the head in the RELATE variable. Secondary families are individuals or groups of persons linked together by the IPUMS constructed pointer variables SPLOC, MOMLOC, and POPLOC (location of spouse, mother, and father).

Number of own children in household(NCHILD)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

NCHILD provides a count of the person's own children living in the household with her or him. These include all children linked to the person via the constructed IPUMS pointer variables MOMLOC or POPLOC -- mother's and father's location in the household.

Number of own children under age 5 in household(NCHLT5)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

NCHLT5 provides a count of the person's own children under age five living in the household with her or him. These include all children linked to the person via the constructed IPUMS pointer variables MOMLOC or POPLOC -- mother's and father's location in the household.

Age of eldest own child in household(ELDCH)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

ELDCH gives the age of the person's oldest own child living in the household with her or him. These include all children linked to the person via the constructed IPUMS pointer variables MOMLOC or POPLOC -- mother's and father's location in the household.

ELDCH is top-coded at age 50 or older.

Age of youngest own child in household(YNGCH)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

YNGCH gives the age of the person's youngest own child living in the household with her or him. These include all children linked to the person via the constructed IPUMS pointer variables MOMLOC or POPLOC -- mother's and father's location in the household.

YNGCH is top-coded at age 50 or older.

Relationship to household head [general version](RELATE)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

RELATE describes the relationship of the individual to the head of household (sometimes called the householder or reference person).

Relationship to household head [detailed version](RELATED)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 4
Decimals: 0

Description

RELATE describes the relationship of the individual to the head of household (sometimes called the householder or reference person).

Age(AGE)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 3
Decimals: 0

Description

AGE gives age in years as of the person's last birthday prior to or on the day of enumeration.

Age, grouped into intervals(AGE2)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

AGE2 gives computed years of age grouped into intervals.

Sex(SEX)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

SEX reports the sex (gender) of the respondent.

Marital status [general version](MARST)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

[program universe for et,mz samples.

MARST describes the person's current marital status according to law or custom. Individuals who remarried should report the status relevant to their most recent marriage. Census instructions rarely explicitly limit marital status to strictly legal unions.

Note regarding universe: The lowest age at which a person can be anything but "never married" varies among samples.

Marital status [detailed version](MARSTD)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 3
Decimals: 0

Description

Marital status [detailed version](MARSTD)

File: ECU1982-P-H.dat

[program universe for et,mz samples.

MARSTD describes the person's current marital status according to law or custom. Individuals who remarried should report the status relevant to their most recent marriage. Census instructions rarely explicitly limit marital status to strictly legal unions.

Note regarding universe: The lowest age at which a person can be anything but "never married" varies among samples.

Consensual union(CONSENS)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

CONSENS indicates whether the respondent was in a consensual union -- a de facto marriage.

Children ever born(CHBORN)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

CHBORN reports the number of children ever born to each woman of whom the question was asked. In most samples, women were to report all live births by all fathers, whether or not the child was still living.

Children surviving(CHSURV)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

CHSURV reports the number of children born to a woman who were still living at the time of the census.

Province of birth, Ecuador(BPLEC)

File: ECU1982-P-H.dat

Overview

Province of birth, Ecuador(BPLEC)

File: ECU1982-P-H.dat

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

BPLEC indicates the province in Ecuador in which the person was born.

School attendance(SCHOOL)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

SCHOOL indicates whether or not the person attended school at the time of the census or within some specified period of time prior to the census.

Literacy(LIT)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

LIT indicates whether or not the respondent could read and write in any language. A person is typically considered literate if he or she can both read and write. All other persons are illiterate, including those who can either read or write but cannot do both.

Educational attainment, Ecuador(EDUCEC)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 4
Decimals: 0

Description

EDUCEC indicates the person's educational attainment in terms of the level of schooling completed and the number of years completed at that level.

Activity status (employment status) [general version](EMPSTAT)

File: ECU1982-P-H.dat

Overview

Activity status (employment status) [general version](EMPSTAT)

File: ECU1982-P-H.dat

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

EMPSTAT indicates whether or not the respondent was part of the labor force -- working or seeking work -- over a specified period of time. Depending on the sample, EMPSTAT can also convey further information.

The first digit of EMPSTAT is fully comparable, and classifies the population into three groups: employed, unemployed, and inactive. The combination of employed and unemployed yields the total labor force. The second and third digits of EMPSTAT preserve additional information available for some countries and census years but not for others.

Employment status is sometimes referred to in other sources as "activity status".

