Sampling

Sampling Procedure

The primary objective of the sample design for the 2014 Serbia Roma Settlements MICS was to produce statistically reliable estimates of most indicators, at the national level and for urban and other areas.

Stratification for the 2014 Serbia Roma Settlements MICS was done according to the type of settlement (urban and other), and to the four regions: Belgrade, Vojvodina, Sumadija and Western Serbia and Southern and Eastern Serbia.

A two-stage, stratified cluster sampling approach was used for the selection of the survey sample. A random sample of enumeration areas (cluster of households) was selected with probabilities proportional to size within each stratum at the first stage. A sample of households was selected in each enumeration area at the second stage.

The number of households selected per cluster for the 2014 Serbia Roma Settlements MICS was determined as 19 households. This decision was based on a number of considerations, including the design effect, the budget available, and the time that would be needed per team to complete one cluster. In the selected clusters a further stratification (2nd stage stratification) was done into two strata: households with children under five years of age and households without children under five.

The target sample size for the 2014 Serbia Roma Settlements MICS was set to 1900 households and 100 enumeration areas. The sample size was determined based on a review of the 2010 Serbia Roma Settlements MICS results along with a discussion on budget constraints. The tentatively planned sample size was further assessed by supplementary calculations using the MICS Sample Size Calculation Template.

The frame for the 2014 Serbia Roma Settlements MICS was based on information from the 2011 Serbian Population Census. It was formed by excluding all enumeration areas with 17 or less Roma households. In this way 45 percent of the Roma households were included. The resulting frame with the number of Roma households from the 2011 Census data for each enumeration area was used for the selection of primary sampling units (PSUs). The PSUs were selected from each of the sampling strata by using a systematic pps (probability proportional to size) sampling procedure, based on the estimated number of Roma households. The first stage of sampling was thus completed by selecting the required number of enumeration areas from each of the four strata (Regions), by urban and other domains separately.

Since the sampling frame (the 2011 Population Census) was not up-to-date, a new listing of households was conducted in all the sample enumeration areas prior to the selection of households. For this purpose, listing teams were formed who visited all of the selected enumeration areas and listed the occupied households.

Updated lists of households were prepared by the listing teams in the field for each sample enumeration area and sent to the Statistical Office of the Republic of Serbia. Afterwards, the updated lists of the households in the enumeration areas were classified into two 2nd stage strata (categories): households with children under 5 and households without children. A separate sample of households was selected from each stratum, using a higher sampling rate for households with children under 5. This sampling strategy increased the number of children under 5 in the sample in order to increase the precision of the indicators based on under-5 children.

The sampling procedures are more fully described in "Multiple Indicator Cluster Survey 2014 - Final Report" pp.266-270.

Response Rate

Of the 1,976 households selected for the sample, 1803 were found to be occupied. Of these, 1,743 were successfully interviewed for a household response rate of 97 percent.

In the interviewed households, 2,162 women (age 15-49 years) were identified. Of these, 2,081 were successfully interviewed, yielding a response rate of 96 percent within interviewed households.

There were 1,556 children under age five listed in the household questionnaire. Questionnaires were completed for 1,515 of these children, which corresponds to a response rate of 97 percent within interviewed households.

Overall response rates of 93 and 94 are calculated for individual interviews of women and under-5's, respectively.

Weighting

Sample weights were calculated for each of the data files.

The major component of the weight is the reciprocal value of the sampling fraction employed in selecting the number of sample households in a particular sampling stratum, from certain Primary Sampling Unit (PSU) within certain category. The sampling fraction is the product of the probabilities of selection at every stage in each sampling stratum.

A second component in the calculation of sample weights takes into account the level of non-response for the household and individual interviews. The adjustment for household non-response is equal to the inverse value of: $RR_{hc} = \text{Number of interviewed households in stratum } hc / \text{Number of sample occupied households in stratum } hc$

The non-response adjustment factors for women's and under 5's questionnaires are applied to the adjusted household weights. The numbers of eligible women and under-5 children were obtained from the roster of household members in the Household Questionnaire for households where interviews were completed.

The household weights and individual weights were calculated by multiplying the above factors for each cluster and second stage stratum (with/without children under 5). These weights were then normalized, one purpose of which is to make the weighted sum of the interviewed sample units equal the total sample size at the national level. Normalization is performed by dividing the aforementioned design weights by the average design weight at the national level. The average design weight is calculated as the sum of the design weights divided by the unweighted total. A similar procedure was followed in obtaining normalized weights for the women's and under-5's questionnaires. Normalized weights varied between 0.19 and 9.69 in the 100 sample enumeration areas (clusters).

Sample weights were appended to all data sets and analyses were performed by weighting the data for each sample household, woman and under-5 with these sample weights.

Questionnaires

Overview

The questionnaires for the Generic MICS were structured questionnaires based on the MICS5 model questionnaire with some modifications and additions. Household questionnaires were administered in each household, which collected various information on household members including sex, age and relationship. The household questionnaire includes List of Household Members, Education, Child Labour, Child Discipline, Attitudes Toward Children with Disabilities, Household Characteristics, Cash Benefit and Water and Sanitation.

In addition to a household questionnaire, questionnaires were administered in each household for women age 15-49 and children under age five. The questionnaire was administered to the mother or primary caretaker of the child.

The women's questionnaire includes Woman's Background, Fertility, Desire for Last Birth, Maternal and Newborn Health, Illness Symptoms, Contraception, Unmet Need, Attitudes Toward Domestic Violence, Marriage/Union and Life Satisfaction.

The children's questionnaire includes Child's Age, Birth Registration, Birth Grant, Early Childhood Development, Breastfeeding and Dietary Intake, Immunization, Anthropometry.

The questionnaires were developed in English from the MICS5 Model Questionnaires, and were customised and translated into Serbian and were pre-tested in Zrenjanin during November 2013. Based on the results of the pre-test, modifications were made to the wording and translation of the questionnaires.

Data Collection

Data Collection Dates

Face-to-face [f2f]

DATA COLLECTION NOTES

Training for the fieldwork was conducted for 14 days in January 2014 for both surveys. Training included lectures on interviewing techniques and the contents of the questionnaires, and mock interviews between trainees to gain practice in asking questions. Towards the end of the training period, trainees spent 2 days in practice interviewing in Zrenjanin in both urban and other areas. Trainees also practiced measuring the weights and heights of children in 5 kindergartens in Zrenjanin.

The data were collected by 3 teams for Roma settlements; each team was comprised of 4 interviewers, one editor, one measurer and a supervisor (the editor or supervisor was also the driver). Fieldwork began on 1 February 2014 and concluded on 15 April 2014 for the 2014 Serbia Roma Settlements MICS.

Data Collectors

Name	Abbreviation	Affiliation
Statistical Office of the Republic of Serbia	SORS	

SUPERVISION

There is one supervisor for each of the 3 data collection teams in the field.

Data Processing

Data Editing

Data were entered using CSPro software, Version 5.0. The data entry was carried out by 8 data entry operators using 8 microcomputers, with support of 1 data entry supervisor. For quality assurance purposes, all questionnaires were doubleentered and internal consistency checks were performed. Procedures and standard programmes developed under the global MICS programme and adapted to the 2014 Serbia MICS and 2014 Serbia Roma Settlements MICS questionnaires were used throughout. Data processing began simultaneously with data collection in February 2014 and was completed in May 2014 for both surveys. Data were analysed using the Statistical Package for Social Sciences (SPSS) software, Version 21. Model syntax and tabulation plans developed by UNICEF were customized and used for the standard MICS modules while new syntaxes and tabulation plans were developed for non-standard MICS modules and questions.

Data Appraisal

Estimates of Sampling Error

Sampling errors are a measure of the variability between the estimates from all possible samples. The extent of variability is not known exactly, but can be estimated statistically from the survey data.

The following sampling error measures are presented in this appendix for each of the selected indicators:

- Standard error (se): Standard error is the square root of the variance of the estimate. For survey indicators that are means, proportions or ratios, the Taylor series linearization method is used for the estimation of standard errors. For more complex statistics, such as fertility and mortality rates, the Jackknife repeated replication method is used for standard error estimation.
- Coefficient of variation (se/r) is the ratio of the standard error to the value (r) of the indicator, and is a measure of the relative sampling error.
- Design effect (deff) is the ratio of the actual variance of an indicator, under the sampling method used in the survey, to the variance calculated under the assumption of simple random sampling based on the same sample size. The square root of the design effect (deff) is used to show the efficiency of the sample design in relation to the precision. A deff value of 1.0 indicates that the sample design of the survey is as efficient as a simple random sample for a particular indicator, while a deff value above 1.0 indicates an increase in the standard error due to the use of a more complex sample design.
- Confidence limits are calculated to show the interval within which the true value for the population can be reasonably assumed to fall, with a specified level of confidence. For any given statistic calculated from the survey, the value of that statistic will fall within a range of plus or minus two times the standard error ($r + 2.se$ or $r - 2.se$) of the statistic in 95 percent of all possible samples of identical size and design.

For the calculation of sampling errors from MICS data, programmes developed in CSPro Version 5.0 and SPSS Version 21 Complex Samples module have been used.

Other forms of Data Appraisal

A series of data quality tables are available to review the quality of the data and include the following:

- Age distribution of the household population (weighted)
- Age distribution of eligible and interviewed women (weighted)
- Age distribution of children under 5 in household and children under 5 questionnaires (weighted)
- Birth date reporting: Household population (unweighted)
- Birth date and age reporting: Women (unweighted)
- Birth date and age reporting: Under-5s (unweighted)
- Birth date reporting: Children, adolescents and young people (unweighted)
- Birth date reporting: First and last births (unweighted)
- Completeness of reporting (weighted)
- Completeness of information for anthropometric indicators: Underweight (unweighted)
- Completeness of information for anthropometric indicators: Stunting (unweighted)
- Completeness of information for anthropometric indicators: Wasting (unweighted)
- Heaping in anthropometric measurements (unweighted)
- Observation of birth certificates (unweighted)
- Observation of vaccination cards (unweighted)
- Presence of mother in the household and the person interviewed for the under-5 questionnaire (weighted)
- Selection of children age 1-17 years for the child labour and child discipline modules (unweighted)
- School attendance by single age (weighted)
- Sex ratio at birth among children ever born and living (unweighted)

The results of each of these data quality tables are shown in appendix D in document "Multiple Indicator Cluster Survey 2014 - Final Report" pp.298-307.

V2436	UF9	Result of interview for children under 5	discrete	numeric	
V2437	UF10	Field editor	discrete	numeric	
V2438	UF11	Main data entry clerk	discrete	numeric	
V2439	UF12H	Start of interview - Hour	discrete	numeric	
V2440	UF12M	Start of interview - Minutes	discrete	numeric	
V2441	UF13H	End of interview - Hour	discrete	numeric	
V2442	UF13M	End of interview - Minutes	discrete	numeric	
V2443	AG1D	Day of birth of child	discrete	numeric	Now I would like to ask you some questions about (name) health. In what day, month and year was (name) born?
V2444	AG1M	Month of birth of child	discrete	numeric	Now I would like to ask you some questions about (name) health. In what day, month and year was (name) born?
V2445	AG1Y	Year of birth of child	discrete	numeric	Now I would like to ask you some questions about (name) health. In what day, month and year was (name) born?
V2446	AG2	Age of child	discrete	numeric	How old is (name)?
V2447	BR1	Birth certificate	discrete	numeric	Does (name) have a birth certificate?

ID	Name	Label	Type	Format	Question
V2448	BR2	Birth registered	discrete	numeric	Has (name) been registered with the civil authorities?
V2449	BR3	Know how to register birth	discrete	numeric	Do you know how to register your child's birth?
V2450	BR3A	Health insurance card	discrete	numeric	Does (name) have a health insurance card?
V2451	BG1	Applied for birth grant	discrete	numeric	Did you apply for the birth grant for (name) no later than six month after he/she was born? Explain, if necessary: When I say the birth grant I mean financial subsidy parent is entitled to after a child is born and the first four children in the family are entitled to it. One can apply within the first six months of the child's birth.
V2452	BG2	Received the birth grant	discrete	numeric	Did you receive the birth grant?
V2453	BG3	Reasons for not applying for birth grant	discrete	numeric	What is the main reason you did not apply for the birth grant?
V2454	EC1	Number of children's books or picture books for child	discrete	numeric	How many children's books or picture books (name) has?
V2455	EC2A	Homemade toys	discrete	numeric	I am interested in learning about the things that (name) plays with when he/she is at home. Does he/she play with: homemade toys (such as dolls, cars or some other toys made at home)?
V2456	EC2B	Toys from shops	discrete	numeric	I am interested in learning about the things that (name) plays with when he/she is at home. Does he/she play with: toys from a shop or manufactured toys?
V2457	EC2C	Household objects or outside objects	discrete	numeric	I am interested in learning about the things that (name) plays with when he/she is at home. Does he/she play with: household objects (such as bowls or pots) or objects found outside (such as sticks, rocks, leaves etc.)?
V2458	EC3A	In past week, days left alone for more than 1 hour	discrete	numeric	Adults who care for a child sometimes have to go out shopping, to visit doctor or have to leave young children for any other reason. Last week, how many days was (name): left alone longer than an hour?
V2459	EC3B	In past week, days left with other child for more than 1 hour	discrete	numeric	Adults who care for a child sometimes have to go out shopping, to visit doctor or have to leave young children for any other reason. Last week, how many days was (name): left in care of another child, i.e. someone under 10, longer than an hour?
V2460	EC5	Attends early childhood education programme	discrete	numeric	Does (name) attend kindergarten or any organized learning or early childhood education programme? These can be private, government or NGO programmes.
V2461	EC6A	What kind of facility child attends	discrete	numeric	What type of facility does the child attend?
V2462	EC6B_A	Reasons for not attending kindergarten: child will not learn too much	discrete	character	What are the main reasons that (name) does not go to a kindergarten or any other early learning facility?
V2463	EC6B_B	Reasons for not attending kindergarten: child is disabled	discrete	character	What are the main reasons that (name) does not go to a kindergarten or any other early learning facility?
V2464	EC6B_C	Reasons for not attending kindergarten: low level of services	discrete	character	What are the main reasons that (name) does not go to a kindergarten or any other early learning facility?
V2465	EC6B_D	Reasons for not attending kindergarten: poor treatment	discrete	character	What are the main reasons that (name) does not go to a kindergarten or any other early learning facility?
V2466	EC6B_E	Reasons for not attending kindergarten: child is taken care at home	discrete	character	What are the main reasons that (name) does not go to a kindergarten or any other early learning facility?

ID	Name	Label	Type	Format	Question
V2467	EC6B_F	Reasons for not attending kindergarten: both parents are unemployed	discrete	character	What are the main reasons that (name) does not go to a kindergarten or any other early learning facility?
V2468	EC6B_G	Reasons for not attending kindergarten: overcrowded facility	discrete	character	What are the main reasons that (name) does not go to a kindergarten or any other early learning facility?
V2469	EC6B_H	Reasons for not attending kindergarten: costly services	discrete	character	What are the main reasons that (name) does not go to a kindergarten or any other early learning facility?
V2470	EC6B_I	Reasons for not attending kindergarten: other expences too high	discrete	character	What are the main reasons that (name) does not go to a kindergarten or any other early learning facility?
V2471	EC6B_J	Reasons for not attending kindergarten: the facility is too far	discrete	character	What are the main reasons that (name) does not go to a kindergarten or any other early learning facility?
V2472	EC6B_X	Reasons for not attending kindergarten: other	discrete	character	What are the main reasons that (name) does not go to a kindergarten or any other early learning facility?
V2473	EC7AA	Read books - Mother	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Read books to (name) or looked at picture books with (name)?
V2474	EC7AB	Read books - Father	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Read books to (name) or looked at picture books with (name)?
V2475	EC7AX	Read books - Other	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Read books to (name) or looked at picture books with (name)?
V2476	EC7AY	Read books - No one	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Read books to (name) or looked at picture books with (name)?
V2477	EC7BA	Tell stories - Mother	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Told stories to (name)?
V2478	EC7BB	Tell stories - Father	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Told stories to (name)?
V2479	EC7BX	Tell stories - Other	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Told stories to (name)?
V2480	EC7BY	Tell stories - No one	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Told stories to (name)?
V2481	EC7CA	Sang songs - Mother	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Sang songs to or with (name), including lullabies?
V2482	EC7CB	Sang songs - Father	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Sang songs to or with (name), including lullabies?
V2483	EC7CX	Sang songs - Other	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Sang songs to or with (name), including lullabies?

