## INTRODUCTION

Hello. My name is \_\_\_\_\_. I am from Development Research Africa. We are undertaking a national survey of crime and violence for an independent research. Everyone would like to see your area and your country become a safer place in which to work and live. For this, information is required on your views. May I ask you a few questions on your experiences of crime? This interview will take about 30 to 40 minutes to complete. Your answers will, of course, be treated confidentially and anonymously. The point is to get a complete picture of the crime situation and to assist decision makers to develop practical strategies to combat crime. Please would you respond as honestly as possible to the following questions about crime in your area?
