## National Panel Survey 2005-2009 (UNPS 2005-09)

Overview	
Type	Living Standards Measurement Study [hh/lsm]
Identification	UGA_2005-2009_UNPS_v02_M
Series	The 2005-2009/10 Uganda National Panel Survey (UNPS) is the first multi-topic panel household survey conducted in Uganda. The UNPS is carried out annually, over a twelve-month period on a nationally representative sample of households.
<p><b>Abstract</b></p> <p>Uganda has experienced strong economic growth over the past two decades and has made great strides towards improving the quality of life and access to services. In order to continue to promote pro-poor economic growth, the Government of Uganda (GoU) developed the National Development Plan (NDP) and a Joint Budget Support strategy as part of the implementation of the National Development Strategy (NDS).</p> <p>Uganda recognizes the need for adequate data collection to effectively monitor outcomes of the National Development Strategy (NDS). For this purpose, the Uganda Bureau of Statistics (UBOS) implemented the Uganda National Panel Survey (UNPS) program, with financial and technical support from the Government of Netherlands, and the World Bank Living Standards Measurement Study - Integrated Surveys on Agriculture (LSMS-ISA) project.</p> <p>The 2005-2009/10 Uganda National Panel Survey (UNPS) is the first "panel" survey done by the LSMS group. The households included were chosen from the 2005-06 Uganda National Household Survey (UNHS). The sample One of the primary uses of the UNPS is to inform policymaking in advance of the Budget, through descriptive reports that are made ready in time for the initial work on sector budget framework papers.</p> <p><b>Survey Objectives</b></p> <p>The UNPS aimed at producing annual estimates of outcomes and output in the key policy areas and at providing a platform for the experimentation and assessment of national policies and programs.</p> <p>Explicitly, the objectives of the UNPS include:</p> <p>The UNPS aims at producing annual estimates in key policy areas and at providing a platform for experimenting with and assessing of national policies and programs. Explicitly, the objectives of the UNPS include:</p> <ol style="list-style-type: none"> <li>1. To provide information required for monitoring the National Development Strategy, of major programs such as National Agricultural Advisory Services (NAADS) and General Budget Support, and also to provide information to the compilation of the National Accounts (e.g. agricultural production).</li> <li>2. To provide high quality nationally representative information on income dynamics at the household level and provide annual information on service delivery and consumption expenditure estimates to monitor poverty and service outcomes in interim years of other national survey efforts, such as the Uganda National Household Survey (UNHS), Uganda Demographic and Health Survey (UDHS) and National Service Delivery Surveys (NSDS).</li> <li>3. To provide a framework for low-cost experimentation with different policy interventions to e.g. reduce teacher absenteeism, improve ante- and post-natal care, or assessing the effect of agricultural input subsidies.</li> <li>4. To provide a framework for policy-oriented analysis and capacity building substantiated with the UGDR and support to other research which will feed into the Annual Policy Implementation Review.</li> <li>5. To facilitate randomized impact evaluations of interventions whose effects cannot currently be readily assessed through the existing system of national household surveys.</li> </ol>	
Kind of Data	Sample survey data [ssd]
Unit of Analysis	<ul style="list-style-type: none"> <li>- Households</li> <li>- Individuals</li> <li>- Markets</li> <li>- Communities / facilities</li> </ul>

## Scope & Coverage

### Scope

The 2005-2009/10 Uganda National Panel Survey covered the following topics:

- Household identification particulars and geographic identification
- Staff details and survey time
- Household roster
- General information on household members
- Education (all persons 5 years and above)
- Health
- Child nutrition and health (for all children 0-59 months old)
- Disability
- Labor force status (for all household members 5 years and above)
- Housing conditions, water and sanitation
- Energy use
- Other household income (in the past 12 months)
- Non-agricultural household enterprises/activities
- Financial services use
- Household assets
- Household consumption expenditure
  - o Number of household members present
  - o Food, beverage, and tobacco (during the last 7 days)
  - o Non-durable goods and frequently purchased services (during the last 30 days)
  - o Semi-durable goods and durable goods and service (during the last 365 days)
  - o Non-consumption expenditure
- Shocks and coping strategies
- Welfare and food security
- Transport services and road infrastructure

### Woman

- Contraception and birth related issues
- Information on last child born in the last five years (whether living or dead)