ID	Name	Label	Type	Format	Question
V2484	EC7CY	Sang songs - No one	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Sang songs to or with (name), including lullabies?
V2485	EC7DA	Took outside - Mother	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Took (name) outside the home, to park, yard or enclosure?
V2486	EC7DB	Took outside - Father	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Took (name) outside the home, to park, yard or enclosure?
V2487	EC7DX	Took outside - Other	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Took (name) outside the home, to park, yard or enclosure?
V2488	EC7DY	Took outside - No one	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Took (name) outside the home, to park, yard or enclosure?
V2489	EC7EA	Played with - Mother	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Played with (name)?
V2490	EC7EB	Played with - Father	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Played with (name)?
V2491	EC7EX	Played with - Other	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Played with (name)?
V2492	EC7EY	Played with - No one	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Played with (name)?
V2493	EC7FA	Named/counted - Mother	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Named, counted, or drew things to or with (name)?
V2494	EC7FB	Named/counted - Father	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Named, counted, or drew things to or with (name)?
V2495	EC7FX	Named/counted - Other	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Named, counted, or drew things to or with (name)?
V2496	EC7FY	Named/counted - No one	discrete	character	In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Named, counted, or drew things to or with (name)?
V2497	EC8	Child identifies at least ten letters of the alphabet	discrete	numeric	I would like to ask you some questions about the health and development of your child. Children do not all develop and learn at the same rate. For example, some of them take first steps before others. These questions are related to several aspects of your child's development. Can (name) recognize or name at least ten letters of the alphabet?
V2498	EC9	Child reads at least four simple, popular words	discrete	numeric	Can (name) read at least four simple, popular words?
V2499	EC10	Child knows name and recognizes symbol of all numbers from 1-10	discrete	numeric	Does (name) know and can recognize all numbers from 1 to 10?

ID	Name	Label	Type	Format	Question
V2500	EC11	Child able to pick up small object with 2 fingers	discrete	numeric	Can (name) pick up a small object with two fingers, like a stick or a rock from the ground?
V2501	EC12	Child sometimes too sick to play	discrete	numeric	Is (name) sometimes too sick to play?
V2502	EC13	Child follows simple directions	discrete	numeric	Does (name) follow simple directions on how to do something correctly?
V2503	EC14	Child able to do something independently	discrete	numeric	When told to do something, can (name) do it on his/her own?
V2504	EC15	Child gets along well with other children	discrete	numeric	Does (name) get on well with other children?
V2505	EC16	Child kicks, bites or hits other children or adults	discrete	numeric	Does (name) kick, bite or hit other children or adults?
V2506	EC17	Child gets distracted easily	discrete	numeric	Does (name) lose attention easily?
V2507	BD2	Child ever been breastfed	discrete	numeric	Has (name) ever been breastfed?
V2508	BD3	Child still being breastfed	discrete	numeric	Is he/she still being breastfed?
V2509	BD4	Child drank anything else from the bottle with a nipple yesterday	discrete	numeric	Yesterday, during the day or night, did (name) drink anything from a bottle with a nipple?
V2510	BD5	Child drank ORS yesterday	discrete	numeric	Did (name) drink ORS (oral rehydration solution) yesterday, during the day or night?
V2511	BD6	Child drank or ate vitamin or mineral supplements yesterday	discrete	numeric	Did (name) drink or eat vitamin or mineral supplements or any medicines yesterday, during the day or night?
V2512	BD7A	Child drank plain water yesterday	discrete	numeric	I would like to ask you about (other) liquids that (name) may have had yesterday during the day or night. I am interested to know whether (name) took that liquid even if combined with other foods. Did (name) drink (name of liquid) yesterday, during the day or night? Plain water
V2513	BD7B	Child drank juice or juice drinks yesterday	discrete	numeric	I would like to ask you about (other) liquids that (name) may have had yesterday during the day or night. I am interested to know whether (name) took that liquid even if combined with other foods. Did (name) drink (name of liquid) yesterday, during the day or night? Juice or juice drinks
V2514	BD7C	Child drank soup yesterday	discrete	numeric	I would like to ask you about (other) liquids that (name) may have had yesterday during the day or night. I am interested to know whether (name) took that liquid even if combined with other foods. Did (name) drink (name of liquid) yesterday, during the day or night? Clear soup
V2515	BD7D	Child drank milk yesterday	discrete	numeric	I would like to ask you about (other) liquids that (name) may have had yesterday during the day or night. I am interested to know whether (name) took that liquid even if combined with other foods. Did (name) drink (name of liquid) yesterday, during the day or night? Milk such as powdered or fresh animal milk?
V2516	BD7DN	Times child drank milk	discrete	numeric	I would like to ask you about (other) liquids that (name) may have had yesterday during the day or night. I am interested to know whether (name) took that liquid even if combined with other foods. Did (name) drink (name of liquid) yesterday, during the day or night? Milk such as powdered or fresh animal milk? If yes, ask: How many times did (name) drink milk? If 7 or more times, record '7'.

ID	Name	Label	Type	Format	Question
V2517	BD7E	Child drank infant formula yesterday	discrete	numeric	I would like to ask you about (other) liquids that (name) may have had yesterday during the day or night. I am interested to know whether (name) took that liquid even if combined with other foods. Did (name) drink (name of liquid) yesterday, during the day or night: Infant formula (Bebelac, Aptamil, Impamil, Hipp, nestle and alike)?
V2518	BD7EN	Times child drank infant formula	discrete	numeric	I would like to ask you about (other) liquids that (name) may have had yesterday during the day or night. I am interested to know whether (name) took that liquid even if combined with other foods. Did (name) drink (name of liquid) yesterday, during the day or night: Infant formula (Bebelac, Aptamil, Impamil, Hipp, nestle and alike)? If yes, ask: How many times did (name) drink infant formula? If 7 or more times, record '7'.
V2519	BD7F	Child drank any other liquid yesterday	discrete	numeric	I would like to ask you about (other) liquids that (name) may have had yesterday during the day or night. I am interested to know whether (name) took that liquid even if combined with other foods. Did (name) drink (name of liquid) yesterday, during the day or night: Any other liquids? Liquid (specify)
V2520	BD8A	Child drank or ate yogurt yesterday	discrete	numeric	Now I would like to ask you about (other) foods that (name) may have had yesterday during the day or the night. Again, I am Interested to know whether (name) had that food even if combined with other foods. Please include foods consumed outside of your home.. Did (name) eat (name of food) yesterday during the day or night: Yogurt/sour milk
V2521	BD8AN	Times drank or ate yogurt	discrete	numeric	Now I would like to ask you about (other) foods that (name) may have had yesterday during the day or the night. Again, I am Interested to know whether (name) had that food even if combined with other foods. Please include foods consumed outside of your home.. Did (name) eat (name of food) yesterday during the day or night: Yogurt/sour milk If yes, ask: How many times did (name) drink or eat yoghurt/ sour milk? if 7 or more
V2522	BD8B	Child ate fortified baby food (cerelac etc.)	discrete	numeric	Now I would like to ask you about (other) foods that (name) may have had yesterday during the day or the night. Again, I am Interested to know whether (name) had that food even if combined with other foods. Please include foods consumed outside of your home.. Did (name) eat (name of food) yesterday during the day or night: Baby cereals (Baby King, Milupa, HiPP, Nestle and alike)
V2523	BD8C	Child ate foods made from grains	discrete	numeric	Now I would like to ask you about (other) foods that (name) may have had yesterday during the day or the night. Again, I am Interested to know whether (name) had that food even if combined with other foods. Please include foods consumed outside of your home.. Did (name) eat (name of food) yesterday during the day or night: Bread, rice, noodles, porridge, farina or other foods made from grains?
V2524	BD8D	Child ate pumpkin or carrot	discrete	numeric	Now I would like to ask you about (other) foods that (name) may have had yesterday during the day or the night. Again, I am Interested to know whether (name) had that food even if combined with other foods. Please include foods consumed outside of your home.. Did (name) eat (name of food) yesterday during the day or night: Pumpkin or carrot?

ID	Name	Label	Type	Format	Question
V2525	BD8E	Child ate white potatoes or any food made from roots	discrete	numeric	Now I would like to ask you about (other) foods that (name) may have had yesterday during the day or the night. Again, I am Interested to know whether (name) had that food even if combined with other foods. Please include foods consumed outside of your home.. Did (name) eat (name of food) yesterday during the day or night: White potatoes or any other foods made from roots?
V2526	BD8F	Child ate green leafy vegetables	discrete	numeric	Now I would like to ask you about (other) foods that (name) may have had yesterday during the day or the night. Again, I am Interested to know whether (name) had that food even if combined with other foods. Please include foods consumed outside of your home.. Did (name) eat (name of food) yesterday during the day or night: Spinach, swiss chard, kale or any other dark green, leafy vegetables?
V2527	BD8G	Child ate apricot or cantaloupe	discrete	numeric	Now I would like to ask you about (other) foods that (name) may have had yesterday during the day or the night. Again, I am Interested to know whether (name) had that food even if combined with other foods. Please include foods consumed outside of your home.. Did (name) eat (name of food) yesterday during the day or night: Apricot or cantaloupe?
V2528	BD8H	Child ate other fruits or vegetables	discrete	numeric	Now I would like to ask you about (other) foods that (name) may have had yesterday during the day or the night. Again, I am Interested to know whether (name) had that food even if combined with other foods. Please include foods consumed outside of your home.. Did (name) eat (name of food) yesterday during the day or night: Other fruits or vegetables?
V2529	BD8I	Child ate liver, kidney, heart or other organ meat	discrete	numeric	Now I would like to ask you about (other) foods that (name) may have had yesterday during the day or the night. Again, I am Interested to know whether (name) had that food even if combined with other foods. Please include foods consumed outside of your home.. Did (name) eat (name of food) yesterday during the day or night: Liver, kidneys, heart or other offal?
V2530	BD8J	Child ate meat, such as veal/young beef, pork, lamb, goat, chicken or turkey	discrete	numeric	Now I would like to ask you about (other) foods that (name) may have had yesterday during the day or the night. Again, I am Interested to know whether (name) had that food even if combined with other foods. Please include foods consumed outside of your home.. Did (name) eat (name of food) yesterday during the day or night: Any meat such as veal/young beef, pork, lamb, goat, chicken or turkey?
V2531	BD8K	Child ate eggs	discrete	numeric	Now I would like to ask you about (other) foods that (name) may have had yesterday during the day or the night. Again, I am Interested to know whether (name) had that food even if combined with other foods. Please include foods consumed outside of your home.. Did (name) eat (name of food) yesterday during the day or night: Eggs?
V2532	BD8L	Child ate fish	discrete	numeric	Now I would like to ask you about (other) foods that (name) may have had yesterday during the day or the night. Again, I am Interested to know whether (name) had that food even if combined with other foods. Please include foods consumed outside of your home.. Did (name) eat (name of food) yesterday during the day or night: Fish?

ID	Name	Label	Type	Format	Question
V2533	BD8M	Child ate beans, peas or lentils	discrete	numeric	Now I would like to ask you about (other) foods that (name) may have had yesterday during the day or the night. Again, I am Interested to know whether (name) had that food even if combined with other foods. Please include foods consumed outside of your home.. Did (name) eat (name of food) yesterday during the day or night: Any foods made from beans, peas or lentils?
V2534	BD8N	Child ate cheese or other food made from milk	discrete	numeric	Now I would like to ask you about (other) foods that (name) may have had yesterday during the day or the night. Again, I am Interested to know whether (name) had that food even if combined with other foods. Please include foods consumed outside of your home.. Did (name) eat (name of food) yesterday during the day or night: Cheese or other food made from milk?
V2535	BD8O	Child ate other solid, semi-solid or soft food yesterday	discrete	numeric	Now I would like to ask you about (other) foods that (name) may have had yesterday during the day or the night. Again, I am Interested to know whether (name) had that food even if combined with other foods. Please include foods consumed outside of your home.. Did (name) eat (name of food) yesterday during the day or night: Any other solid, semi-solid or soft food that I have not mentioned?
V2536	BD11	Times child ate solid or semi-solid food	discrete	numeric	How many times did (name) eat any solid, semi-solid or soft foods yesterday, during the day or night?
V2537	IM1	Vaccination card for child	discrete	numeric	Do you have a card where (name)'s vaccinations are written down? If yes, ask: may I see it, please?
V2538	IM2	Ever had vaccination card	discrete	numeric	Did you ever have a vaccination card for (name)?
V2539	IM3BD	Day of BCG immunization	discrete	numeric	
V2540	IM3BM	Month of BCG immunization	discrete	numeric	
V2541	IM3BY	Year of BCG immunization	discrete	numeric	
V2542	IM3P1D	Day of Polio1 immunization	discrete	numeric	
V2543	IM3P1M	Month of Polio1 immunization	discrete	numeric	
V2544	IM3P1Y	Year of Polio1 immunization	discrete	numeric	
V2545	IM3P1A	Pentavalent vaccine Polio 1	discrete	numeric	
V2546	IM3P2D	Day of Polio2 immunization	discrete	numeric	
V2547	IM3P2M	Month of Polio2 immunization	discrete	numeric	
V2548	IM3P2Y	Year of Polio2 immunization	discrete	numeric	
V2549	IM3P2A	Pentavalent vaccine Polio 2	discrete	numeric	
V2550	IM3P3D	Day of Polio3 immunization	discrete	numeric	
V2551	IM3P3M	Month of Polio3 immunization	discrete	numeric	
V2552	IM3P3Y	Year of Polio3 immunization	discrete	numeric	
V2553	IM3P3A	Pentavalent vaccine Polio 3	discrete	numeric	
V2554	IM3D1D	Day of DPT1 immunization	discrete	numeric	
V2555	IM3D1M	Month of DPT1 immunization	discrete	numeric	
V2556	IM3D1Y	Year of DPT1 immunization	discrete	numeric	
V2557	IM3D1A	Pentavalent vaccine DPT1	discrete	numeric	
V2558	IM3D2D	Day of DPT2 immunization	discrete	numeric	
V2559	IM3D2M	Month of DPT2 immunization	discrete	numeric	
V2560	IM3D2Y	Year of DPT2 immunization	discrete	numeric

V2561	IM3D2A	Pentavalent vaccine DPT2	discrete	numeric	
V2562	IM3D3D	Day of DPT3 immunization	discrete	numeric	
V2563	IM3D3M	Month of DPT3 immunization	discrete	numeric	
V2564	IM3D3Y	Year of DPT3 immunization	discrete	numeric	
V2565	IM3D3A	Pentavalent vaccine DPT3	discrete	numeric	
V2566	IM3H1D	Day of HepB1 immunization	discrete	numeric	
V2567	IM3H1M	Month of HepB1 immunization	discrete	numeric	
V2568	IM3H1Y	Year of HepB1 immunization	discrete	numeric	
V2569	IM3H2D	Day of HepB2 immunization	discrete	numeric	
V2570	IM3H2M	Month of HepB2 immunization	discrete	numeric	
V2571	IM3H2Y	Year of HepB2 immunization	discrete	numeric	
V2572	IM3H3D	Day of HepB3 immunization	discrete	numeric	
V2573	IM3H3M	Month of HepB3 immunization	discrete	numeric	
V2574	IM3H3Y	Year of HepB3 immunization	discrete	numeric	
V2575	IM3I1D	Day of Hib1 immunization	discrete	numeric	
V2576	IM3I1M	Month of Hib1 immunization	discrete	numeric	
V2577	IM3I1Y	Year of Hib1 immunization	discrete	numeric	
V2578	IM3I1A	Pentavalent vaccine Hib1	discrete	numeric	
V2579	IM3I2D	Day of Hib2 immunization	discrete	numeric	
V2580	IM3I2M	Month of Hib2 immunization	discrete	numeric	
V2581	IM3I2Y	Year of Hib2 immunization	discrete	numeric	
V2582	IM3I2A	Pentavalent vaccine Hib2	discrete	numeric	
V2583	IM3I3D	Day of Hib3 immunization	discrete	numeric	
V2584	IM3I3M	Month of Hib3 immunization	discrete	numeric	
V2585	IM3I3Y	Year of Hib3 immunization	discrete	numeric	
V2586	IM3I3A	Pentavalent vaccine Hib3	discrete	numeric	
V2587	IM3MD	Day measles or MMR immunization	discrete	numeric	
V2588	IM3MM	Month Measles or MMR immunization	discrete	numeric	
V2589	IM3MY	Year of Measles or MMR immunization	discrete	numeric	
V2590	IM5	Child received any other vaccinations	discrete	numeric	In addition to what is recorded on this card, did (name) receive any other vaccinations?
V2591	IM6	Child ever received any vaccinations	discrete	numeric	Has (name) ever received any vaccinations to prevent him/her from getting diseases?
V2592	IM7	Child ever given BCG vaccination	discrete	numeric	Has (name) ever received a BCG vaccination against tuberculosis. That is, an Injection in the left arm or shoulder that usually causes a scar?
V2593	IM7A	Child ever given pentavalent vaccination	discrete	numeric	Has (name) ever received combined pentavalent vaccine (pentaxim or infanrix)?
V2594	IM7B	Times child given pentavalent vaccination	discrete	numeric	How many times (name) received the combined pentavalent vaccine?