Activity status (employment status) [detailed version](EMPSTATD)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 3
Decimals: 0

Description

EMPSTAT indicates whether or not the respondent was part of the labor force -- working or seeking work -- over a specified period of time. Depending on the sample, EMPSTAT can also convey further information.

The first digit of EMPSTAT is fully comparable, and classifies the population into three groups: employed, unemployed, and inactive. The combination of employed and unemployed yields the total labor force. The second and third digits of EMPSTAT preserve additional information available for some countries and census years but not for others.

Employment status is sometimes referred to in other sources as "activity status".

Occupation, ISCO general(OCCISCO)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

OCCISCO records the person's primary occupation, coded according to the major categories in the International Standard Classification of Occupations (ISCO) scheme for 1988. For someone with more than one job, the primary occupation is typically the one in which the person had spent the most time or earned the most money.

Occupation, unrecoded(OCC)

File: ECU1982-P-H.dat

Overview

Occupation, unrecoded(OCC)

File: ECU1982-P-H.dat

Type: Continuous

Format: numeric

Width: 4

Decimals: 0

Description

OCC records the person's primary occupation, classified according to the system used by the respective national census office at the time. For someone with more than one job, the primary occupation is usually the one in which the person spent the most time or earned the most money, although this may not have been explicit in the instructions for a specific census.

To ensure confidentiality, very small occupations are recoded to a residual category indicating the persons had an occupation, but the job title is not identified. The number of cases recoded should be too small to affect analyses.

Industry, general recode(INDGEN)

File: ECU1982-P-H.dat

Overview

Type: Discrete

Format: numeric

Width: 3

Decimals: 0

Description

INDGEN recodes the industrial classifications of the various samples into twelve groups that can be fairly consistently identified across all available samples. The groupings roughly conform to the International Standard Industrial Classification (ISIC). The third digit of INDGEN retains important detail among the service industries that could not be consistently distinguished in all samples.

"Industry" refers to the activity or product of the establishment or sector in which a person worked.

Industry, unrecoded(IND)

File: ECU1982-P-H.dat

Overview

Type: Continuous

Format: numeric

Width: 5

Decimals: 0

Description

"Industry" refers to the activity or product of the establishment or sector in which the person worked. IND is classified according to the system used by the respective national census office at the time, and is not recoded by IPUMS-International.

Status in employment (class of worker) [general version](CLASSWK)

File: ECU1982-P-H.dat

Overview

Type: Discrete

Format: numeric

Width: 1

Decimals: 0

Status in employment (class of worker) [general version](CLASSWK)

File: ECU1982-P-H.dat

Description

CLASSWK refers to the status of an economically active person with respect to his or her employment -- that is, the type of explicit or implicit contract of employment with other persons or organizations that the person has in his/her job. In general, the variable indicates whether a person was self-employed, or worked for someone else, either for pay or as an unpaid family worker. CLASSWK is related to EMPSTAT, which is used to define the universe in many samples.

Class of worker is often referred to as "status in employment" in other sources.

Status in employment (class of worker) [detailed version](CLASSWKD)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 3
Decimals: 0

Description

CLASSWK refers to the status of an economically active person with respect to his or her employment -- that is, the type of explicit or implicit contract of employment with other persons or organizations that the person has in his/her job. In general, the variable indicates whether a person was self-employed, or worked for someone else, either for pay or as an unpaid family worker. CLASSWK is related to EMPSTAT, which is used to define the universe in many samples.

Class of worker is often referred to as "status in employment" in other sources.

Occupation, ISCO-1968, 3-digit(ISCO68A)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 3
Decimals: 0

Description

ISCO68A provides the 3-digit occupation code for the respondent using the ISCO-1968 occupation classification.

Person number (within household)(EC1982A_0002)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

This variable indicates the person's record number within the household (household records get zero.)

Universe

All persons

Literal question

Person number (within household)(EC1982A_0002)

Person number (within household)

Relationship to household head(EC1982A_0401)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

This variable indicates the relationship of the person to the household head.

Universe

All persons

Literal question

2. What is your relationship to the head of the household? Mark the appropriate box.

Person 1:

0 Head

Persons 2 and 3:

- 1 Spouse, partner
- 2 Son/daughter
- 3 Son- or daughter-in-law
- 4 Grandchild
- 5 Parents or parents-in-law
- 6 Other relatives
- 7 Other non-relatives
- 8 Domestic employee [explicitly female]

Interviewer instructions

Question 2. What family or other relationship do you have to the head of household?

