pcsw_note	Hello. I am speaking from the Center for Economic Research in Pakistan, a not-for-profit research organization. We are running an employment assistance service called Job Talash, in collaboration with the Social Welfare Department. This is an employment assistance service that helps employers find qualified applicants for vacancies and applicants find better jobs. If you have any vacancies at your organization, now or later, we will list them down and help you find a pool of candidates for them. In addition, we also provide an applicant screening service. This will help you substantially reduce the time and cost you spend on recruitment. This service is being offered for free to all companies which make a company profile with us. If you have vacancies that you want to list, we'll sign you up right now and you can start availing our services immediately.

The information obtained by signing you up for Job Talash will be used by the platform to improve their services, and for research on employment practices in Lahore. Information collected from your organization will be strictly confidential and only our team will have access to it . Some specific information about available vacancies can be shared with potential candidates when Job Talash lists ads for these vacancies. Please note there is a reference checking service we are considering where you will receive a verification report along with each CV. As part of this service, we call the previous employers or supervisors listed as references by candidates to validate the employment details provided in the CV.