ID	Name	Label	Type	Format	Question
V2595	IM8	Child ever given Polio vaccination	discrete	numeric	Has (name) ever received any vaccination drops in the mouth to protect him/her from polio (polio vaccine)?
V2596	IM10	Times child given Polio vaccination	discrete	numeric	How many times (name) received polio vaccine as vaccination drops in the mouth?
V2597	IM11	Child ever given DPT vaccination	discrete	numeric	Has (name) ever received a DTP vaccination, that is, an injection in the thigh or the upper arm to prevent him/her from getting tetanus, whooping cough, or diphtheria?
V2598	IM12	Times child given DPT vaccination	discrete	numeric	How many times (name) received the DTP vaccine?
V2599	IM12A	Child ever given Hib vaccination	discrete	numeric	Has (name) ever received a Hib vaccination-that is, an injection in the thigh to prevent him/her from getting meningitis/pneumonia or any other disease caused by bacteria haemophilus influenzae type B?
V2600	IM12B	Times child given Hib vaccination	discrete	numeric	How many times (name) received the Hib vaccine?
V2601	IM13	Child ever given Hepatitis B vaccination	discrete	numeric	Has (name) ever received a Hepatitis B vaccination. that is, an injection in the thigh or the upper arm to prevent him/her from getting Hepatitis B (infectious Hepatitis B)?
V2602	IM14	Hepatitis B first given within 24 h after birth or later	discrete	numeric	Was the first Hepatitis B vaccine received within 24 hours after birth?
V2603	IM15	Times child given Hepatitis B vaccination	discrete	numeric	How many times (name) received the Hepatitis B vaccine?
V2604	IM16	Child ever given Measles or MMR vaccination	discrete	numeric	Has (name) ever received a MMR vaccine, that is, a shot in the upper arm(at the age of 12 months or older) to prevent him/her from getting measles, mumps and rubella?
V2605	HF0	Result of request for consent to collect vaccination record from the health facility	discrete	numeric	Result of request for consent to collect vaccination record from the health facility
V2606	HF1	Cluster number	contin	numeric	
V2607	HF2	Household number	contin	numeric	
V2608	HF4	Child's line number	contin	numeric	
V2609	HF6	Mother / Caretaker's line number	discrete	numeric	
V2610	HF7	Interviewer number	contin	numeric	
V2611	HF8D	Day of interview	discrete	numeric	
V2612	HF8M	Month of interview	discrete	numeric	
V2613	HF8Y	Year of interview	discrete	numeric	
V2614	HF9D	Day of birth	discrete	numeric	
V2615	HF9M	Month of birth	discrete	numeric	
V2616	HF9Y	Year of birth	discrete	numeric	
V2617	HF10A	Team member number visited health facility	contin	numeric	Name and number of the fieldwork staff member that visited the health facility:
V2618	HF11	Result of health facility visit	discrete	numeric	Result of health facility visit
V2619	HF11A	Field editor	discrete	numeric	
V2620	HF11B	Main data entry clerk number	discrete	numeric	
V2621	HF12D	Day of birth as written on vaccination record	discrete	numeric	Record day, month, and year of birth as specified in vaccination records.

ID	Name	Label	Type	Format	Question
V2622	HF12M	Month of birth as written on vaccination record	discrete	numeric	Record day, month, and year of birth as specified in vaccination records.
V2623	HF12Y	Year of birth as written on vaccination record	discrete	numeric	Record day, month, and year of birth as specified in vaccination records.
V2624	HF13BD	Day of BCG immunization	discrete	numeric	
V2625	HF13BM	Month of BCG immunization	discrete	numeric	
V2626	HF13BY	Year of BCG immunization	discrete	numeric

V2980	WB1M	Month of birth of woman	discrete	numeric	In what month and year were you born?
V2981	WB1Y	Year of birth of woman	contin	numeric	In what month and year were you born?
V2982	WB2	Age of woman	contin	numeric	How old are you?
V2983	WB3	Ever attended school	discrete	numeric	Have you ever attended school or preschool?
V2984	WB4	Highest level of school attended	discrete	numeric	What is the highest level of school you attended or now attend?
V2985	WB5	Highest grade completed at that level	discrete	numeric	What is the highest grade/year you completed at that level?
V2986	WB7	Can read part of the sentence	discrete	numeric	Now I would like you to read this sentence to me.
V2987	CM1	Ever given birth	discrete	numeric	Now I would like to ask you about births you have had during your life. Have you ever given birth?

ID	Name	Label	Type	Format	Question
V2988	CM2M	Month of first birth	discrete	numeric	What was the date of your first birth? I mean the very first time you gave birth, even if the child is no longer living, or whose father is not your current partner.
V2989	CM2Y	Year of first birth	contin	numeric	What was the date of your first birth? I mean the very first time you gave birth, even if the child is no longer living, or whose father is not your current partner.
V2990	CM3	Years since first birth	discrete	numeric	How many years ago did you have your first birth?
V2991	CM4	Any sons or daughters living with you	discrete	numeric	Do you have any sons or daughters to whom you have given birth who are now living with you?
V2992	CM5A	Sons living with you	discrete	numeric	How many sons live with you?
V2993	CM5B	Daughters living with you	discrete	numeric	How many daughters live with you?
V2994	CM6	Any sons or daughters not living with you	discrete	numeric	Do you have any sons or daughters to whom you have given birth who are alive but do not live with you?
V2995	CM7A	Sons living elsewhere	discrete	numeric	How many sons are alive but do not live with you?
V2996	CM7B	Daughters living elsewhere	discrete	numeric	How many daughters are alive but do not live with you?
V2997	CM8	Ever had child who later died	discrete	numeric	Have you ever given birth to boy or girl who was born alive but later died?
V2998	CM9A	Boys dead	discrete	numeric	How many boys died?
V2999	CM9B	Girls dead	discrete	numeric	How many girls died?
V3000	CM10	Children ever born	discrete	numeric	
V3001	CM12M	Month of last birth	discrete	numeric	Of these (total number in CM10) births you have had, when did you deliver the last one (even if the baby died)?
V3002	CM12Y	Year of last birth	contin	numeric	Of these (total number in CM10) births you have had, when did you deliver the last one (even if the baby died)?
V3003	CM12B	Miscarried, ended in stillbirth or aborted	discrete	numeric	Sometimes pregnancies do not end with live births. Have you ever had any pregnancy that was miscarried, ended in stillbirth or that was aborted?
V3004	CM12C	Spontaneous miscarriages	discrete	numeric	How many miscarriages did you have during your lifetime? By miscarriage, I mean early and involuntary end of pregnancy within the first 5 months of pregnancy.
V3005	CM12E	Abortions	discrete	numeric	How many abortions did you have during your lifetime? By abortion, I mean a pregnancy that was willingly terminated in the first 5 months of pregnancy.
V3006	CM12D	Stillbirths	discrete	numeric	In how many cases have your pregnancies ended with a stillbirth? By stillbirth, I mean a birth that occurred after the fifth month of pregnancy, but the child did not show any signs of life.
V3007	CM13	Last birth in last two years	discrete	character	
V3008	DB1	Wanted last child then	discrete	numeric	When you got pregnant with (name), did you want to get pregnant at that time?
V3009	DB2	Wanted child later or did not want more children	discrete	numeric	Did you want to have a baby later on, or did you not want any (more) children?
V3010	DB3U	Desired waiting time (units)	discrete	numeric	How much longer did you want to wait?
V3011	DB3N	Desired waiting time (number)	discrete	numeric	How much longer did you want to wait?
V3012	MN1	Received antenatal care	discrete	numeric	Did anyone conduct a check and/or control you during your pregnancy with (name)?
V3013	MN2A	Antenatal care: Doctor	discrete	character	Who checked you/controlled you?
V3014	MN2B	Antenatal care: Nurse / Midwife	discrete	character	Who checked you/controlled you?

ID	Name	Label	Type	Format	Question
V3015	MN2F	Antenatal care: Traditional birth attendant	discrete	character	Who checked you/controlled you?
V3016	MN2X	Antenatal care: Other	discrete	character	Who checked you/controlled you?
V3017	MN2AU	Weeks or months pregnant at first ANC - unit	discrete	numeric	How many weeks or months pregnant were you when you had your first check-up?
V3018	MN2AN	Weeks or months pregnant at first ANC - number	discrete	numeric	How many weeks or months pregnant were you when you had your first check-up?
V3019	MN3	Times received antenatal care	discrete	numeric	How many times where you checked during this pregnancy?
V3020	MN4A	Blood pressure	discrete	numeric	As part of your check-ups during this pregnancy, were any of the following done at least once: Was your blood pressure measured?
V3021	MN4B	Urine sample	discrete	numeric	As part of your check-ups during this pregnancy, were any of the following done at least once: Did you give a urine sample?
V3022	MN4C	Blood sample	discrete	numeric	As part of your check-ups during this pregnancy, were any of the following done at least once: Did you give a blood sample?
V3023	MN4D	Weight	discrete	numeric	As part of your check-ups during this pregnancy, were any of the following done at least once: Did they measure your weight?
V3024	MN4AB	Did auxiliary nurse visit you at home	discrete	numeric	During this pregnancy, did auxiliary nurse (patronage nurse) visit you at your home?
V3025	MN4BB	Did you attend birth preparation programme	discrete	numeric	During this pregnancy, did you attend any child birth preparation programme (parenting and pregnancy education with health care institution)?
V3026	MN4CCA	Received information: woman's health during pregnancy	discrete	numeric	While you attend preparation programme did you receive information about the following topics: Health during pregnancy?
V3027	MN4CCB	Received information: breastfeeding	discrete	numeric	While you attend preparation programme did you receive information about the following topics: Breastfeeding?
V3028	MN4CCC	Received information: newborn care	discrete	numeric	While you attend preparation programme did you receive information about the following topics: Newborn' care?
V3029	MN4CCD	Received information: parenting skills	discrete	numeric	While you attend preparation programme did you receive information about the following topics: Parenting skills?
V3030	MN4DD	Main reason for non-attendance of childbirth PP	discrete	numeric	What was the main reason that you did not attend childbirth preparation programme (parenting and pregnancy education with health care institution)?
V3031	MN17A	Assistance at delivery: Doctor	discrete	character	Who assisted with the delivery of (name)?
V3032	MN17B	Assistance at delivery: Nurse / Midwife	discrete	character	Who assisted with the delivery of (name)?
V3033	MN17F	Assistance at delivery: Traditional birth attendant	discrete	character	Who assisted with the delivery of (name)?
V3034	MN17H	Assistance at delivery: Relative / Friend	discrete	character	Who assisted with the delivery of (name)?
V3035	MN17I	Assistance at delivery: Husband / Partner	discrete	character	Who assisted with the delivery of (name)?
V3036	MN17X	Assistance at delivery: Other	discrete	character	Who assisted with the delivery of (name)?
V3037	MN17Y	Assistance at delivery: No one	discrete	character	Who assisted with the delivery of (name)?
V3038	MN18	Place of delivery	discrete	numeric	Where did you give birth to (name)?
V3039	MN19	Delivery by caesarean section	discrete	numeric	Was (name) delivered by caesaeran section, i.e. did they cut your belly open to take the baby out?

ID	Name	Label	Type	Format	Question
V3040	MN19A	Decision for caesarean made before the onset of labour or after	discrete	numeric	When was the decision made to have the caesarean section? Was it before or after labor pains started?
V3041	MN20	Size of child at birth	discrete	numeric	When (name) was born, was he/she very large, larger than average, average, smaller than average or very small?
V3042	MN21	Child weighed at birth	discrete	numeric	Was (name) weighed at birth?
V3043	MN22A	Weight from card or recall	discrete	numeric	How much did (name) weigh?
V3044	MN22	Weight at birth (Kilograms)	contin	numeric	How much did (name) weigh?
V3045	MN23	Menstrual period returned since the birth of child	discrete	numeric	Has your menstrual period returned since the birth of (name)?
V3046	MN24	Ever breastfeed	discrete	numeric	Did you ever breastfed (name)?
V3047	MN25U	Time baby put to breast (unit)	discrete	numeric	How long after birth did you first put (name) to the breast?
V3048	MN25N	Time baby put to breast (number)	discrete	numeric	How long after birth did you first put (name) to the breast?
V3049	MN26	Within first 3 days after delivery, child given anything to drink other than breast milk	discrete	numeric	In the first three days after delivery, was (name) given anything to drink other than breast milk?
V3050	MN27A	Child given to drink - Milk (other than breast milk)	discrete	character	What was (name) given to drink?
V3051	MN27B	Child given to drink - Plain water	discrete	character	What was (name) given to drink?
V3052	MN27C	Child given to drink - Sugar or glucose water	discrete	character	What was (name) given to drink?
V3053	MN27D	Child given to drink - Gripe water	discrete	character	What was (name) given to drink?
V3054	MN27E	Child given to drink - Sugar - salt - water solution	discrete	character	What was (name) given to drink?
V3055	MN27F	Child given to drink - Fruit juice	discrete	character	What was (name) given to drink?
V3056	MN27G	Child given to drink - Infant formula	discrete	character	What was (name) given to drink?
V3057	MN27H	Child given to drink - Tea / Herbal infusion	discrete	character	What was (name) given to drink?
V3058	MN27X	Child given to drink - Other	discrete	character	What was (name) given to drink?
V3059	MN27Z	Child given to drink - DK	discrete	character	What was (name) given to drink?
V3060	MN27AA	Child in the room after birth	discrete	numeric	Did auxiliary nurse visit you after coming home, within one week of giving birth?
V3061	MN27BB	Patronage nurse visit at your home	discrete	numeric	Did patronage nurse visit you at your home in the week you returned home after delivery?
V3062	MN27CC	Number of times patronage nurse visit	discrete	numeric	How many times did patronage nurse visit you after birth?
V3063	IS2A	Symptoms: Child not able to drink or breastfeed	discrete	character	Sometimes children have severe illness and should be taken immediately to a doctor. in case of what symptoms of illness would you take the child to the doctor right away?
V3064	IS2B	Symptoms: Child becomes sicker	discrete	character	Sometimes children have severe illness and should be taken immediately to a doctor. in case of what symptoms of illness would you take the child to the doctor right away?
V3065	IS2C	Symptoms: Child develops a fever	discrete	character	Sometimes children have severe illness and should be taken immediately to a doctor. in case of what symptoms of illness would you take the child to the doctor right away?

