SERIES INFORMATION

The World Bank Group Country Opinion Survey Program (COS) is an ongoing effort to systematically gauge and track the perceptions and views of the World Bank Group's clients and partners worldwide over time. The survey data provide the institution with a more in-depth understanding of stakeholders' views on issues related to the World Bank's on-the-ground work (how it operates, its relationships, and its knowledge) and other development-related issues. The Department of External and Corporate Relations Business Intelligence Team oversees the program. This collection hosts open, accessible survey data from 29 countries collected in FY 2012 (July 2011-June 2012), 41 countries in FY 2013 (July 2012-June 2013), 42 countries in FY 2014 (July 2013-June 2014), 35 countries in FY 2015 (July 2014-June 2015), 45 countries in FY 2016 (July 2015-June 2016), 35 countries in FY 2017 (July 2016-June 2017), and 39 countries in FY 2018 (July 2017-June 2018), 42 countries in FY 2019 (July 2018-June 2019), 21 countries in FY 2020 (July 2019-June 2020), 36 countries in FY 2021 (July 2020-June 2021), 23 countries in FY 2022 (July 2021-June 2022), 31 countries in FY 2023 (July 2022-June 2023), 43 countries in FY 2024 (July 2023-June 2024), 41 countries in FY 2025 (July 2024-June 2025), and 34 countries in FY 2026 (July 2025-June 2026).

ABSTRACT

The Country Opinion Survey in the Central African Republic assists the World Bank Group (WBG) in better understanding how stakeholders in the Central African Republic perceive the WBG. It provides the WBG with systematic feedback from national and local governments, bilateral and multilateral agencies, media, academia and research centers, the private sector, and civil society in the Central African Republic on: 1) their views regarding the general environment in the Central African Republic; 2) their overall attitudes toward the WBG in the Central African Republic; 3) overall impressions of the WBG's effectiveness and results, instruments, knowledge work and activities, engagement and collaboration, and communication and outreach in the Central African Republic; and 4) their perceptions of the WBG's role and priorities in the Central African Republic.

Sampling

SAMPLING PROCEDURE

From February to March 2026, a total of 445 stakeholders in the Central African Republic were invited to provide their opinions on the World Bank Group's work by participating in a Country Opinion Survey. A list of potential participants was compiled by the World Bank Group country team and the independent fielding consultant. Participants were drawn from government institutions, bilateral and multilateral agencies, civil society organizations, the private sector, academia and research centers, and the media.

Of these stakeholders, 279 participated in the survey. Respondents completed the questionnaire online or in a face-to-face interview with a representative of the fielding consultant.

RESPONSE RATE

The response rate was 63%

The FY26 Country Opinion Survey results were compared with results from the FY23 Country Opinion Survey, which had a response rate of 62% and 258 respondents. Comparisons across Country Opinion Surveys reflect changes in stakeholder attitudes over time, as well as changes in respondent samples, methodology, and the survey instrument. To reduce the influence of changes to the survey instrument, only questions with similar response scales and response options were analyzed. However, the stakeholder compositions for both survey years should be taken into consideration when interpreting these comparisons.