### Agriculture

- Current land holdings
- Land that the household has access through use rights
- Agricultural and labor inputs
- Crops grown and type of seeds used
- Quantification of production
- Livestock ownership
- Livestock expenditure
- Livestock products and income
- Fishing
- Extension services

### Community/Facility

- Identification particulars
- Service availability in LC1
  - o Client satisfaction with health facilities (with reference to the health facility)
- Water and sanitation
- Education (primary education)
  - o Availability of facilities at the school
  - o Condition of toilet facilities
  - o Water facilities at the school
  - o Payment for services by parents/guardians at the school
  - o Academic performance of the pupils in PLE

- o Incidence of leaving school pre-maturely
- o School meetings
- o Staffing position of the school
- o Supervision/monitoring of the school (during the last 12 months)
- o Problems/constraints faced by the school
- o Learner attendance, teacher presence and qualifications and other classroom elements
- Health services
- o Work at night
- o Availability of equipment/services at the facility
- o Services offered by this health facility
- o Common diseases reported at health facility
- o Common stock outs reported at health facility
- o Items brought by patients visiting the health facility
- o Deliveries at this facility
- o Validation of HMIS
- o Epidemic reporting
- o General operations
- o Sanitary facilities available at the health facility
- o Access to water at the health facility
- o Factors limiting provision of health services
- o Supervision/monitoring of health facility
- o Village health teams
- o Staffing at the facility
- Works and transport
- o Infrastructure (roads/bridges/culverts) availability and condition
- o Maintenance and repair of infrastructure
- o Funding for maintenance of roads/bridges/culverts
- o Constraints faced in the maintenance and repairs of roads

#### Market

- Market identification particulars and geographic identification
- Local measurement units and availability of consumer goods
- Key commodities traded

<b><u>Time Period(s)</u></b>	2005-2010
<b><u>Countries</u></b>	Uganda
<b><u>Geographic Coverage</u></b> National	

### Producers & Sponsors

<b>Primary Investigator(s)</b>	Uganda Bureau of Statistics (UBOS), Ministry of Finance, Planning and Economic Development
<b>Other Producer(s)</b>	Government of the Netherlands (GovNLD) , Technical assistance World Bank Living Standards Measurement Study (LSMS-ISA) , Technical assistance
<b>Funding Agency/ies</b>	Government of the Netherlands (GovNLD) , Financial support

### Sampling

#### **Sampling Procedure**

##### Survey Design

The UNPS is carried out annually, over a twelve-month period on a nationally representative sample of households, for the purpose of accommodating the seasonality associated with the composition of and expenditures on consumption. The survey

is conducted in two visits in order to better capture agricultural outcomes associated with the two cropping seasons of the country. The UNPS will therefore interview each household twice each year, in visits six months apart.

Starting in 2005-09/10, the UNPS has been set out to track and re-interview 3,123 households that were distributed over 322 enumeration areas (EAs), selected out of the 783 EAs that had been visited by the Uganda National Household Survey (UNHS) in 2005-06. The UNPS EAs covered all 34 EAs visited by the UNHS 2005-06 in Kampala District, and 72 EAs (58 rural and 14 urban) in each of the (i) Central Region with the exception of Kampala District, (ii) Eastern Region, (iii) Western Region, and (iv) Northern Region.

Within each stratum, the UNPS EAs were selected from the UNHS 2005-06 EAs with equal probability, and with implicit stratification by urban/rural and district (in this order), except for the rural portions of the ten districts that were oversampled by the UNHS 2005-06. In these districts, the probabilities were deflated, to bring them back to the levels originally intended. Since IDP camps are now mostly unoccupied, the extra EAs in IDP camps are not a part of the UNPS subsample. This allocation strives for reasonably reliable estimates for the rural portion of each region, and for the set of urban areas out of Kampala as a whole, as well as the best possible estimates for Kampala that can be expected from a subsample of the UNHS 2005-06. Therefore, the UNPS strata of representativeness include (i) Kampala City, (ii) Other Urban Areas, (iii) Central Rural, (iv) Eastern Rural, (v) Western Rural, and (vi) Northern Rural.

Prior to the start of the 2005-09/10 field work, 2 UNPS households were also randomly selected in each EA for the purposes of tracking baseline individuals that moved away from original locations since the UNHS 2005-06. The initial UNPS sample was subject to three consecutive waves of data collection after which, parts of the sample was replaced by new households extracted from the updated sample frames developed by the UBOS as part of the 2012 Uganda Population and Housing Census. In addition, the UNPS will fit within the Long-Term Census and Household Survey Program and therefore both the questionnaires and the timing of data collection will be coordinated with the current surveys and census implemented by UBOS.