ID	Name	Label	Type	Format	Question
V3066	IS2D	Symptoms: Child has fast breathing	discrete	character	Sometimes children have severe illness and should be taken immediately to a doctor. in case of what symptoms of illness would you take the child to the doctor right away?
V3067	IS2E	Symptoms: Child has difficulty breathing	discrete	character	Sometimes children have severe illness and should be taken immediately to a doctor. in case of what symptoms of illness would you take the child to the doctor right away?
V3068	IS2F	Symptoms: Child has blood in stools	discrete	character	Sometimes children have severe illness and should be taken immediately to a doctor. in case of what symptoms of illness would you take the child to the doctor right away?
V3069	IS2G	Symptoms: Child is drinking poorly	discrete	character	Sometimes children have severe illness and should be taken immediately to a doctor. in case of what symptoms of illness would you take the child to the doctor right away?
V3070	IS2X	Symptoms: Other	discrete	character	Sometimes children have severe illness and should be taken immediately to a doctor. in case of what symptoms of illness would you take the child to the doctor right away?
V3071	IS2Y	Symptoms: Other	discrete	character	Sometimes children have severe illness and should be taken immediately to a doctor. in case of what symptoms of illness would you take the child to the doctor right away?
V3072	IS2Z	Symptoms: Other	discrete	character	Sometimes children have severe illness and should be taken immediately to a doctor. in case of what symptoms of illness would you take the child to the doctor right away?
V3073	CP0A	Heard of: Female sterilization	discrete	numeric	I would like to talk with you about another subject - family planning couples use various ways or methods to delay or avoid pregnancy. Have you heard of: Female sterilization
V3074	CP0B	Heard of: Male sterilization	discrete	numeric	I would like to talk with you about another subject - family planning couples use various ways or methods to delay or avoid pregnancy. Have you heard of: Male sterilization
V3075	CP0C	Heard of: IUD	discrete	numeric	I would like to talk with you about another subject - family planning couples use various ways or methods to delay or avoid pregnancy. Have you heard of: IUD

V3079	CP0G	Heard of: Male condom	discrete	numeric	I would like to talk with you about another subject - family planning couples use various ways or methods to delay or avoid pregnancy. Have you heard of: Condom
V3080	CP0H	Heard of: Female condom	discrete	numeric	I would like to talk with you about another subject - family planning couples use various ways or methods to delay or avoid pregnancy. Have you heard of: Female condom
V3081	CP0I	Heard of: Diaphragm	discrete	numeric	I would like to talk with you about another subject - family planning couples use various ways or methods to delay or avoid pregnancy. Have you heard of: Diaphragm
V3082	CP0J	Heard of: Foam / Jelly	discrete	numeric	I would like to talk with you about another subject - family planning couples use various ways or methods to delay or avoid pregnancy. Have you heard of: Foam / Jelly
V3083	CP0L	Heard of: Periodic abstinence / Rhythm	discrete	numeric	I would like to talk with you about another subject - family planning couples use various ways or methods to delay or avoid pregnancy. Have you heard of: Periodic abstinence / Rhythm method
V3084	CP0M	Heard of: Withdrawal	discrete	numeric	I would like to talk with you about another subject - family planning couples use various ways or methods to delay or avoid pregnancy. Have you heard of: Withdrawal

ID	Name	Label	Type	Format	Question
V3085	CP0N	Heard of: Emergency contraception	discrete	numeric	I would like to talk with you about another subject - family planning couples use various ways or methods to delay or avoid pregnancy. Have you heard of: Emergency contraception
V3086	CP0X	Heard of: Any other method	discrete	numeric	I would like to talk with you about another subject - family planning couples use various ways or methods to delay or avoid pregnancy. Have you heard of: Any other ways or method
V3087	CP1	Currently pregnant	discrete	numeric	Are you pregnant now?
V3088	CP2	Currently using a method to avoid pregnancy	discrete	numeric	Are you currently doing something or using any method to delay or avoid getting pregnant?
V3089	CP2A	Ever used a method to avoid pregnancy	discrete	numeric	Have you ever done something or used any method to delay or avoid getting pregnant?
V3090	CP2B	Reasons for never using any method	discrete	numeric	Why have you never done something or used my method to avoid or delay getting pregnant?
V3091	CP3A	Current method: Female sterilization	discrete	character	Couples use various ways or methods to delay or avoid pregnancy. What are you or your partner doing to delay or avoid pregnancy? Do you use one or more of the following ways/methods: Female Sterilization: Women can have an operation to avoid having any more children.
V3092	CP3B	Current method: Male sterilization	discrete	character	Couples use various ways or methods to delay or avoid pregnancy. What are you or your partner doing to delay or avoid pregnancy? Do you use one or more of the following ways/methods: Male Sterilization: Men can have an operation to avoid having any more children.
V3093	CP3C	Current method: IUD	discrete	character	Couples use various ways or methods to delay or avoid pregnancy. What are you or your partner doing to delay or avoid pregnancy? Do you use one or more of the following ways/methods: IUD: Women can have a loop or coil placed inside them by a doctor or a nurse.
V3094	CP3D	Current method: Injectables	discrete	character	Couples use various ways or methods to delay or avoid pregnancy. What are you or your partner doing to delay or avoid pregnancy? Do you use one or more of the following ways/methods: Injectables: Women can have an injection by a health provider, that stops her from becoming pregnant for one or more months.
V3095	CP3E	Current method: Implants	discrete	character	Couples use various ways or methods to delay or avoid pregnancy. What are you or your partner doing to delay or avoid pregnancy? Do you use one or more of the following ways/methods: Implants: Women can have one or more small implants placed in their upper arm by a doctor or nurse which can prevent pregnancy for one or more years.
V3096	CP3F	Current method: Pill	discrete	character	Couples use various ways or methods to delay or avoid pregnancy. What are you or your partner doing to delay or avoid pregnancy? Do you use one or more of the following ways/methods: Pill: Women have to take a pill every day to avoid becoming pregnant.
V3097	CP3G	Current method: Male condom	discrete	character	Couples use various ways or methods to delay or avoid pregnancy. What are you or your partner doing to delay or avoid pregnancy? Do you use one or more of the following ways/methods: Male Condom: Men can put a rubber condom on their penis before or during the sexual intercourse.
V3098	CP3H	Current method: Female condom	discrete	character	Couples use various ways or methods to delay or avoid pregnancy. What are you or your partner doing to delay or avoid pregnancy? Do you use one or more of the following ways/methods: Female Condom: Women can place a sheath in their vagina before sexual intercourse.

ID	Name	Label	Type	Format	Question
V3099	CP3I	Current method: Diaphragm	discrete	character	Couples use various ways or methods to delay or avoid pregnancy. What are you or your partner doing to delay or avoid pregnancy? Do you use one or more of the following ways/methods: Diaphragm: Women can place a soft rubber cup in their vagina to block sperm from entering uterus or tubes.
V3100	CP3J	Current method: Foam / Jelly	discrete	character	Couples use various ways or methods to delay or avoid pregnancy. What are you or your partner doing to delay or avoid pregnancy? Do you use one or more of the following ways/methods: Foam, Jelly: Women may be using spermicides such as foam, jelly, cream that are used to kill sperm or make sperm unable to move to the egg.
V3101	CP3L	Current method: Periodic abstinence / Rhythm	discrete	character	Couples use various ways or methods to delay or avoid pregnancy. What are you or your partner doing to delay or avoid pregnancy? Do you use one or more of the following ways/methods: Rhythm Method: Woman can avoid pregnancy by not having sexual intercourse on the days of the month she is most likely to get pregnant.
V3102	CP3M	Current method: Withdrawal	discrete	character	Couples use various ways or methods to delay or avoid pregnancy. What are you or your partner doing to delay or avoid pregnancy? Do you use one or more of the following ways/methods: Withdrawal: Men can be careful and pull out before climax.
V3103	CP3X	Current method: Other	discrete	character	Couples use various ways or methods to delay or avoid pregnancy. What are you or your partner doing to delay or avoid pregnancy? Do you use one or more of the following ways/methods: Other
V3104	UN2	Wanted to get pregnant at the time	discrete	numeric	Now, I would like to talk to you about your current pregnancy. When you got pregnant, did you want to get pregnant at that time?
V3105	UN3	Wanted baby later or did not want more children	discrete	numeric	Did you want to have a baby later on or did you not want any (more) children?
V3106	UN4	Would like to have another child (currently pregnant)	discrete	numeric	Now I would like to ask some questions about the future. After the child you are now expecting, would you like to have another child, or would you prefer not to have any more children?
V3107	UN6	Would like to have another child (not currently pregnant)	discrete	numeric	Now I would like to ask you some questions about the future. Would you like to have (a/another) child, or would you prefer not to have any (more) children?
V3108	UN7U	Desired waiting time (unit)	discrete	numeric	How long would you like to wait before the birth of (a/another) child?
V3109	UN7N	Desired waiting time (number)	discrete	numeric	How long would you like to wait before the birth of (a/another) child?
V3110	UN10	Able to get pregnant	discrete	numeric	Do you think you are physically able to get pregnant at this time?
V3111	UN11A	Reason: Infrequent sex / No sex	discrete	character	Why do you think you are not physically able to get pregnant?
V3112	UN11B	Reason: Menopausal	discrete	character	Why do you think you are not physically able to get pregnant?
V3113	UN11C	Reason: Never menstruated	discrete	character	Why do you think you are not physically able to get pregnant?
V3114	UN11D	Reason: Hysterectomy	discrete	character	Why do you think you are not physically able to get pregnant?
V3115	UN11E	Reason: Trying to get pregnant for 2 years without result	discrete	character	Why do you think you are not physically able to get pregnant?
V3116	UN11F	Reason: Postpartum amenorrheic	discrete	character	Why do you think you are not physically able to get pregnant?

ID	Name	Label	Type	Format	Question
V3117	UN11G	Reason: Breastfeeding	discrete	character	Why do you think you are not physically able to get pregnant?
V3118	UN11H	Reason: Too old	discrete	character	Why do you think you are not physically able to get pregnant?
V3119	UN11I	Reason: Fatalistic	discrete	character	Why do you think you are not physically able to get pregnant?
V3120	UN11X	Reason: Other	discrete	character	Why do you think you are not physically able to get pregnant?
V3121	UN11Z	Reason: Don't know	discrete	character	Why do you think you are not physically able to get pregnant?
V3122	UN13U	Start of last menstrual period (unit)	discrete	numeric	When did your last menstrual period start?
V3123	UN13N	Start of last menstrual period (number)	contin	numeric	When did your last menstrual period start?
V3124	DV1A	If she goes out without telling husband: wife beating justified	discrete	numeric	Sometimes a husband is annoyed or angered by things that his wife does. In your opinion, is a husband justified in hitting or beating his wife in the following situations: If she goes out without telling him?
V3125	DV1B	If she neglects the children: wife beating justified	discrete	numeric	Sometimes a husband is annoyed or angered by things that his wife does. In your opinion, is a husband justified in hitting or beating his wife in the following situations: If she neglects the children?
V3126	DV1C	If she argues with husband: wife beating justified	discrete	numeric	Sometimes a husband is annoyed or angered by things that his wife does. In your opinion, is a husband justified in hitting or beating his wife in the following situations: If she argues with him?
V3127	DV1D	If she refuses sex with husband: wife beating justified	discrete	numeric	Sometimes a husband is annoyed or angered by things that his wife does. In your opinion, is a husband justified in hitting or beating his wife in the following situations: If she refuses to have sex with him?

V3130	MA2	Age of husband/partner	contin	numeric	How old is your husband/partner?
V3131	MA5	Ever married or lived with a man	discrete	numeric	Have you ever been married or lived together with a man as if married?
V3132	MA6	Marital status	discrete	numeric	What is your marital status now: are you widowed, divorced or separated?
V3133	MA7	Married or lived with a man once or more than once	discrete	numeric	Have you been married or lived with a man only once or more than once?
V3134	MA8M	Month of first union	discrete	numeric	In what month and year did you first marry or start living with a man as if married?
V3135	MA8Y	Year of first union	contin	numeric	In what month and year did you first marry or start living with a man as if married?
V3136	MA9	Age at first union	discrete	numeric	How old were you when you started living with your first husband/partner?
V3137	MA8C	Date of first union (CMC)	discrete	numeric	
V3138	MA8F	Date flag for MA8C	discrete	numeric	
V3139	MA9C	Age at first union (calculated)	discrete	numeric	

ID	Name	Label	Type	Format	Question
V3140	LS2	Estimation of overall happiness	discrete	numeric	Now I would like to ask you some simple questions on happiness and satisfaction. First, taking all things together, would you say you are very happy, somewhat happy, neither happy nor unhappy, somewhat unhappy or very unhappy? You can also look at these pictures to help you with your response.
V3141	LS3	Satisfaction with family life	discrete	numeric	Now I will ask you questions about your level of satisfaction in different areas. In each case, we have five possible responses. Please tell me, for each question, whether you are very satisfied, somewhat satisfied, neither satisfied nor unsatisfied, somewhat unsatisfied or very unsatisfied. Again, you can look at these pictures to help you with your response. How satisfied are you with your family life?
V3142	LS4	Satisfaction with friendships	discrete	numeric	How satisfied are you with your friendships?
V3143	LS5	School attendance during the current school year	discrete	numeric	During the current school year, did you attend school at any time?
V3144	LS6	Satisfaction with school	discrete	numeric	How satisfied are/were you with your school?
V3145	LS7	Satisfaction with current job	discrete	numeric	How satisfied are you with your current job?
V3146	LS8	Satisfaction with health	discrete	numeric	How satisfied are you with your health?
V3147	LS9	Satisfaction with current residence	discrete	numeric	How satisfied are you with where you live? If necessary, explain that the question refers to the living environment, including the neighbourhood and the dwelling.
V3148	LS10	Satisfaction with treatment by other people	discrete	numeric	How satisfied are you with how people around you generally treat you?
V3149	LS11	Satisfaction with appearance	discrete	numeric	How satisfied are you with the way you look?
V3150	LS12	Satisfaction with life overall	discrete	numeric	How satisfied are you with your life, overall?
V3151	LS13	Satisfaction with current income	discrete	numeric	How satisfied are you with your current income?
V3152	LS14	Life satisfaction in comparison with last year	discrete	numeric	Compared to this time last year, would you say that your life has improved, stayed more or less the same, or worsened, overall?
V3153	LS15	Life satisfaction expectation one year from now	discrete	numeric	And in one year from now, do you expect that your life will be better, will be more or less the same, or will be worse, overall?

Day of birth of child (AG1D)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 1-99

Valid cases: 1515
Invalid: 41
Minimum: 1
Maximum: 98

Source of information

The mother or caretaker of the child under five.

Literal question

Now I would like to ask you some questions about (name) health.
In what day, month and year was (name) born?

Interviewer instructions

Day of birth of child (AG1D)

File: ch

Ask the mother or primary caretaker for the child's date of birth. Probe: "What is his/her birthday?" It is important to record the child's month and year of birth accurately.

If the mother/primary caretaker knows the exact birth date, including the day, enter the day of birth. Otherwise, circle '98' for 'DK day'. You do not need to probe further for day of birth.

Convert the month to a number as you have done before. Enter the number in the space provided. If the month or day contains only one digit, use a leading zero. For example, the month of March is coded as '03'. Note that you are not allowed to enter 'DK' for month or year of birth. You have to obtain month and year of birth of the child.

If the survey is conducted in 2012, the year of birth of the child cannot be earlier than 2007 and if the survey is conducted in 2013, the year of birth of the child cannot be earlier than 2008.

If the mother/primary caretaker is unable to provide the date of birth information, ask whether she/he has any documentation such as an identification card, health card, horoscope, or a birth or baptismal certificate that might give the date of birth of the child. However, confirm with the respondent that the date of birth recorded on such documents is indeed correct.

Ask AG1 and AG2 independently. Then, check for consistency between the date of birth and completed age.

Month of birth of child (AG1M)

File: ch

Overview

Type: Discrete

Age of child (AG2)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 0-4

Valid cases: 1515
Invalid: 41

Source of information

The mother or caretaker of the child under five.

Literal question

How old is (name)?

Interviewer instructions

After having obtained the child's date of birth, ask the child's age in completed years, and record in the space provided. Remember, ages must refer to the last birthday. Probe if necessary by asking "How old was (name) at his/her last birthday?"

If the mother/primary caretaker does not know the current age of the child, try asking "How many years ago was (name) born?" You may help the respondent by relating the child's age to that of other children or to some important event or to the season of birth, by asking, for example, "How many wet seasons ago was (name) born?"

Record age in completed years. Record '0' if the child is less than 1 year old.

Ask AG1 and AG2 independently. Then, check for consistency between the date of birth and completed age.

Birth certificate (BR1)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 1515
Invalid: 41

Source of information

The mother or caretaker of the child under five.

Literal question

Does (name) have a birth certificate?

Interviewer instructions

This question aims to provide an estimate of the extent of birth registration in your country. Respondents must be assured that the information about individual families will never be given to authorities, and that they cannot be identified in any way.