Beginning with this question, you should record the information vertically, with one column for each member of the household.

The first column is for the head of household.

In the following columns, mark an X in the box corresponding to the family or other relationship that each of the people has to the head of household.

If it is a partner, put the X in box 1; if it is a son or daughter, put the X in box 2, etc.

In the case of collective dwellings, eliminate the first column corresponding to the head of household, using a vertical line.

Sex(EC1982A_0402)

Decimals: 0

Description

This variable indicates whether the person is currently attending school or not.

Universe

Persons age 6+

Literal question

For all individuals 6 years of age and older

10. Do you attend any institution of regular schooling, whether a literacy center, primary, secondary, or post-secondary (superior)?

- 1 Yes, attending
- 2 Not attending
- 9 Unknown

Interviewer instructions

Questions 9, 10 and 11 on Educational characteristics should be asked of all people 6 and older.

Question 10. Do you attend any regular instructional establishment, literacy center, primary, secondary, or post-secondary [school]?

Mark the box that corresponds to the answer that the informant gives. Don't take into account short courses and correspondence courses.

Enrolled in Social Security(EC1982A_0419)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

This variable indicates whether the person is affiliated with social security, which is public health system in Ecuador.

Universe

Persons age 12+

Literal question

For all individuals 12 years of age and older

12. Are or were you a participant in the social security?

1 Yes

Currently contributing?

3 Yes

4 No

2 No

Interviewer instructions

Questions 12, 13, 14, 15 and 16 on Economic characteristics should be asked of all people 12 and older.

Question 12. Are you or were you a member of Social Security?

[This paragraph is in the rural manual] Any person who at one time made and/or is making contributions to Social Security is considered a member. A member can be an employee or manual laborer in a public or a private company, or a worker who voluntarily contributes and heads of family covered by municipalities that are part of rural Social Security. If the member pays on their own or knows that his contributions are being deducted, the person is considered to be currently contributing.

If the person is or was a member, put an X in box 1.

If the person has never been a member, mark box 2.

If the person responds that they are or were a member, ask: Do you currently contribute? and when the answer is affirmative, mark box 3; when the response is negative, mark box 4.

Overview

Type: Discrete

Format: numeric

Width: 2

Decimals: 0

Description

This variable indicates the economic activity of a person during last week.

Universe

Persons age 12+

Literal question

Employment status(EC1982A_0421)

File: ECU1982-P-H.dat

For all individuals 12 years of age and older

13. What did you do the greater part of the days between the 7th and the 13th of November?

Ask the questions in the order indicated: Worked? Did not work but had a job? Etc. and upon receiving a reply, mark the respective box and go on the next appropriate question.

- 1 Worked?
- 2 Did not work but had a job?
- 3 Unemployed? (Looked for work having worked before)

For responses 1-3, continue with question 14

- 4 Looked for work for the first time?
- 5 Studied exclusively?
- 6 Did household tasks exclusively?
- 7 Exclusively retired or pensioner?
- 8 Others
- 9 Unknown

For responses 4 - 9, women skip to 17, men skip to 21

Interviewer instructions

Questions 12, 13, 14, 15 and 16 on Economic characteristics should be asked of all people 12 and older.

Question 13. What did you do the majority of the days between the 7th and the 13th of November?

When asking the question, read the options in the order indicated. Did you work?, Did you not work but had a job?, and thus successively until you get an answer; then, mark the appropriate box and follow the directions that appear next to it and which indicate to you the question with which to continue.

[The following instructions are in the rural manual, on pages 36 and 37.] In this question, it's important to take special care with the following aspects:

As much as possible, ask those 12 and older directly. Pay a lot of attention when enumerating women. In rural areas, at the same time that they carry out domestic tasks in the household, women generally do work with agriculture/livestock, handicrafts or business that they frequently don't report because they consider it to be part of their domestic activity. In these circumstances, it is necessary to determine what the person did the majority of the week prior to the Census, in order to establish the questions that should be asked next. When people 12 years and older, especially women, report that they performed household duties, find out if they were done in their household or if it was a compensated activity in another place, in which case you should mark box 0, which corresponds to the option: Did you work?.

Occupation, 1 digit(EC1982A_0422)

Persons age 12+ who worked, or did not work but were employed, or looked for work and had worked before

Literal question

For all individuals 12 years of age and older

Questions 14 - 16 are only for those who answered 1, 2, or 3 in question 13.