Note: Detailed description of sampling procedure and calculation of panel weights is presented in "Basic Information Document". The document is provided along with this metadata.

<b>Data Collection</b>	
<b>Data Collection Dates</b>	1st Visit Baseline: start 2005-05-01 1st Visit Baseline: end 2005-10-01 2nd Visit Baseline: start 2005-11-01 2nd Visit Baseline: end 2006-04-03 Follow Up: start 2009-09 Follow Up: end 2010-08
<b>Time Period(s)</b>	Agriculture first season: start 2005-01 Agriculture first season: end 2005-06
<b>Data Collection Mode</b>	Face-to-face [f2f]
<b><u>Questionnaires</u></b> The UNPS survey was collected using the following five questionnaires: <ol style="list-style-type: none"> <li>1. Household Questionnaire</li> <li>2. Woman Questionnaire</li> <li>3. Agriculture Questionnaire, (administered to the subset of UNPS households engaged in agricultural activities)</li> <li>4. Community Questionnaire</li> <li>5. Market Questionnaire.</li> </ol>

# Variables Description

Dataset contains 2548 variable(s)

## File : 2005\_AGSEC1B

### # Year: Panel survey year 2005

Information	[Type= discrete] [Format=numeric] [Range= 2005-2005] [Missing=*]
-------------	--

Statistics [NW/ W]	[Valid=2348 /-] [Invalid=0 /-]
--------------------	--------------------------------

Value	Label	Cases	Percentage
2005		2348	<div></div> 100.0%

*Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.*

### # Hhid: Unique hh identifier across panel waves

Information	[Type= discrete] [Format=character] [Missing=*]
-------------	---

Statistics [NW/ W]	[Valid=2348 /-] [Invalid=0 /-]
--------------------	--------------------------------

### # Enumcode: Enumerator's code

Information	[Type= continuous] [Format=numeric] [Range= 1-99] [Missing=*]
-------------	---

Statistics [NW/ W]	[Valid=2280 /-] [Invalid=68 /-]
--------------------	---------------------------------

### # Dayint: Day of interview

Information	[Type= continuous] [Format=numeric] [Range= 1-31] [Missing=*]
-------------	---

Statistics [NW/ W]	[Valid=2314 /-] [Invalid=34 /-]
--------------------	---------------------------------

### # Monint: Month of interview

Information	[Type= discrete] [Format=numeric] [Range= 1-12] [Missing=*]
-------------	---

Statistics [NW/ W]	[Valid=2313 /-] [Invalid=35 /-]
--------------------	---------------------------------

Value	Label	Cases	Percentage
1		493	<div></div> 21.3%
2		433	<div></div> 18.7%
3		480	<div></div> 20.8%

Statistics [NW/ W] [Valid=1018 /-] [Invalid=3 /-]

### # H13cq3b: Month applied

Information [Type= discrete] [Format=numeric] [Range= 0-12] [Missing=\*]

Statistics [NW/ W] [Valid=1013 /-] [Invalid=8 /-]

Value	Label	Cases	Percentage
0		1	0.1%
1		76	7.5%
2		89	8.8%
3		74	7.3%
4		95	9.4%
5		95	9.4%
6		104	10.3%
7		100	9.9%
8		108	10.7%
9		85	8.4%
10		72	7.1%
11		51	5.0%
12		63	6.2%
Sysmiss		8	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

### # H13cq4: What was the main reason for applying

Information [Type= discrete] [Format=numeric] [Range= 1-11] [Missing=\*]

Statistics [NW/ W] [Valid=1015 /-] [Invalid=6 /-]

Value	Label	Cases	Percentage
1	Buy land	30	3.0%
2	Buy livestock	23	2.3%
3	Buy farm tools and implements	16	1.6%
4	Buy farm inputs such as seeds, fertilizer, pesticides	48	4.7%
5	Purchase inputs/working capital for non-farm enterprises	275	27.1%
6	Pay for building materials (to buy house)	58	5.7%
7	Buy consumption goods and services	192	18.9%
8	Pay for education expenses	143	14.1%
9	Pay for health expenses	137	13.5%
10	Pay for ceremonial expenses	39	3.8%
11	Other	54	5.3%
Sysmiss		6	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