If the answer is yes, ask "May I see it?" and circle the appropriate corresponding code, noting whether or not the certificate was seen. If the child has a birth certificate and it was seen, circle '1' and go to next module. If the child has a birth certificate but the mother/primary caretaker is unable to show you the certificate, circle '2' and go to next module. If the child does not have a birth certificate '3' or the respondent does not know '8' continue to the next question.

Birth registered (BR2)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 117
Invalid: 1439

Source of information

The mother or caretaker of the child under five.

Literal question

Has (name) been registered with the civil authorities?

Interviewer instructions

Circle the code corresponding to the response. If the answer is 'Yes', go to next module. If the child's birth has not been registered with civil authorities or the respondent does not know, continue to the next question.

Know how to register birth (BR3)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 52
Invalid: 1504

Source of information

The mother or caretaker of the child under five.

Literal question

Do you know how to register your child's birth?

Interviewer instructions

Know how to register birth (BR3)

File: ch

The purpose of this question is to assess how important lack of knowledge (of the process of registering or, if applicable, the place to go to register) may be among the reasons for non-registration. This information can inform advocacy efforts and help in the formulation of education campaigns.

Circle the code corresponding to the response.

Health insurance card (BR3A)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 1515
Invalid: 41

Source of information

The mother or caretaker of the child under five.

Literal question

Does (name) have a health insurance card?

Interviewer instructions

If "yes", ask:
May I see it?

Applied for birth grant (BG1)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 1515
Invalid: 41

Source of information

The mother or caretaker of the child under five.

Literal question

Did you apply for the birth grant for (name) no later than six month after he/she was born?

Explain, if necessary:

When I say the birth grant I mean financial subsidy parent is entitled to after a child is born and the first four children in the family are entitled to it. One can apply within the first six months of the child's birth.

Received the birth grant (BG2)

File: ch

Overview

Type: Discrete
Format: numeric

Literal question

What is the main reason you did not apply for the birth grant?

Number of children's books or picture books for child (EC1)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 0-99

Valid cases: 1515
Invalid: 41

Source of information

The mother or caretaker of the child under five.

Literal question

How many children's books or picture books (name) has?

Interviewer instructions

This question asks specifically about children's books or picture books for the child. This excludes schoolbooks (appropriate for or belonging to older children), as well as other books for adults that are present in the household.

Record the number of books in the space provided. There is no need to make an actual count of books yourself. Rely on the respondent's answer, and avoid asking to see and count the books yourself, since this is likely to require extra time. If the respondent is unsure about the number of children's books or picture books and is not able to provide an answer the first time you ask the question, ask her/him if there are more than 10 such books. If yes, circle '10'. If she/he says that there are less than 10 such books, probe further to get an exact number. If there are no such books in the household, record '00'.

Homemade toys (EC2A)

File: ch

Invalid: 41

Source of information

Homemade toys (EC2A)

File: ch

The mother or caretaker of the child under five.

Literal question

I am interested in learning about the things that (name) plays with when he/she is at home.

Does he/she play with: homemade toys (such as dolls, cars or some other toys made at home)?

Interviewer instructions

This question is used to learn about different types of playthings used by the child. We want to know if the child has objects to play with, and what these are, even if they do not include store-bought toys. We are interested in learning about other objects that are used as playthings, such as ordinary household objects and natural materials.

Extra care should be taken to ask this question and record the responses. Experience has shown that respondents find it very easy to give the same answer to a list of different playthings. Often they will answer 'Yes' to all items, whether or not it is true, perhaps because they think this is the 'correct' response or one that will please the interviewer.

Do not pause after reading the first sentence and continue by saying "Does he/she play with" and start asking whether the child plays with playthings from each of the categories listed. For example, ask: "Does he/she play with homemade toys (such as dolls, cars, or other toys made at home)?" and so on.

If the respondent answers 'Yes' to any of these prompted categories, then probe to learn specifically what the child plays with to ascertain the response. For example, probe by saying "What does he/she specifically play with?" or "Can you please give an example?" If you ascertain that the child uses playthings that would fall into each of the prompted categories, circle '1'. If the child doesn't play with items mentioned in a specific category, or the respondent doesn't know circle '2' or '8', for that specific category. Read each category aloud and circle the code corresponding to the response before proceeding to the next category.

Toys from shops (EC2B)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 1515
Invalid: 41

Source of information

The mother or caretaker of the child under five.

Literal question

I am interested in learning about the things that (name) plays with when he/she is at home.

Does he/she play with: toys from a shop or manufactured toys?

Interviewer instructions

This question is used to learn about different types of playthings used by the child. We want to know if the child has objects to play with, and what these are, even if they do not include store-bought toys. We are interested in learning about other objects that are used as playthings, such as ordinary household objects and natural materials.

Extra care should be taken to ask this question and record the responses. Experience has shown that respondents find it very easy to give the same answer to a list of different playthings. Often they will answer 'Yes' to all items, whether or not it is true, perhaps because they think this is the 'correct' response or one that will please the interviewer.

Do not pause after reading the first sentence and continue by saying "Does he/she play with" and start asking whether the child plays with playthings from each of the categories listed. For example, ask: "Does he/she play with homemade toys (such as dolls, cars, or other toys made at home)?" and so on.

If the respondent answers 'Yes' to any of these prompted categories, then probe to learn specifically what the child plays with to ascertain the response. For example, probe by saying "What does he/she specifically play with?" or "Can you please give an example?" If you ascertain that the child uses playthings that would fall into each of the prompted categories, circle '1'. If the child doesn't play with items mentioned in a specific category, or the respondent doesn't know circle '2' or '8', for that specific category. Read each category aloud and circle the code corresponding to the response before proceeding to the next category.

Household objects or outside objects (EC2C)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 1515
Invalid: 41

Source of information

The mother or caretaker of the child under five.

Literal question

I am interested in learning about the things that (name) plays with when he/she is at home.

Does he/she play with: household objects (such as bowls or pots) or objects found outside (such as sticks, rocks, leaves etc.)?

Interviewer instructions

This question is used to learn about different types of playthings used by the child. We want to know if the child has objects to play with, and what these are, even if they do not include store-bought toys. We are interested in learning about other objects that are used as playthings, such as ordinary household objects and natural materials.

Extra care should be taken to ask this question and record the responses. Experience has shown that respondents find it very easy to give the same answer to a list of different playthings. Often they will answer 'Yes' to all items, whether or not it is true, perhaps because they think this is the 'correct' response or one that will please the interviewer.

Do not pause after reading the first sentence and continue by saying "Does he/she play with" and start asking whether the child plays with playthings from each of the categories listed. For example, ask: "Does he/she play with homemade toys (such as dolls, cars, or other toys made at home)?" and so on.

If the respondent answers 'Yes' to any of these prompted categories, then probe to learn specifically what the child plays with to ascertain the response. For example, probe by saying "What does he/she specifically play with?" or "Can you please give an example?" If you ascertain that the child uses playthings that would fall into each of the prompted categories, circle '1'. If the child doesn't play with items mentioned in a specific category, or the respondent doesn't know circle '2' or '8', for that specific category. Read each category aloud and circle the code corresponding to the response before proceeding to the next category.

In past week, days left alone for more than 1 hour (EC3A)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 0-9

Valid cases: 1515
Invalid: 41

Source of information

The mother or caretaker of the child under five.

Literal question

Adults who care for a child sometimes have to go out shopping, to visit doctor or have to leave young children for any other reason.

Last week, how many days was (name): left alone longer than an hour?

Interviewer instructions

In past week, days left alone for more than 1 hour (EC3A)

File: ch

This question is used to assess whether children are at increased risk, either because they are left alone or are left with a child as caregiver. These situations have been shown to be associated with higher risk for children.

The question sets up a hypothetical situation, one in which the mother/primary caretaker would be gone for more than just a moment - situations in which the child could be left alone for an hour or more. The question specifies that we want to know about situations in which the respondent actually leaves the premises, not simply going out of sight of the child, such as to another part or another room of the house.

Enter the response in the spaces provided. If the child was not left in the care of another child during this period, enter '0' for 'None'. If the answer is "don't know", enter "8". Note that 'another child' is defined as a child less than 10 years old.

In past week, days left with other child for more than 1 hour (EC3B)

Attends early childhood education programme (EC5)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 644
Invalid: 912

Source of information

The mother or caretaker of the child under five.

Literal question

Does (name) attend kindergarten or any organized learning or early childhood education programme?
These can be private, government or NGO programmes.

Interviewer instructions

Attends early childhood education programme (EC5)

File: ch

This question aims to find out if the child is participating in early learning activities. Baby-sitting or child-minding, even if done in a special place such as a day-care centre, does not qualify as such a programme unless it includes organized learning activities. You must ensure that the mother or primary caretaker understands the meaning of 'Early Childhood Education Programme', explaining it as instructed.

Circle the appropriate code. Skip to EC7 if the answer to this question is 'No' or 'DK'.

Read books - Mother (EC7AA)

File: ch

Overview

Type: Discrete
Format: character
Width: 1

Valid cases: 245
Invalid: 0

Source of information

The mother or caretaker of the child under five.

Literal question

In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Read books to (name) or looked at picture books with (name)?

Interviewer instructions

Read each items shown below aloud. If 'No', circle 'Y' and move to the next item on the list. If 'Yes', ask: "Who engaged in this activity with (name)?"

For each activity, circle the code for every person who engaged in the activity with the child before proceeding to the next item. If someone other than the mother or father engaged in the activity with the child, circle 'X'. If the respondent is the primary caretaker of the child and has engaged in any of these activities, code 'X' should be circled.

Note that in a household where there are no adults other than the child's mother and father, 'X' should not be circled. Adults who are not members of the household but who may have engaged in the listed activities with the child should not be coded here.

If the respondent is the primary caretaker of the child and has engaged in any of these activities, code 'X' should be circled.

Note that in a household where there are no adults other than the child's mother and father, 'X' should not be circled. Adults who are not members of the household but who may have engaged in the listed activities with the child should not be coded here.

Played with - Mother (EC7EA)

File: ch

Overview

Type: Discrete
Format: character
Width: 1

Valid cases: 1080
Invalid: 0

Source of information

The mother or caretaker of the child under five.

Literal question

In the past 3 days, did you or any household member over 15 years of age engage in any of the following activities with (name): Played with (name)?

Interviewer instructions

Played with - Mother (EC7EA)

File: ch

Read each items shown below aloud. If 'No', circle 'Y' and move to the next item on the list. If 'Yes', ask: "Who engaged in this activity with (name)?"

For each activity, circle the code for every person who engaged in the activity with the child before proceeding to the next item. If someone other than the mother or father engaged in the activity with the child, circle 'X'. If the respondent is the primary caretaker of the child and has engaged in any of these activities, code 'X' should be circled.

Note that in a household where there are no adults other than the child's mother and father, 'X' should not be circled. Adults who are not members of the household but who may have engaged in the listed activities with the child should not be coded here.

Child identifies at least ten letters of the alphabet (EC8)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 644
Invalid: 912

Source of information

The mother or caretaker of the child under five.

Literal question

I would like to ask you some questions about the health and development of your child. Children do not all develop and learn at the same rate. For example, some of them take first steps before others. These questions are related to several aspects of your child's development.

Can (name) recognize or name at least ten letters of the alphabet?

Interviewer instructions

Circle the code corresponding to the response. A 'Yes' answer means that the child can name ten or more letters of the alphabet while a 'No' answer means that the child can name less than ten or none at all.

Child reads at least four simple, popular words (EC9)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 644
Invalid: 912

Source of information

The mother or caretaker of the child under five.

Literal question

Can (name) read at least four simple, popular words?

Interviewer instructions

Circle the code corresponding to the response. A 'Yes' response means that the child can read at least four simple, popular words while a 'No' response means that the child can only read one or two, or none at all.

Child knows name and recognizes symbol of all numbers from 1-10 (EC10)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 644
Invalid: 912

Source of information

The mother or caretaker of the child under five.

Literal question

Does (name) know and can recognize all numbers from 1 to 10?

Interviewer instructions

Circle the code corresponding to the response. If parent seems hesitant, prompt with "does the child know '1'? Does the child know 2?" etc. A 'Yes' answer means that the child can recognize the symbol of all numbers from 1 to 10 while a 'No' answer means that the child can recognize less than ten or none at all.

Child able to pick up small object with 2 fingers (EC11)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 644
Invalid: 912

Source of information

The mother or caretaker of the child under five.

Literal question

Can (name) pick up a small object with two fingers, like a stick or a rock from the ground?

Interviewer instructions

Circle the code corresponding to the response. If necessary, use the pen you are holding to demonstrate the grip. Consider the small objects mentioned before when asking about the items children play with (sticks, rocks, animal shells or leaves). A 'Yes' answer means that the child is able to pick up small objects without difficulty while a 'No' answer means that the child seems to have difficulty with small items.

Child sometimes too sick to play (EC12)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 644
Invalid: 912

Source of information

The mother or caretaker of the child under five.

Literal question

Is (name) sometimes too sick to play?

Interviewer instructions

Circle the code corresponding to the response. A 'Yes' answer means that the child often gets sick and cannot play or do many physical activities, while a 'No' answer is in cases when the child is consistently ready to be active and play and only appears tired when it is appropriate for him/her to be so (e.g., in the evening; at the usual nap time).

Child follows simple directions (EC13)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 644
Invalid: 912

Source of information

The mother or caretaker of the child under five.

Literal question

Does (name) follow simple directions on how to do something correctly?

Interviewer instructions

Circle the code corresponding to the response. A 'Yes' answer means that the child can do things easily and correctly when asked to do so while a 'No' answer means that the child usually does not accomplish the simple tasks she/he is given successfully. Do not concern yourself with the reasons why not.

Child able to do something independently (EC14)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 644
Invalid: 912

Source of information

The mother or caretaker of the child under five.

Literal question

When told to do something, can (name) do it on his/her own?

Interviewer instructions

Circle the code corresponding to the response. A 'Yes' answer means that the child is able to occupy herself/himself independently for an appropriate length of time, without constant asking for assistance or giving up quickly (e.g., colouring, building structures, etc.) while a 'No' answer means that the child cannot occupy herself/himself independently, asks for help or assistance, or gives up the work/play easily if not provided with help.

Child gets along well with other children (EC15)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 644
Invalid: 912

Source of information

The mother or caretaker of the child under five.

Literal question

Does (name) get on well with other children?

Interviewer instructions

Circle the code corresponding to the response. A 'Yes' answer means that the child does well playing and interacting with other children while a 'No' answer means that the child is uncomfortable around other children, prefers to be alone, or gets into conflicts.

Child kicks, bites or hits other children or adults (EC16)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 644
Invalid: 912

Source of information

The mother or caretaker of the child under five.

Literal question

Does (name) kick, bite or hit other children or adults?

Interviewer instructions

Circle the code corresponding to the response. A 'Yes' answer means that the parent has noticed that the child can physically hurt (kick, bite, hit) other children while a 'No' answer means that the child does not do it. Do not concern yourself with what may be the reason of such behaviour (e.g., if parent tries to explain the reasons, or excuse the child).

Child gets distracted easily (EC17)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 644
Invalid: 912

Source of information

The mother or caretaker of the child under five.

Literal question

Does (name) lose attention easily?

Interviewer instructions

Circle the code corresponding to the response. A 'Yes' answer means that the child has difficulty sticking with/continuing any activity for the necessary length of time, gets easily distracted by anything happening around her/him, or finds other activities before completing the one started while a 'No' answer means that the child doesn't get easily distracted.

Child ever been breastfed (BD2)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 871
Invalid: 685

Source of information

The mother or caretaker of the child under five.

Literal question

Has (name) ever been breastfed?

Child still being breastfed (BD3)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 818
Invalid: 738

Source of information

The mother or caretaker of the child under five.

Literal question

Is he/she still being breastfed?

Child drank anything else from the bottle with a nipple yesterday (BD4)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 871
Invalid: 685

Source of information

The mother or caretaker of the child under five.

Literal question

Yesterday, during the day or night, did (name) drink anything from a bottle with a nipple?