14. What is the occupation that provided the greatest income in the days from November 7th to 13th, or what was your last occupation if unemployed?

Write with some detail the work performed.

___ [In addition to the space for the response, a blank, 3-character box also appears in the corner of this item.]

Interviewer instructions

Questions 12, 13, 14, 15 and 16 on Economic characteristics should be asked of all people 12 and older.

Question 14. What is the occupation that provided you with the greatest income during the days between the 7th and 13th of November or what was your last occupation if you were unemployed?

This question, as well as numbers 15 and 16, should only be asked of those people who responded with 0, 1, or 2 to question 13.

If the answer that the informant gives is ambiguous or not very clear, ask them to describe in some detail the work that they do and record what they report.

[The information below appears in a table in the original document.]

Incorrect recording: Teacher

Correct recording: Primary school teacher, high school teacher, music teacher

Incorrect recording: Craftsman

Correct recording: Radio technician, carpenter, potter

Incorrect recording: Seller

Correct recording: Pharmaceutical salesman, department store salesclerk, ticket and fare agent, life insurance salesman

Incorrect recording: Laborer, day-laborer or unskilled laborer

Correct recording: Unskilled farm worker, stevedore or dock worker, caretaker of vehicles

Incorrect recording: Mechanic

Correct recording: Auto mechanic, precision mechanic, dental technician

[The following is in the rural manual] Don't record manual laborer, unskilled laborer, mechanic, seller. Insist that the information be more precise, for example: construction worker, unskilled farm worker, milker, etc.

Interviewer instructions

Class of worker(EC1982A_0428)

File: ECU1982-P-H.dat

Questions 12, 13, 14, 15 and 16 on Economic characteristics should be asked of all people 12 and older.

Question 16. What was your category or position in the occupation you indicated?

After asking the question, clearly read each of the options in the order that they appear and, upon receiving a response, mark the corresponding box.

[p. 34]

Mark box 1 when it is an owner or active partner.

Owner. Is a person who runs their own company or business, or who practices a profession or trade and who has one or more paid employees. Ex: the owner of a factory.

Active partner. Is a person who invests by their work, or through capital and work, in a given company.

Mark box 2, own-account, if the person runs their own company or business, or practices a profession or trade on their own, but does not have paid employees. Ex: street vendor [In the rural manual: ex: a farmer who works land on their own property, a spinner, etc.]

Mark box 3, public employee or wage-earner, when the person being enumerated is an official, employee, or manual laborer for the National Government, Sectional Government, or Autonomous Sector, who receives remuneration, a salary, a wage or piecework pay(pago a destajo), under appointment, contract, or a daily wage.

[This paragraph as follows in the rural manual:] Mark box 3, public employee or wage-earner, when the person being enumerated is an official, employee, or manual laborer who receives remuneration, a salary, a wage or piecework pay (pago a destajo), under appointment, contract, or a daily wage from the National Government, e.g., a sheriff (Teniente Poltico), Post Office employee, etc.; Sectional Government such as Municipalities, Provincial Councils, etc; or Autonomous Sector, institutions like the National Development Bank (Banco de Fomento), etc.

Private sector employee or wage earner. Mark box 4 for an official, employee, or manual laborer who works in a private company and receives remuneration, a salary, a wage, commission, tips, piecework pay (pago a destajo) or payment in kind.

Unpaid family worker. Mark box 5 if the person being enumerated performs an unpaid occupation in the company or business of a family member during the majority of the week.

Females age 15+

Literal question

Children ever born(EC1982A_0429)

File: ECU1982-P-H.dat

Only for women 15 years of age and older

17. How many children born alive have you had?

00 None Skip to question 21

____ Number

99 Unknown

Interviewer instructions

Questions 17, 18, 19 and 20, which refer to fertility and death characteristics, should be asked only of women 15 years of age and older.

Question 17. How many children born alive have you had in all?

It is imperative to emphasize the question in the sense that it refers to all children born alive, and does not distinguish between those that may have died and those that are currently alive.

Take into account the fact that informants tend to omit those children who died shortly after birth.

If the answer to this question is none, continue directly to question no. 21.

E. Marital or conjugal status

This question is for men and women 12 years of age and older.

Question 21. Are you in a consensual union, single, married, divorced, widowed or separated?

Read the question as it is written. Mark the box corresponding to the answer given.

Person weight(PERWT)

File: ECU1982-P-H.dat

Overview

Type: Continuous
Format: numeric
Width: 8
Decimals: 2

Description

PERWT indicates the number of persons in the actual population represented by the person in the sample.