### # H13cq5: What was the source

Information [Type= discrete] [Format=numeric] [Range= 1-11] [Missing=\*]

Statistics [NW/ W] [Valid=1017 /-] [Invalid=4 /-]

Value	Label	Cases	Percentage
1	Formal banks (commercial/devt)	84	8.3%

## File : 2005\_GSEC13C

### # H13cq5: What was the source

Value	Label	Cases	Percentage
2	Micro finance institutions	150	14.7%
3	Ngo	27	2.7%
4	Cooperatives	5	0.5%
5	Landlord	0	
6	Employer	12	1.2%
7	Local group	147	14.5%
8	Relative	141	13.9%
9	Friend	351	34.5%
10	Local money lender	29	2.9%
11	Other	71	7.0%
Sysmiss		4	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

### # H13cq6: How much did name ask for

Information	[Type= continuous] [Format=numeric] [Range= 200-18000000] [Missing=*]
Statistics [NW/ W]	[Valid=1016 /-] [Invalid=5 /-]

### # H13cq7: What is the status of the loan application

Information	[Type= discrete] [Format=numeric] [Range= 1-3] [Missing=*]
Statistics [NW/ W]	[Valid=1016 /-] [Invalid=5 /-]

Value	Label	Cases	Percentage
1	Fully or partly approved	985	96.9%
2	Rejected	11	1.1%
3	Still pending	20	2.0%
Sysmiss		5	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

### # H13cq8: How much did name receive

Information	[Type= continuous] [Format=numeric] [Range= 70-20000000] [Missing=*]
Statistics [NW/ W]	[Valid=987 /-] [Invalid=34 /-]

### # H13cq9: How much was paid back to lender

Information	[Type= continuous] [Format=numeric] [Range= 0-41600000] [Missing=*]
Statistics [NW/ W]	[Valid=984 /-] [Invalid=37 /-]

### # H13cq10: How much is still outstanding

Information	[Type= continuous] [Format=numeric] [Range= 0-17600000] [Missing=*]

### # c4fq64: How long on average does the health facility take to receive drugs from the time

**Information** [Type= continuous] [Format=numeric] [Range= 0-88] [Missing=\*]

**Statistics [NW/ W]** [Valid=280 /-] [Invalid=10 /-]

### # c4fq65: Do patients have to bring any Syringes/ needles?

**Information** [Type= discrete] [Format=numeric] [Range= 1-4] [Missing=\*]

**Statistics [NW/ W]** [Valid=281 /-] [Invalid=9 /-]

Value	Label	Cases	Percentage
1	Yes, always	4	1.4%
2	Yes, when item is out of stock	135	48.0%
3	No	142	50.5%
4	Not applicable	0	
Sysmiss		9	

*Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.*

### # c4fq66: Do patients have to bring any Drip/IV fluids?

**Information** [Type= discrete] [Format=numeric] [Range= 1-4] [Missing=\*]

**Statistics [NW/ W]** [Valid=281 /-] [Invalid=9 /-]

Value	Label	Cases	Percentage
1	Yes, always	8	2.8%
2	Yes, when item is out of stock	102	36.3%
3	No	152	54.1%
4	Not applicable	19	6.8%
Sysmiss		9	

*Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.*

### # c4fq67: Do patients have to bring any Gloves?

**Information** [Type= discrete] [Format=numeric] [Range= 1-4] [Missing=\*]

**Statistics [NW/ W]** [Valid=281 /-] [Invalid=9 /-]

Value	Label	Cases	Percentage
1	Yes, always	7	2.5%
2	Yes, when item is out of stock	96	34.2%
3	No	178	63.3%
4	Not applicable	0	
Sysmiss		9

### # year: Panel survey year 2009

Information	[Type= discrete] [Format=numeric] [Range= 2009-2009] [Missing=*]
-------------	--

Statistics [NW/ W]	[Valid=2924 /-] [Invalid=0 /-]
--------------------	--------------------------------

Value	Label	Cases	Percentage
2009		2924	100.0%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

### # HHID: Unique HH Identifier Across Panel Waves

Information	[Type= discrete] [Format=character] [Missing=*]
-------------	---

Statistics [NW/ W]	[Valid=2924 /-] [Invalid=0 /-]
--------------------	--------------------------------