Child drank ORS yesterday (BD5)

File: ch

Overview

Type: Discrete
Format: numeric

Measurer's identification code (AN1)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 3
Decimals: 0
Range: 97-117

Valid cases: 1515
Invalid: 41

Source of information

Interview information fields completed by interviewer

Pre question

Measurer's name and identification code:

Interviewer instructions

You should enter the name and two-digit identification number of the person who performed the measurements in the space provided. This would normally be the measurer.

Result of height / length and weight measurement (AN2)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 1515
Invalid: 41

Source of information

Interview information fields completed by interviewer

Interviewer instructions

Circle the appropriate code corresponding to the result of the measurement. If the reason is 'Other', write a description in the line provided and circle '6'.

Child's weight (kilograms) (AN3)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 4
Decimals: 1
Range: 2.4-99.9

Valid cases: 1387
Invalid: 169
Minimum: 2.4
Maximum: 99.9

Source of information

Interview information fields completed by interviewer

Interviewer instructions

The child should be weighed according to the instructions given during training. Record exactly as is shown on the scale, in kilograms with one decimal point. Place the kilograms to the left of the decimal point and grams to the right of the decimal point. Use a leading zero if the number of kilograms is one digit. If the weight is not measured circle '99.9'.

Child undressed to the minimum (AN3A)

File: ch

Overview

Child undressed to the minimum (AN3A)

File: ch

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 1387
Invalid: 169

Literal question

Was the child undressed to the minimum?

Child's length or height (centimetres) (AN4)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 5
Decimals: 1
Range: 46.8-999.9

Valid cases: 1387
Invalid: 169
Minimum: 46.8
Maximum: 999.9

Source of information

Interview information fields completed by interviewer

Interviewer instructions

Check the age of the child in AG2. If the child is under 2 years old, check the appropriate box, circle '1' and then measure and record recumbent length (that is, lying down), to the nearest tenth of a centimetre. If the child is age two or older, check the corresponding box, circle '2', and then measure and record standing height. Write a zero first if the number of centimetres is two digits.

Child measured lying or standing (AN4A)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 1386
Invalid: 170

Source of information

Interview information fields completed by interviewer

Interviewer instructions

Check the age of the child in AG2. If the child is under 2 years old, check the appropriate box, circle '1' and then measure and record recumbent length (that is, lying down), to the nearest tenth of a centimetre. If the child is age two or older, check the corresponding box, circle '2', and then measure and record standing height. Write a zero first if the number of centimetres is two digits.

Area (HH6)

File: ch

Overview

Type: Discrete	Valid cases: 1556
Format: numeric	Invalid: 0
Width: 1	
Decimals: 0	
Range: 1-2	

Pre question

Type of settlement:

Interviewer instructions

Circle the code for area of residence as instructed/provided by your supervisor. This will have been pre-determined; you will not be required to assess whether the household is in an urban or rural area.

Region (HH7)

File: ch

Overview

Type: Discrete	Valid cases: 1556
Format: numeric	Invalid: 0
Width: 1	
Decimals: 0	
Range: 1-4	

Interviewer instructions

Circle the code for region as instructed/provided by your supervisor.

Sex (HL4)

File: ch

Overview

Sex (HL4)

File: ch

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 1556
Invalid: 0

Source of information

The mother or caretaker of the child under five.

Literal question

Is (name) male or female?

Interviewer instructions

Circle '1' for 'Male' and '2' for 'Female'. Do not guess the sex of the household member from the name provided to you. When the respondent is listing everyone in the household, he/she may indicate the sex of the person at the same time, by saying "My sister Mary," for instance. In this case, you do not need to ask the sex of the household member again, since it is already obvious that the person is a female. However, when a name is mentioned that can be used for both males and females, never use your judgement. Even in cases when you think that the name would most likely be a male's (or a female's) name, have the respondent confirm the sex. This column should never be left blank.

Highest level of education attended (ED4A)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 0-9

Valid cases: 1223
Invalid: 333

Source of information

Head of household or other responsible household member

Literal question

What is the highest level of school (name) attended?

Interviewer instructions

For household members age 5 and above, ask ED1-ED8:

If the person has been to school, record the highest level of schooling attended by circling the code for the response. You may need to probe for the type of school attended. Circle '8' if the respondent 'Doesn't know'. If the highest level of school the child has attended is preschool (Level=0), skip to ED5.

Highest grade completed at that level (ED4B)

File: ch

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 0-99

Valid cases: 1223
Invalid: 333

Source of information

Head of household or other responsible household member

Literal question

What is the highest grade (name) completed at this level?

Interviewer instructions

Highest grade completed at that level (ED4B)

File: ch

For household members age 5 and above, ask ED1-ED8:

Enter the highest grade completed or '98' for 'DK' ('Doesn't know'). If less than one grade, enter '00'. For instance, if a person has attended primary school but did not complete the first grade, then the level for this person will be circled as '1' in ED4A, and the grade will be entered as '00' in ED4B.

Similarly, for a child who is attending grade 5 in primary school at the time of the interview, the level will be coded as '1' and the grade as '04', since this person has not yet completed grade 5.

Note that if the level of schooling is given as preschool in ED4A, the grade should be left blank.

For someone not at school anymore, the highest level attended is the one he/she went to before leaving the education system, even if it was for a few weeks. For someone still at school, the highest level is the one he/she is currently attending (or was attending if we are conducting the interview during a long school break period).

Interviewer instructions

Circle the code for area of residence as instructed/provided by your supervisor. This will have been pre-determined; you will not be required to assess whether the household is in an urban or rural area.

Region (HH7)

File: hh

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-4

Valid cases: 1976
Invalid: 0

Interviewer instructions

Circle the code for region as instructed/provided by your supervisor.

After the HH1-HH7 has been filled out, begin by saying the following to the respondent:

We are from (country-specific affiliation). We are working on a project concerned with family health and education. I would like to talk to you about these subjects. The interview will take about (number) minutes. All the information we obtain will remain strictly confidential and your answers will never be shared with anyone other than our project team. May I start now?

You may change the wording of these introductory sentences as appropriate. However, you must make sure to include the following when you are introducing yourself: the name of the implementing agency; the topic of the survey; approximate duration of the interview; the issue of confidentiality; and with whom you would like to speak. If permission is given, begin the interview. If the respondent does not agree to continue, thank him/her and leave the household to go the next household. Later, discuss the refusal with your supervisor; you or another person from the team may attempt to interview the household for a second time. This will depend on your description of the refusal. However, remember that a household's participation in the survey must be on a voluntary basis, and potential respondents must never be forced to participate.

Result of HH interview (HH9)

Post question

Result of HH interview (HH9)

File: hh

You will complete question HH9 (Result of household interview) as soon as the Household Questionnaire has been completed, or after all attempts have been made to interview the household. Questions HH13, HH13B and HH15 should be filled in once you have concluded all individual interviews for women and men in the household and all interviews for each child under age five have been completed. Assuming that all interviews for the household have been successfully completed, the numbers in HH13, HH13B and HH15 should equal the total number of eligible women (HH12), eligible men (HH13A) and children under five (HH14), respectively. Since the maximum number of women interviewed for the Questionnaire for Individual Women cannot be higher than the number of eligible women in the household, the number in HH13 should never be greater than that in HH12. The same applies in the case of HH13B and HH13A as well as HH15 and HH14.

Interviewer instructions

'Completed': If the Household Questionnaire is completed, circle '01'.

'No household member or no competent respondent at home at time of visit': If the dwelling is occupied, but no one is at home or if there is only a child at home or an adult member who is ill, deaf, or mentally incompetent and you have not been able to contact a more qualified member of the household after repeated visits, circle '02'.

'Entire household absent for extended period of time': If no one is at home and the neighbours say that no one will return for several days or weeks, circle '03'.

'Refused': If the household refuses to be interviewed, circle '04'.

'Dwelling vacant / Address not a dwelling': If a dwelling assigned to you is unoccupied, that is, it is empty with no furniture and is not being lived in, this is what we call "vacant," and you should circle '05'. Other times, you may find that a dwelling is not a residential unit. It is a shop, church, school, workshop, or some other type of facility that is not used as a living area. After making sure there are no residential units in back of or above the premises, circle '05' as the result for the visit.

'Dwelling destroyed': If the dwelling was burned down or was demolished in some other manner, circle '06'.

'Dwelling not found': If you are unable to find the dwelling even after asking people in the area whether they are familiar with the address or the name of the household head on listing forms, circle '07'.

'Other': If you have not been able to complete the Household Questionnaire for another reason, you should circle '96' and specify the reason in the space provided. Some examples of 'Other' codes might be: the household respondent is incapacitated; the questionnaire is partly completed.

Main source of drinking water (WS1)

File: hh

Overview

Type: Discrete	Valid cases: 1743
Format: numeric	Invalid: 233
Width: 2	
Decimals: 0	
Range: 11-99	

Source of information

Head of household or other responsible household member

Literal question

What is the main source of drinking water for members of your household?

Interviewer instructions

Circle the code for the most usual source. If several sources are mentioned, probe to determine the most usual source. Note that you can only circle one response code. If the source varies by season, record the source for the season of the interview. If the response is 'Piped into dwelling', 'Piped into compound, yard or plot', or 'Piped to neighbour' circle '11', '12', or '13' respectively, and skip to WS6. If the response is 'Bottled water' circle '91' and continue to the next question. Note that the next question is only asked if the response to this question is 'Bottled water'. For all other responses, skip to WS3.

Main source of water used for other purposes (if bottled water used for drinking) (WS2)

File: hh

Overview

Main source of water used for other purposes (if bottled water used for drinking) (WS2)

File: hh

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 11-99

Valid cases: 26
Invalid: 1950

Source of information

Head of household or other responsible household member

Literal question

What is the main source of water used by your household for other purposes such as cooking and handwashing?

Interviewer instructions

This question should only be asked to households that use 'Bottled water' for drinking. Circle the code for the most usual source. If the source varies by season, record the source for the season of the interview. If the most usual source of non-drinking water is 'Piped into dwelling', 'Piped into compound, yard or plot', or 'Piped into neighbour', circle '11', '12', or 13 respectively, and skip to WS6. Otherwise circle appropriate code and continue to the next question.

Note that you cannot replace "cooking and handwashing" with other uses of non-drinking water.

Location of the water source (WS3)

File: hh

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 205
Invalid: 1771

Source of information

Head of household or other responsible household member

Literal question

Where is that water source located?

Interviewer instructions

This question should only be asked to households where the main source of water is not a piped system. Circle the code for the location of water source. If the location is in own dwelling or in own yard/plot then circle '1' or '2' and skip to WS6. Otherwise circle appropriate code and continue to the next question.

Time (in minutes) to get water and come back (WS4)

File: hh

Overview

Type: Continuous
Format: numeric
Width: 3
Decimals: 0
Range: 1-999

Valid cases: 118
Invalid: 1858
Minimum: 1
Maximum: 999

Source of information

Head of household or other responsible household member

Literal question

How long does it take to go there, get water, and come back?

Interviewer instructions

Time (in minutes) to get water and come back (WS4)

File: hh

This question is used to find out how convenient the location of the source of water is to the dwelling for households using a water source outside their dwelling. Record the time it takes to get water by whatever means of transportation the person generally uses, whether the person walks or rides a bicycle or motor vehicle.

Fill in the estimated time (in minutes, converting from hours, if necessary) it takes by the usual mode of transport to get to the water source, wait to get water, and get back to the dwelling. Use zero(s) preceding the number if less than 100 minutes (for example, '060' or '005'). Then continue to the next question.

If the respondent tells you that the water is delivered to their dwelling (a situation that could arise if the water comes from a tanker truck or a small cart with a tank), record '000'.

If the respondent does not know how long it takes, circle '998' and continue to the next question.

Person collecting water (WS5)

File: hh

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 118
Invalid: 1858

Source of information

Head of household or other responsible household member

Literal question

Who usually goes to this source to collect the water for your household?

Interviewer instructions

The purpose of this question is to find out the age and gender of the person who usually performs the task of hauling water. This will provide an understanding of whether water hauling responsibilities are given to members of a particular sex or age group.

Probe: "Is this person under age 15? What sex?" Circle the code that corresponds with the response or '8' if the respondent does not know. Adult refers to anyone age 15 or over, regardless of whether he/she is a household member. Child refers to anyone under the age of 15, regardless of whether he/she is a household member.

The purpose of the following two questions, WS6 and WS7, is to determine whether the household drinking water is treated within the household and, if so, what type of treatment is used. This question is intended to gather information on water treatment at the household level and not water treatment at the municipal or vendor level.

Treat water to make safer for drinking (WS6)

File: hh

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 1743
Invalid: 233

Source of information

Head of household or other responsible household member

Literal question

Do you do anything to the water to make it safer to drink?

Interviewer instructions

Treat water to make safer for drinking (WS6)

File: hh

Circle '1' if 'Yes', and continue to the next question. If 'No' or 'DK' (Doesn't know), circle '2' or '8', respectively, and skip to WS8.

Water treatment: Boil (WS7A)

File: hh

Overview

Type: Discrete
Format: character
Width: 1

Valid cases: 36
Invalid: 0

Source of information

Head of household or other responsible household member

Literal question

What do you usually do to make the water safer to drink?

Interviewer instructions

Record all items mentioned.

Circle the code corresponding to the response. The household may be using a method that you know does not make water safer to drink. Do not use your own judgement, just record the response. Record all items mentioned (for example, the household may be filtering the water and adding chlorine at the same time).

Probe: "Anything else?" Circle 'X' for 'Other' and specify on the line provided what the household does to the water to make it safer to drink. Circle 'Z' if the respondent 'Doesn't know'. If 'Z' is circled then the other codes should not be circled.

Definitions of various methods of water treatment are as follows:

'A' - Boil refers to boiling or heating water with fuel.

'B' - Add bleach/chlorine refers to using liquid chlorine bleach or bleaching powder to treat drinking water.

'C' - Strain it through a cloth refers to pouring water through a cloth that acts as a filter for collecting particles from the water.

'D' - Use water filter involves water flowing through a filter made of ceramic, sand or a combination of materials to remove particles and at least some microbes from the water.

'E' - Solar disinfection consists of exposing water, stored in buckets, containers or clear vessels, to sunlight.

'F' - Let it stand and settle refers to storing water undisturbed and without mixing long enough for larger particles to settle to the bottom by gravity. The settled water is carefully removed by decanting, ladling or other gentle methods that do not disturb the settled particles.

Water treatment: Add bleach/chlorine (WS7B)

Type of toilet facility (WS8)

File: hh

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 11-99

Valid cases: 1743
Invalid: 233

Source of information

Head of household or other responsible household member

Pre question

Questions WS8, WS9, WS10 and WS11 are about the toilet facility household members use.

Literal question

What kind of toilet facility do members of your household usually use?

Interviewer instructions

Type of toilet facility (WS8)

File: hh

If necessary ask permission to observe the facility.

The purpose of this question is to obtain a measure of the hygiene of the sanitary facility used by the household members.

It may be necessary to observe the facility. If so, ask permission to do so. If the respondent answers or it is observed that the household members have no facilities or use the bush or field, enter '95' for 'No facilities or bush or field' and skip to the next module.

If any of the flush or pour flush responses (11-15) are given, probe: "Where does it flush to?" Circle the code corresponding to the response given.

Definitions of various types of toilet facilities are as follows:

A flush toilet uses a cistern or holding tank for flushing water and has a water seal, which is a U-shaped pipe, below the seat or squatting pan that prevents the passage of flies and odours. A pour flush toilet uses a water seal, but unlike a flush toilet, a pour flush toilet uses water poured by hand for flushing (no cistern is used).

'11' - A piped sewer system is a system of sewer pipes, also called sewerage, that is designed to collect human excreta (faeces and urine) and wastewater and remove them from the household environment. Sewerage systems consist of facilities for collection, pumping, treating and disposing of human excreta and wastewater.

'12' - A septic tank is an excreta collection device and is a water-tight settling tank normally located underground, away from the house or toilet.

'13' - A flush/pour flush to pit latrine refers to a system that flushes excreta to a hole in the ground and has a water seal.

'14' - A flush/pour flush to somewhere else refers to excreta being deposited in or nearby the household environment (may have a water seal but deposited not into pit, septic tank or sewer); excreta may be flushed to the street, yard/plot, drainage way or other location.

'15' - Flush to unknown place/Not sure/DK where should be coded in cases when the respondent knows that the toilet facility is a flush toilet, but does not know where it flushes to.

