SERIES INFORMATION

The World Bank Group Country Opinion Survey Program (COS) is an ongoing effort to systematically gauge and track the perceptions and views of the World Bank Group's clients and partners worldwide over time. The survey data provide the institution with a more in-depth understanding of stakeholders' views on issues related to the World Bank's on-the-ground work (how it operates, its relationships, and its knowledge) and other development-related issues. The Department of External and Corporate Relations Business Intelligence Team oversees the program. This collection hosts open, accessible survey data from 29 countries collected in FY 2012 (July 2011-June 2012), 41 countries in FY 2013 (July 2012-June 2013), 42 countries in FY 2014 (July 2013-June 2014), 35 countries in FY 2015 (July 2014-June 2015), 45 countries in FY 2016 (July 2015-June 2016), 35 countries in FY 2017 (July 2016-June 2017), and 39 countries in FY 2018 (July 2017-June 2018), 42 countries in FY 2019 (July 2018-June 2019), 21 countries in FY 2020 (July 2019-June 2020), 36 countries in FY 2021 (July 2020-June 2021), 23 countries in FY 2022 (July 2021-June 2022), 31 countries in FY 2023 (July 2022-June 2023), 43 countries in FY 2024 (July 2023-June 2024), 41 countries in FY 2025 (July 2024-June 2025), and 34 countries in FY 2026 (July 2026-December 2026).

ABSTRACT

The Country Opinion Survey in Türkiye assists the World Bank Group (WBG) in better understanding how stakeholders in Türkiye perceive the WBG. It provides the WBG with systematic feedback from national and local governments, multilateral/bilateral agencies, media, academia, the private sector, and civil society in Türkiye on 1) their views regarding the general environment in Türkiye; 2) their overall attitudes toward the WBG in Türkiye; 3) overall impressions of the WBG's effectiveness and results, knowledge work and activities, and communication and information sharing in Türkiye; and 4) their perceptions of the WBG's future role in Türkiye.

Sampling

SAMPLING PROCEDURE

From January to March 2026, a total of 1,064 stakeholders in Türkiye were invited to provide their opinions on the WBG's work by participating in a Country Opinion Survey (COS). A list of potential participants was compiled by the WBG country team and the fielding agency. Participants were drawn from government institutions, bilateral or multilateral agencies, civil society, the private sector, think tanks, academia, and the media. Of these stakeholders, 243 participated in the survey.

RESPONSE RATE

23% response rate

This year's survey results were compared to the FY23 Country Opinion Survey, which had a response rate of 15% (N= 167). Comparing responses across Country Surveys reflects changes in attitudes over time, as well as changes in respondent samples, methodology, and the survey instrument itself. To reduce the influence of the latter factor, only those questions with similar response scales/options were analyzed. Comparing the stakeholder composition across both surveys, there were more respondents from civil society and academia in FY26 compared to FY23, but fewer respondents from government institutions and bilateral/multilateral agencies. These differences in stakeholder composition across the two survey years should be considered when interpreting year-to-year comparisons.