### # h17q01: WHAT IS THE NAME OF THE RESPONDENT TO THIS SECTION?

Information	[Type= continuous] [Format=numeric] [Range= 0-26] [Missing=*]
-------------	---

Statistics [NW/ W]	[Valid=2924 /-] [Invalid=0 /-]
--------------------	--------------------------------

### # h17q02: Does every member of the household have at least two sets of clothes?

Information	[Type= discrete] [Format=numeric] [Range= 1-2] [Missing=*]
-------------	--

Statistics [NW/ W]	[Valid=2923 /-] [Invalid=1 /-]
--------------------	--------------------------------

Value	Label	Cases	Percentage
1	Yes	2442	83.5%
2	No	481	16.5%
Sysmiss		1	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

### # h17q03: Does every child in this household (all those under 18 years old) have a blanket

Information	[Type= discrete] [Format=numeric] [Range= 1-3] [Missing=*]
-------------	--

Statistics [NW/ W]	[Valid=2913 /-] [Invalid=11 /-]
--------------------	---------------------------------

Value	Label	Cases	Percentage
1	Yes	990	34.0%
2	No	1586	54.4%
3	Not Applicable	337	11.6%
Sysmiss		11	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

### # h17q04: Does every member of the household have at least one pair of shoes?

Information	[Type= discrete] [Format=numeric] [Range= 1-2] [Missing=*]
-------------	--

Statistics [NW/ W]	[Valid=2924 /-] [Invalid=0 /-]
--------------------	--------------------------------

Value	Label	Cases	Percentage
1	Yes	1526	52.2%
2	No	1398	47.8%

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

### # h17q05: How many meals, including breakfast are taken per day in your household?

Information	[Type= continuous] [Format=numeric] [Range= 0-32] [Missing=*]
-------------	---

Statistics [NW/ W]	[Valid=2917 /-] [Invalid=7 /-]
--------------------	--------------------------------

### # h17q06: What did you do when you last ran out of salt?

Information	[Type= discrete] [Format=numeric] [Range= 1-5] [Missing=*]
-------------	--

## File : 2009\_GSEC17A

### # h17q06: What did you do when you last ran out of salt?

Statistics [NW/ W] [Valid=2917 /-] [Invalid=7 /-]

Value	Label	Cases	Percentage
1	Borrowed from neighbours	985	33.8%
2	Bought	1769	60.6%
3	Did without	65	2.2%
4	Does not cook at all	28	1.0%
5	Not applicable	70	2.4%
Sysmiss		7	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

### # h17q07: What did your children below 5 years old (0-4 years) have for breakfast yesterday

Information [Type= discrete] [Format=numeric] [Range= 1-96] [Missing=\*]

Statistics [NW/ W] [Valid=2841 /-] [Invalid=83 /-]

Value	Label	Cases	Percentage
1	Tea/drink with sugar	139	4.9%
2	Milk/milk tea with sugar	199	7.0%
3	Solid food only	262	9.2%
4	Tea/drink with solid food	296	10.4%
5	Tea/drink without sugar with solid food	85	3.0%
6	Porridge with solid food	143	5.0%
7	Porridge with sugar	114	4.0%
8	Porridge with milk	57	2.0%
9	Porridge without sugar	98	3.4%
11	Nothing	216	7.6%
12	No under 5s/ (0-4's) in the household	1122	39.5%
96	Other (Specify)	110	3.9%
Sysmiss		83	

Warning: these figures indicate the number of cases found in the data file. They cannot be interpreted as summary statistics of the population of interest.

### # h17q08: What did your children between 5 to 13 years old have for breakfast yesterday?

Information [Type= discrete] [Format=numeric] [Range= 1-96] [Missing=\*]

Statistics [NW/ W] [Valid=2865 /-] [Invalid=59 /-]

Value	Label	Cases	Percentage
1	Tea/drink with sugar	186	6.5%
2	Milk/milk tea with sugar	145	5.1%
3	Solid food only	349	12.2%
4	Tea/drink with solid food	404	14.1%
5	Tea/drink without sugar with solid food	131	4.6%
6	Porridge with solid food	143	5.0%
7	Porridge with sugar	94	3.3%
8	Porridge with milk	51	1.8%
9	Porridge without sugar	105	3.7%
11	Nothing	386	13.5%
12	No under 5s/ (5-13's) in the household	754	26.3%
96	Other (Specify)	117	4.1%

## File : 2009\_GSEC17A
