## Sampling Procedure

---

In April and May 2012, 687 stakeholders of the World Bank in Benin were invited to provide their opinions on the Bank's assistance to the country by participating in a country survey. Participants in the survey were drawn from among the office of the President or Prime Minister; the office of a Minister; the office of a Parliamentarian; employees of a ministry, ministerial department, or implementation agency; consultants/contractors working on World Bank supported projects/programs; project management units (PMUs) overseeing implementation of a project; local government officials or staff; bilateral agencies; multilateral agencies; private sector organizations; private foundations; financial sector/private banks; NGOs; community-based organizations; the media; independent government institutions; trade unions; faith-based groups; academia, research institutes or think tanks; and the judiciary branch.

## Response Rate

---

A total of 600 stakeholders participated in the country survey (87%).

# Questionnaires

## Overview

---

The Questionnaire consists of 8 Sections:

### A. General Issues facing Benin:

Respondents were asked to indicate whether Benin is headed in the right direction, what they thought were the top three most important development priorities, and which areas would contribute most to poverty reduction and economic growth.

### B. Overall Attitudes toward the World Bank:

Respondents were asked to rate their familiarity with the World Bank, the Bank's effectiveness in Benin, the extent to which the Bank meets Benin's need for knowledge services and financial instruments, the extent to which the Bank should and does seek to influence the global development agenda, their agreement with various statements regarding the Bank's work in Benin, and the extent to which the Bank is an effective development partner. Respondents were also asked to indicate the sectoral areas on which it would be most productive for the Bank to focus its resources, the Bank's greatest values and greatest weaknesses in its work, the Bank instruments that are most and least effective in reducing poverty, with which groups the Bank should work more, and to what reasons respondents attributed failed or slow reform efforts.

### C. World Bank Effectiveness and Results:

Respondents were asked to rate the extent to which the Bank's work helps achieve sustainable development results in Benin and the Bank's level of effectiveness across thirty-four development areas, such as poverty reduction, anti-corruption, and economic growth.

### D. The World Bank's Knowledge:

Respondents were asked to indicate the areas on which the Bank should focus its research efforts and to rate the effectiveness and quality of the Bank's knowledge/research, including how significant of a contribution the Bank's knowledge and research make to development results, the technical quality of the Bank's knowledge and research, and the Bank's effectiveness at providing linkage to non-Bank expertise.

### E. Working with the World Bank:

Respondents were asked to rate their level of agreement with a series of statements regarding working with the Bank, such as the World Bank safeguard policies requirements being reasonable, working with the World Bank increasing Benin's institutional capacity, and the Bank disburses funds promptly.

### F. The Future Role of the World Bank in Benin:

Respondents were asked to rate how significant a role the Bank should play in Benin's development over the medium term and to indicate what the Bank should do to make itself of greater value in Benin.

### G. Communication and Information Sharing:

Respondents were asked to indicate where they get information about economic and social development issues, how they prefer to receive information from the Bank, their access to the Internet, and their usage and evaluation of the Bank's website and PICs. Respondents were asked about their awareness of the Bank's Access to Information policy, past information requests from the Bank, and their level of agreement that they use more data from the World Bank as a result of the Bank's Open Data policy. Respondents were also asked their level of agreement that they know how to find information from the Bank and that the Bank is responsive to information requests.

### H. Background Information:

Respondents were asked to indicate their current position, specialization, whether they professionally collaborate with the World Bank, their exposure to the Bank in Benin, and their geographic location.
