We are conducting a survey to evaluate the TASAF CB-CCT project which is being implemented in 3 districts in Tanzania. We would very much appreciate your participation in this survey. The information you provide will help the government to plan. The survey usually takes around one and a half hours to complete. Whatever information you provide will be kept strictly confidential and will not be shown to other persons. Participation in this survey is voluntary and you can choose not to answer any individual question or all of the questions. However, we hope that you will participate in this survey since your views are important. Please feel free to continue with your normal activities during our interview. At this time, do you want to ask me anything about the survey? Even if you have any questions later on, you can always contact us through village leaders</i>