'21' - A ventilated improved pit latrine or VIP is a type of pit latrine that is ventilated by a pipe extending above the latrine roof. The open end of the vent pipe is covered with gauze mesh or fly-proof netting and the inside of the superstructure is kept dark.

'22' - A pit latrine with slab uses a hole in the ground for excreta collection and has a squatting slab, platform or seat (made of concrete, steel, or wood to allow standing with ease) that is firmly supported on all sides, easy to clean and raised above the surrounding ground level to prevent surface water from entering the pit.

'23' - A pit latrine without slab/Open pit uses a hole in the ground for excreta collection and does not have a squatting slab, platform, or seat. An open pit is a rudimentary hole in the ground where excreta is collected.

'31' - A composting toilet is a toilet into which excreta and carbon-rich material are added (vegetable wastes, straw, grass, sawdust, ash) and special conditions maintained to produce inoffensive compost.

'41' - Bucket refers to the use of a bucket or other container for the retention of faeces (and sometimes urine and anal cleaning material), which is periodically removed for treatment or disposal.

'51' - A hanging toilet/hanging latrine is a toilet built over the sea, a river, or other body of water into which excreta drops directly.

'95' - No facilities/bush/field includes excreta wrapped and thrown with garbage, the 'cat' method of burying excreta in dirt, defecation in the bush or field or ditch, and defecation into surface water (drainage channel, beach, river, stream or sea).

Survey Coordinators: Adapt these instructions, adding explanations of any additional categories. Be sure to retain the categories shown on the questionnaire. These will determine the number of households to count in the numerator of the water and sanitation indicators. Any other usual types of facilities that do not fit into these categories should also be listed here.

The purpose of the following two questions is to determine whether the household shares their sanitation facility with other households. The shared status of a sanitation facility is important because shared facilities can be less hygienic than facilities used by only a single household. Unhygienic conditions (faeces on the floor, seat or wall and flies) may discourage use of the facility.

Toilet facility shared (WS9)

Literal question

Since last (day of the week), did (name) do any of the following for this household:
Other household tasks?

Number of hours (CL12)

File: hh

Overview

Type: Continuous	Valid cases: 496
Format: numeric	Invalid: 1480
Width: 2	Minimum: 0
Decimals: 0	Maximum: 80
Range: 0-99	

Literal question

Since last (day of the week), about how many hours did (name) engage in this activity/these activities, in total?

Religion of household head (HC1A)

File: hh

Overview

Type: Discrete	Valid cases: 1743
Format: numeric	Invalid: 233
Width: 1	
Decimals: 0	
Range: 1-9	

Source of information

Head of household or other responsible household member

Literal question

What is the religion of the head of this household?

Interviewer instructions

Circle the code corresponding to the answer given. Make sure to get the religion, ethnicity or mother tongue/native language of the household head.

Survey Coordinators: Questions on religion, language and ethnicity should be adapted to the country-specific setting. These questions are intended to identify the sociocultural background of the households. Some sociocultural groups tend to be more vulnerable or disadvantaged than others. Depending on the criteria used in your country to differentiate between these groups, you may want to delete one or two of these questions if only one of them is sufficient, or add a similar question which uses a criterion other than religion, ethnic group or mother tongue. For instance, in some countries, asking about the religious sect may be necessary to differentiate between various groups.

Ethnic group of household head (HC1C)

File: hh

Overview

Type: Discrete	Valid cases: 1743
Format: numeric	Invalid: 233
Width: 1	
Decimals: 0	
Range: 1-9	

Source of information

Head of household or other responsible household member

Literal question

To what ethnic group does the head of this household belong?

Interviewer instructions

Ethnic group of household head (HC1C)

File: hh

Circle the code corresponding to the answer given. Make sure to get the religion, ethnicity or mother tongue/native language of the household head.

Survey Coordinators: Questions on religion, language and ethnicity should be adapted to the country-specific setting. These questions are intended to identify the sociocultural background of the households. Some sociocultural groups tend to be more vulnerable or disadvantaged than others. Depending on the criteria used in your country to differentiate between these groups, you may want to delete one or two of these questions if only one of them is sufficient, or add a similar question which uses a criterion other than religion, ethnic group or mother tongue. For instance, in some countries, asking about the religious sect may be necessary to differentiate between various groups.

Number of rooms used for sleeping (HC2)

File: hh

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 1-99

Valid cases: 1743
Invalid: 233

Source of information

Head of household or other responsible household member

Literal question

How many rooms in this household are used for sleeping?

Interviewer instructions

This information provides a measure of how crowded the house is, and reflects the socio-economic condition of the household. A room in this case refers to a special area with a permanent partition that is used for sleeping. It is not necessarily the number of rooms in the household that are called 'bedrooms', but rather how many rooms get used for sleeping on a regular basis. Exclude rooms that are used only for sleeping by visitors to the household, but include those rooms that may not be regular 'bedrooms' but may be regularly used by one or more of the household members for sleeping.

Enter the number of rooms in this household that are used for sleeping.

Main material of floor (HC3)

File: hh

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 11-99

Valid cases: 1743
Invalid: 233

Source of information

Interviewer's visual observation

Interviewer instructions

Record observation.

Survey Coordinators: Adapt the response categories to include locally relevant floor materials.

Circle the correct code for the material of the dwelling floor based on your observation. You will be able to observe the correct answer in most cases, but if in doubt, ask. If there is more than one kind of material making up the floor at different parts of the household, record the main flooring material (the material that covers the largest amount of floor space).

Main material of roof (HC4)

File: hh

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 11-99

Valid cases: 1743
Invalid: 233

Source of information

Interviewer's visual observation

Interviewer instructions

Record observation.

Survey Coordinators: Adapt the response categories to include locally relevant roof materials.

Circle the correct code for the material of the dwelling roof, based on your observation. You will be able to observe the correct answer in most cases, but if in doubt, ask. If there is more than one kind of material making up the roof, record the main roofing material (the material that covers the largest amount of roof space).

Main material of exterior wall (HC5)

File: hh

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 11-99

Valid cases: 1743
Invalid: 233

Source of information

Interviewer's visual observation

Interviewer instructions

Record observation.

Survey Coordinators: Adapt the response categories to include locally relevant wall materials.

Circle the correct code for the material of the dwelling walls, based on your observation. You will be able to observe the correct answer in most cases, but if in doubt, ask. If there is more than one kind of material making up the walls at different parts of the household, record the main wall material (the material that covers the largest amount of wall space).

Type of fuel using for cooking (HC6)

File: hh

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 1-99

Valid cases: 1743
Invalid: 233

Source of information

Head of household or other responsible household member

Literal question

What type of fuel does your household mainly use for cooking?

Interviewer instructions

Type of fuel used for cooking (HC6)

File: hh

Information on the type of fuel used for cooking is collected as another measure of the socio-economic status of the household. The use of some cooking fuels can also have adverse health consequences.

Circle the code corresponding to the answer given. Remember that this question asks about fuel for cooking, not fuel for heating or lighting. If the household uses more than one fuel for cooking, find out which type of fuel is used most often. If electricity, liquid propane gas (LPG), natural gas, biogas or kerosene is mainly used, circle '01', '02', '03', '04', or '05', respectively, and skip to HC8. There might be cases when no cooking is done in the household. In this case, circle '95' and skip to HC8. If any fuel other than the pre-coded ones is reported as being the main fuel used for cooking, circle '96' and specify the type of fuel on the line provided.

Definitions of some of the types of fuel are as follows: 'Biogas' includes gases produced by fermenting manure in an enclosed pit. 'Lignite' is a derivative of coal that produces more smoke when burned but produces less heat than coal.

Cooking location (HC7)

File: hh

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 1453
Invalid: 523

Source of information

Head of household or other responsible household member

Literal question

Is the cooking usually done in the house, in a separate building or outdoors?
If "In the house", probe: Is it done in a separate room used as a kitchen?

Interviewer instructions

Circle the code corresponding to the response given. Circle '1' if the cooking is done in a separate room designated as a kitchen. Circle '2' if the cooking is done in an area used for living, sitting, sleeping, and not in a separate kitchen or building. Circle '3' if the cooking is done in another building and '4' only if the cooking is usually done outdoors.

If a response is given other than the pre-coded ones, circle '6' and specify the cooking place on the line provided.

The answers to the following two questions on ownership of certain items will be used as an approximate measure of the socio-economic status of the household.

Electricity (HC8A)

File: hh

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 1743
Invalid: 233

Source of information

Head of household or other responsible household member

Literal question

Does your household have: Electricity?

Interviewer instructions

Electricity (HC8A)

File: hh

Read out each item and circle the code corresponding to the answer given after each item. If the respondent reports that a household item such as a radio is broken, try to find out how long it has been broken and whether it will be fixed. If the item appears to be out of use only temporarily, circle '1' for 'Yes'. Otherwise, circle '2' for 'No'. Be sure to circle either a '1' or a '2' for each item. Do not leave any blank.

Ask the question for the following items: Electricity, Radio, Television, Non-mobile telephone, Refrigerator?

Survey Coordinators: Each country should add to the list at least five items of furniture (such as a table, a chair, a sofa, a bed, an armoire, or a cupboard or cabinet).

In addition, each country should add at least four additional household appliances so that the list includes at least three items that even a poor household may have, at least three items that a middle income household may have, and at least three items that a high income household may have. Some possible additions are clock, water pump, grain grinder, fan, blender, water heater, electric generator, washing machine, microwave oven, computer, VCR or DVD player, cassette or CD player, camera, air conditioner or cooler, colour TV, sewing machine.

Literal question

Does any member of this household own any land that can be used for agriculture?

Any household member own land that can be used for agriculture (HC11)

File: hh

Interviewer instructions

Agricultural land refers to land that is used for growing crops (the crops may be food for people, food for animals, or other non-food crops), raising animals, and grazing animals. In answering this question, common land used to graze animals but not owned by the household should not be included. Circle the code corresponding to the response given. If 'No', skip to HC13.

Note that the land in question may be far away, even in another country. Accept such answers as "Yes".

Hectares of agricultural land members of household owns (HC12)

File: hh

Overview

Type: Continuous	Valid cases: 36
Format: numeric	Invalid: 1940
Width: 2	Minimum: 0
Decimals: 0	Maximum: 99
Range: 0-99	

Source of information

Head of household or other responsible household member

Literal question

How many hectares of agricultural land do members of this household own?

Interviewer instructions

Survey Coordinators: If a measurement unit other than hectares is commonly used, adapt the question to allow for the recording of commonly used units.

Record the total number of hectares of land owned by all members of the household that can be used for agriculture. If less than 1, record "00". If 95 or more hectares (or other units) are owned, record '95'. If unknown, record '98'.

Household own any animals (HC13)

File: hh

Overview

Survey Coordinators: Add country-specific animals to the list, as appropriate, such as oxen, water buffalo, camels, llamas, alpacas, ducks, geese, or elephants.

Read out each item and enter the number corresponding to the answer given. Add numbers of milk cows and bulls together, even if the respondent gives separate numbers for each. Similarly, count horses, donkeys and mules together. If the answer is 'none', record '00' for that animal/animal group. If the household has 95 or more of any one type of animal/animal group, record '95'. If the household owns a particular type of animal/animal group, but the respondent does not know how many, circle '98'. Do not leave any items blank.

Ask the question for the following animals: Cattle; Milk Cows or Bulls; Horses, Donkeys or mules; Goats; Sheep; Chickens; Pigs.

Other poultry (HC14G)

Source of information

Interview information fields completed by interviewer

Interviewer instructions

This is the number used to identify each person listed. You must obtain a complete list of all persons who usually live in the household, but you do not need to fill in or do anything in this column since the numbers are already provided. This is a very important number since, once household members are assigned these line numbers after the Household Listing Form is completed, all members are identified with these line numbers throughout the questionnaires administered in this household.

Probe for additional household members.

Probe especially for any infants or small children not listed, and others who may not be members of the family (such as servants, friends) but who usually live in the household.

Insert names of additional members in the household list and complete form accordingly.

Relationship to the head (HL3)

File: hl

Relationship to the head (HL3)

File: hl

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 1-99

Valid cases: 9014
Invalid: 0

Source of information

Head of household or other responsible household member

Literal question

What is the relationship of (name) to the head of the household?

Interviewer instructions

You should begin by saying:

First, please tell me the name of each person who usually lives here, starting with the head of the household.

List the head of the household in line 01. List all household members (HL2), their relationship to the household head (HL3), and their sex (HL4). Then ask:

Are there any others who live here, even if they are not at home now? If yes, complete the listing for questions HL2-HL4.

Then, ask questions starting with HL5 for each person at a time.

Enter the code corresponding to how the person listed is related to the head of the household. Use the codes at the bottom of the Household Listing Form. Be particularly careful in doing this if the respondent is not the head of the household. Make sure that you record the relationship of each person to the household head, not the relationship to the respondent. For example, if the respondent is the wife of the head of the household and she says that Sola is her brother, then Sola should be coded as '09' ('Brother-in-law / Sister-in-law'), not as '08' ('Brother / Sister'), because Sola is a brother-in-law of the head of the household. Be very careful in obtaining this information correctly, since respondents tend to provide the relationship of the person to themselves, rather than to the head of the household.

If the head of the household is married to a woman who has a child from a previous marriage, that child's relationship to the head of the household should be coded as '13' ('Adopted/foster/stepchild'). If a household member is not related to the head of household, such as a friend who lives with the household, enter '14' ('Not related'). Enter '98' if the respondent doesn't know the relationship of a household member to the head of household.

Sex (HL4)

File: hl

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 9014
Invalid: 0

Source of information

Head of household or other responsible household member

Literal question

Is (name) male or female?

Interviewer instructions

Sex (HL4)

File: hl

You should begin by saying:

First, please tell me the name of each person who usually lives here, starting with the head of the household.

List the head of the household in line 01. List all household members (HL2), their relationship to the household head (HL3), and their sex (HL4). Then ask:

Are there any others who live here, even if they are not at home now? If yes, complete the listing for questions HL2-HL4.

Then, ask questions starting with HL5 for each person at a time.

Circle '1' for 'Male' and '2' for 'Female'. Do not guess the sex of the household member from the name provided to you. When the respondent is listing everyone in the household, he/she may indicate the sex of the person at the same time, by saying "My sister Mary," for instance. In this case, you do not need to ask the sex of the household member again, since it is already obvious that the person is a female. However, when a name is mentioned that can be used for both males and females, never use your judgement. Even in cases when you think that the name would most likely be a male's (or a female's) name, have the respondent confirm the sex. This column should never be left blank.

Once you have a complete list of names, relationship codes and sex, move across this page to ask and record answers to questions about individual persons starting from HL5. Start with the household head on line 01. When you have finished asking all questions HL5 to HL14 for the person on line 01, continue to the person listed on line 02, etc.

Month of birth (HL5M)

File: hl

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 1-99

Valid cases: 9014
Invalid: 0

Source of information

Head of household or other responsible household member

Literal question

What is (name)'s date of birth?

Interviewer instructions

You should begin by saying:

First, please tell me the name of each person who usually lives here, starting with the head of the household.

List the head of the household in line 01. List all household members (HL2), their relationship to the household head (HL3), and their sex (HL4). Then ask:

Are there any others who live here, even if they are not at home now? If yes, complete the listing for questions HL2-HL4.

Then, ask questions starting with HL5 for each person at a time.

If the respondent knows the date of birth for the member of the household, record the answer in months and year. You will need to convert the month into numbers. For this, January is '01', February is '02', March is '03', and so on. If the respondent does not know the month of birth, enter the code '98' for 'Don't know month' and ask for the year of birth. Try to obtain at least the year of birth. If year is still unknown, enter '9998'.

Year of birth (HL5Y)

Age (HL6)

File: hl

Overview

Type: Continuous	Valid cases: 9014
Format: numeric	Invalid: 0
Width: 2	Minimum: 0
Decimals: 0	Maximum: 99
Range: 0-99	

Source of information

Head of household or other responsible household member

Literal question

How old is (name)?

Interviewer instructions

Enter each person's age in completed years, that is, his/her age at his/her last birthday. Completed age is also defined as 'the number of completed years since birth'. With this definition, since a 6-month-old baby has not completed a full year, his/her age will be entered as '00'. Note that you will be obtaining more accurate estimates of children's ages later.

This column should never be left blank.

