LEGEND:

- Questions in this report are grouped per screen on which they appear in the cwestionnaire, in sequential order. Screens in this report are listed in the sequential order that the interviewer must follow during the interview, unless it is specifically instructed otherwise.
- Variable names (usually equivalent to the question numbers) are highlighted in yellow in the column at the left of the question
- *The data table in which the variable is located is shown in red in the column at the left, right below the variable name*
- *Swahili translations are shown in green below the question in English, both for the questions and the response options*
- *Skip descriptions (if applicable) are highlighted in flashy green colour (italic) right above the question description, both for questions and for sections. They are based on the 'Enabled if [CONDITION]' scheme. This means that the skip description shows you the condition under which a conditional question or section is asked.*
- INSTRUCTIONS TO INTERVIEWERS ARE SHOWN IN BLOCK LETTERS

Questionnaire: English+Swahili - with instructions