For the samples that are truly weighted (see the comparability discussion), PERWT must be used to yield accurate statistics for the population.

NOTE: PERWT has 2 implied decimal places. That is, the last two digits of the eight-digit variable are decimal digits, but there is no actual decimal in the data.

Years residing in current locality(MIGYRS1)

File: ECU1982-P-H.dat

Years residing in current locality(MIGYRS1)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

MIGYRS1 indicates how many years the person has resided in their current locality of residence.

Years of schooling(YRSCHOOL)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0

Description

YRSCHOOL indicates the highest grade/level of schooling the person had completed, in years. Only formal schooling is counted. YRSCHOOL accounts for the number of years of study, regardless of the track or kind of study. Information on degree and/or technical track is available in EDATTAIN. Years of schooling for Israel, categorized into intervals, are given in YRSCHOOL2.

Users should pay close attention to the top-codes in each sample, as discussed in the comparability section.

Educational attainment, international recode [general version](EDATTAIN)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

EDATTAIN records the person's educational attainment in terms of the level of schooling completed (degree or other milestone). The emphasis on level completed is critical: a person attending the final year of secondary education receives the code for having completed lower secondary only -- and in some samples only primary.

EDATTAIN does not necessarily reflect any particular country's definition of the various levels of schooling in terms of terminology or the number of years of schooling. EDATTAIN is an attempt to merge -- into a single, roughly comparable variable -- samples that provide degrees, ones that provide actual years of schooling, and those that have some of both. In addition to EDATTAIN, a country-specific education classification is provided which loses no information and reflects the particular educational system of that country (for example EDUCBR for Brazil, EDUCCL for Chile, and EDUCUS for the United States). As always, users can refer to the original education source variables for each sample, if they wish.

Many samples also give single years of schooling completed, recorded in YRSCHOOL. Some samples provide educational information in a form that could not be incorporated into EDATTAIN.

Educational attainment, international recode [detailed version](EDATTAIN)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 3
Decimals: 0

Description

EDATTAIN records the person's educational attainment in terms of the level of schooling completed (degree or other milestone). The emphasis on level completed is critical: a person attending the final year of secondary education receives the code for having completed lower secondary only -- and in some samples only primary.

EDATTAIN does not necessarily reflect any particular country's definition of the various levels of schooling in terms of terminology or the number of years of schooling. EDATTAIN is an attempt to merge -- into a single, roughly comparable variable -- samples that provide degrees, ones that provide actual years of schooling, and those that have some of both. In addition to EDATTAIN, a country-specific education classification is provided which loses no information and reflects the particular educational system of that country (for example EDUCBR for Brazil, EDUCCL for Chile, and EDUCUS for the United States). As always, users can refer to the original education source variables for each sample, if they wish.

Many samples also give single years of schooling completed, recorded in YRSCHOOL. Some samples provide educational information in a form that could not be incorporated into EDATTAIN.

Country of birth(BPLCOUNTRY)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 5
Decimals: 0

Description

BPLCOUNTRY indicates the person's country of birth.

Nativity status(NATIVITY)

File: ECU1982-P-H.dat

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Description

NATIVITY indicates whether the person was native- or foreign-born.

Year [person version](YEARP)

File: ECU1982-P-H.dat

Overview

Type: Continuous
Format: numeric
Width: 4
Decimals: 0

Year [person version](YEARP)

File: ECU1982-P-H.dat

Description

[This file is just a placeholder. See the household version of the variable.]

IPUMS sample identifier [person version](SAMPLEP)

File: ECU1982-P-H.dat

Overview

Type: Continuous

Format: numeric

Width: 9

Decimals: 0

Description

[This file is just a placeholder. See the household version of the variable.]

Household serial number [person version](SERIAL)

File: ECU1982-P-H.dat

Overview

Type: Continuous

Format: numeric

Width: 10

Decimals: 0

Description

[This file is just a placeholder. See the household version of the variable.]

Country [person version](COUNTRYP)

File: ECU1982-P-H.dat

Overview

Type: Continuous

Format: numeric

Width: 3

Decimals: 0

Description

[This file is just a placeholder. See the household version of the variable.]

Record type [person version](RECTYPEP)

File: ECU1982-P-H.dat

Overview

Type: Continuous

Format: character

Width: 1

Decimals: 0

Description

[This file is just a placeholder. See the household version of the variable.]