Even after you have probed and asked all the necessary information from the respondent and you still have difficulty obtaining the ages of elderly members of the household, you may enter the code '98', meaning 'Doesn't know/over age 50'. For household members younger than 50, completed ages must be entered. However, you should still indicate, with a note, what age range the person in question might be, so that your editor or supervisor can have an idea of the eligibility of the person to administer the individual questionnaires.

If the age of the member of the household is 95 or higher enter the code '95' for all such cases.

Line number of woman age 15 - 49 (HL7)

File: hl

Overview

Type: Discrete	Valid cases: 9014
Format: numeric	Invalid: 0
Width: 2

Is natural mother alive (HL11)

File: hl

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 3918
Invalid: 5096

Source of information

Head of household or other responsible household member

Literal question

Is (name)'s natural mother alive?

Interviewer instructions

For children age 0-17 years ask HL11-HL14:

For all children under age 18, we want to know whether their own (natural) parents are listed in the Household Listing Form, and their survival status. This information can be used to measure the prevalence of orphanhood and child fostering in the population. For everyone age 18 and older, HL11-HL14 will be left blank.

By 'natural' we mean the biological mother. In many cultures, people consider other people's children whom they are raising as their own, especially children of their husband or sisters, etc. You should be certain that the respondent understands that you are asking about the woman who gave birth to the child.

Record whether or not the child's natural mother is still alive by circling the code corresponding to the response given. If the child's natural mother is not alive or if the respondent does not know, skip to HL13. Otherwise, continue to the question in the next column.

Natural mother's line number in HH (HL12)

File: hl

Overview

Natural mother's line number in HH (HL12)

File: hl

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 0-99

Valid cases: 3847
Invalid: 5167

Source of information

Head of household or other responsible household member

Literal question

Does (name's) natural mother live in this household?

Interviewer instructions

For children age 0-17 years ask HL11-HL14:

For all children under age 18, we want to know whether their own (natural) parents are listed in the Household Listing Form, and their survival status. This information can be used to measure the prevalence of orphanhood and child fostering in the population. For everyone age 18 and older, HL11-HL14 will be left blank.

If the natural mother is still alive, we want to know whether she lives in the household. If the mother does live in the household, ask who she is (she should be listed in the Household Listing Form if she lives in the household) and record her line number in the space provided. If the mother is not a member of the household (not listed in the Household Listing Form), record '00'.

Where does natural mother live (HL12A)

Record line no. of mother from HL12 if indicated. If H12 is blank, or "00 ", ask:

Literal question

Who is the primary caretaker of (name)?

Line number (ED1)

File: hl

Overview

Type: Continuous	Valid cases: 9014
Format: numeric	Invalid: 0
Width: 2	Minimum: 1
Decimals: 0	Maximum: 24
Range: 1-24	

Interviewer instructions

For household members age 5 and above, ask ED1-ED8:

This is the number assigned to each person on the Household Listing Form. You do not need to fill in or do anything in this column since the numbers are already provided.

Ever attended school or pre-school (ED3)

File: hl

Overview

Type: Discrete	Valid cases: 7458
Format: numeric	Invalid: 1556
Width: 1	
Decimals: 0	
Range: 1-9	

Source of information

Head of household or other responsible household member

Literal question

Does (name) attend school or preschool?

Interviewer instructions

For household members age 5 and above, ask ED1-ED8:

Circle '1' if the answer is 'Yes' and continue with question ED4A. If the answer is 'No', circle '2' and go to the household member on the next line.

The term 'school' includes primary, secondary and post-secondary schooling, as well as any other intermediate levels of schooling in the formal school system. It also includes technical or vocational training beyond the primary-school level, such as long-term courses in mechanics or secretarial work.

Schools that carry out non-standard curriculum (non-formal education) are not included here. A non-standard curriculum includes religious schools, such as Koranic schools, that do not teach a full, standard school curriculum. If a school teaches religious courses but also includes the standard curriculum - such as many Catholic schools - it would be coded as a standard (formal) school.

'Preschool' is listed for children who do not attend grade 1, but do attend some form of organized learning or early childhood education programme, whether or not such a programme is considered part of the school system. The definition of organized early learning programme does not refer to programmes offering only babysitting or child-minding.

Highest level of education attended (ED4A)

File: hl

Overview

Type: Discrete	Valid cases: 6044
Format: numeric	Invalid: 2970
Width: 1	
Decimals: 0	
Range: 0-9	

Source of information

Highest level of education attended (ED4A)

File: hl

Head of household or other responsible household member

Literal question

What is the highest level of school (name) attended?

Interviewer instructions

For household members age 5 and above, ask ED1-ED8:

If the person has been to school, record the highest level of schooling attended by circling the code for the response. You may need to probe for the type of school attended. Circle '8' if the respondent 'Doesn't know'. If the highest level of school the child has attended is preschool (Level=0), skip to ED5.

Highest grade completed at that level (ED4B)

File: hl

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 0-99

Valid cases: 5832
Invalid: 3182

Source of information

Head of household or other responsible household member

Literal question

What is the highest grade (name) completed at this level?

Interviewer instructions

For household members age 5 and above, ask ED1-ED8:

Enter the highest grade completed or '98' for 'DK' ('Doesn't know'). If less than one grade, enter '00'. For instance, if a person has attended primary school but did not complete the first grade, then the level for this person will be circled as '1' in ED4A, and the grade will be entered as '00' in ED4B.

Similarly, for a child who is attending grade 5 in primary school at the time of the interview, the level will be coded as '1' and the grade as '04', since this person has not yet completed grade 5.

Note that if the level of schooling is given as preschool in ED4A, the grade should be left blank.

For someone not at school anymore, the highest level attended is the one he/she went to before leaving the education system, even if it was for a few weeks. For someone still at school, the highest level is the one he/she is currently attending (or was attending if we are conducting the interview during a long school break period).

Attended school during current school year (2013-2014) (ED5)

File: hl

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 2899
Invalid: 6115

Source of information

Head of household or other responsible household member

Literal question

During the (2013-2014), school year, did (name) attend school or preschool at any time?

Interviewer instructions

Attended school during current school year (2013-2014) (ED5)

File: hl

For household members age 5 and above, ask ED1-ED8:

Circle the code corresponding to the answer given. If 'Yes', continue to the next question. If 'No', skip to ED7.

If the interview is carried out during the school year, then the question should be worded to refer to the current school year. If the interview is carried out between school years, then the question should refer to the last school year that has ended.

Take the example of a country where the school year ends in June and the new school year begins in September: If the interview is carried out in July 2012 (between school years), then the question should refer to the 2011-2012 school year; if the interview is carried out in October 2012 (during the new school year), then the question should refer to the 2012-2013 school year.

Level of education attended current school year (ED6A)

File: hl

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 0-9

Valid cases: 1655
Invalid: 7359

Source of information

Head of household or other responsible household member

Literal question

During this school year, which level and grade is (name) attending? Level:

Interviewer instructions

For household members age 5 and above, ask ED1-ED8:

Circle the code for the level of school, and enter the household member's current grade. If it applies, circle '8' for 'DK' ('Doesn't know'). Enter the highest grade number completed using '01', '02', etc. If a child is in preschool or kindergarten, and grades are not used, leave grade blank, and skip to ED7.

If the interview is conducted during the time between two school years, the question should refer to the school year that has ended, and you should use 'that' and 'was' in the question. If the interview is conducted during the school year, the question should refer to the current school year. Note that these questions should capture children who may have been attending at the beginning of the school year, but have dropped out since then. If necessary, past tense could be used to make sure that you obtain information on the level and grade of children who may have dropped out from school during the course of the school year.

Overview

Region (HH7)

File: hl

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-4

Valid cases: 9014
Invalid: 0

Interviewer instructions

Circle the code for region as instructed/provided by your supervisor.

After the HH1-HH7 has been filled out, begin by saying the following to the respondent:

We are from (country-specific affiliation). We are working on a project concerned with family health and education. I would like to talk to you about these subjects. The interview will take about (number) minutes. All the information we obtain will remain strictly confidential and your answers will never be shared with anyone other than our project team. May I start now?

You may change the wording of these introductory sentences as appropriate. However, you must make sure to include the following when you are introducing yourself: the name of the implementing agency; the topic of the survey; approximate duration of the interview; the issue of confidentiality; and with whom you would like to speak. If permission is given, begin the interview. If the respondent does not agree to continue, thank him/her and leave the household to go the next household. Later, discuss the refusal with your supervisor; you or another person from the team may attempt to interview the household for a second time. This will depend on your description of the refusal. However, remember that a household's participation in the survey must be on a voluntary basis, and potential respondents must never be forced to participate.

Month of birth of woman (WB1M)

File: wm

Overview

Type: Discrete	Valid cases: 2081
Format: numeric	Invalid: 81
Width: 2	
Decimals: 0	
Range: 1-98	
Invalid: 99	

Source of information

The eligible woman selected for interview

Literal question

In what month and year were you born?

Interviewer instructions

If the respondent knows her date of birth, write it in the appropriate spaces for 'Month' and 'Year'. You will need to convert the month into numbers. For this, January is '01', February is '02', March is '03', etc. If the month or day contains only one digit, use a leading zero to fill in the first space. For example, the month of March is coded as '03'. If she does not know her month of birth, circle '98' for 'DK month' and ask her for the year of her birth. If she knows the year, write it in the spaces for 'Year'. Try under all circumstances to obtain at least the year of birth. If the respondent is unable to provide this information, ask whether she has any documentation such as an identification card, horoscope, or a birth or baptismal certificate that might give her date of birth. If such documentation is available, ask the woman if the information on the document(s) is correct. Only when it is absolutely impossible to even estimate the year of birth should you circle '9998' for 'DK year'.

Year of birth of woman (WB1Y)

Age of woman (WB2)

File: wm

Overview

Type: Continuous
Format: numeric
Width: 2
Decimals: 0
Range: 15-49

Valid cases: 2081
Invalid: 81
Minimum: 15
Maximum: 49

Source of information

The eligible woman selected for interview

Literal question

How old are you?

Interviewer instructions

Enter her age in completed years, that is, her age at her last birthday. If she knows her age, write it in the space provided.

Probe: "How old were you at your last birthday?"

Compare and correct WB1 and/or WB2 if inconsistent.

If she does not know the answer to either of these two questions, probe for clues that might indicate her age. Ask how old she was when she was first married or first gave birth. Try to find out how long ago she got married or had her first child. (You may be able to find out the age of her oldest child if the child is still living. You may be able to relate her age to someone else in the household whose age is known. You may be able to determine her age based on how old she was when an important event occurred, and the number of years that have elapsed since.) You MUST fill in this information. Do not leave this blank. Compare and correct WB1 and WB2 if inconsistent.

Finally, before moving on to the next question, verify that the respondent is indeed eligible. If the woman is younger than 15 or older than 49, you have to terminate the interview. Do this tactfully by asking two or three more questions and then thank the respondent for her cooperation; write 'INELIGIBLE' on the cover page of the questionnaire, and correct the age and eligibility information for this woman on the cover page and in Columns HL6 and HL7 of the Household Questionnaire.

Ever attended school (WB3)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 2081
Invalid: 81

Source of information

The eligible woman selected for interview

Ever attended school (WB3)

File: wm

Literal question

Have you ever attended school or preschool?

Interviewer instructions

Questions WB3-WB7 are about the educational attainment and literacy of the woman. Note that you will have collected some of this information on the woman in the Education module of the Household Questionnaire, either from another household member or from the woman herself. You should still ask these questions. You will be collecting slightly different information with these questions.

Circle the code corresponding to the response given. If 'No', skip to WB7. Otherwise, continue on to the next question.

The term 'school' includes primary, secondary and post-secondary schooling, as well as any other intermediate levels of schooling in the formal school system. It also includes technical or vocational training beyond the primary-school level, such as long-term courses in mechanics or secretarial work.

Schools that carry out non-standard curriculum (non-formal education) are not included here. A non-standard curriculum includes religious schools, such as Koranic schools, that do not teach a full, standard school curriculum. If a school teaches religious courses but also includes the standard curriculum - such as many Catholic schools - it would be coded as a standard (formal) school.

Highest level of school attended (WB4)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 0-9

Valid cases: 1661
Invalid: 501

Source of information

The eligible woman selected for interview

Literal question

What is the highest level of school you attended or now attend?

Interviewer instructions

Questions WB3-WB7 are about the educational attainment and literacy of the woman. Note that you will have collected some of this information on the woman in the Education module of the Household Questionnaire, either from another household member or from the woman herself. You should still ask these questions. You will be collecting slightly different information with these questions.

Circle the code corresponding to the highest level ever attended, regardless of whether or not the year was completed. For example, if she attended Form/Year 1 of secondary school for only 2 weeks, record 'Secondary'.

Highest grade completed at that level (WB5)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 0-99

Valid cases: 1661
Invalid: 501

Source of information

The eligible woman selected for interview

Literal question

What is the highest grade/year you completed at that level?

Highest grade completed at that level (WB5)

File: wm

Interviewer instructions

Questions WB3-WB7 are about the educational attainment and literacy of the woman. Note that you will have collected some of this information on the woman in the Education module of the Household Questionnaire, either from another household member or from the woman herself. You should still ask these questions. You will be collecting slightly different information with these questions.

For this question, record the number of years that the respondent successfully completed at that level recorded in WB4. For example, if a woman was attending grade 3 of secondary school and left school before completing that year, record '02'. Although grade 3 was the highest year she attended, she completed 2 years of secondary school. If less than 1 year, record '00' for completed years. For example, if she attended only 2 weeks of grade 1 of secondary school, record '00' for completed years.

Can read part of the sentence (WB7)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 1851
Invalid: 311

Source of information

The eligible woman selected for interview

Literal question

Now I would like you to read this sentence to me.

Interviewer instructions

Questions WB3-WB7 are about the educational attainment and literacy of the woman. Note that you will have collected some of this information on the woman in the Education module of the Household Questionnaire, either from another household member or from the woman herself. You should still ask these questions. You will be collecting slightly different information with these questions.

To ascertain whether women are literate or not, you will be showing women you interview cards with pre-printed sentences on them, and asking women to read them. Note that this question will be asked only to women who have not attended school, or did not attend school beyond the primary level. We assume that women who have attended secondary school or higher are literate. However, it is also known that some women who have attended or even completed primary school may be functionally illiterate. Therefore, we need to ask this question to such women.

Based on your knowledge of the respondent, choose the card with the language in which the respondent is likely to be able to read if she is literate. Show the first sentence on the card to the respondent. Give the respondent enough time to read the sentence; do not rush her. If the respondent cannot read the whole sentence, probe: "Can you read part of the sentence to me?"

Record whether the respondent was not able to read the sentence at all, was able to read only parts of the sentence, or was able to read the whole sentence. If the respondent asks for the sentences in another language and you were provided a card with sentences in that language, show the respondent the appropriate card. If there is no card with sentences in the language required, circle '4', and specify the language. If the respondent is blind or visually impaired, circle '5'.

It is important to avoid the problem of having other respondents in the household overhear the sentence being read. Subsequent respondents in the household might be able to repeat the sentence when they are interviewed, even if they are unable to read. If there is a second eligible woman in the household, show her the second sentence on the card. Show the third respondent the third sentence on the card, and the fourth respondent the fourth sentence. If there are more than five respondents, start again with the first sentence on the card.

Ever given birth (CM1)

File: wm

Ever given birth (CM1)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-2

Valid cases: 2081
Invalid: 81

Source of information

The eligible woman selected for interview

Literal question

Now I would like to ask you about births you have had during your life. Have you ever given birth?

Interviewer instructions

The first question of the module is used to determine if the rest of the module and several subsequent modules should be administered to this woman. If the answer is 'Yes', circle '1', and continue with the next question. If the woman says she has never given birth, circle '2' and skip to CM8.

Month of first birth (CM2M)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 1-99

Valid cases: 1706
Invalid: 456

Source of information

The eligible woman selected for interview

Literal question

What was the date of your first birth?

I mean the very first time you gave birth, even if the child is no longer living, or whose father is not your current partner.

Interviewer instructions

You need to obtain the year of the woman's first birth, which means the very first time she gave birth, even if the child is no longer living, or is the child of a partner other than her current one. As with all questions about dates and ages, you may need to probe to obtain the best information.

Ask for the child's date of birth. If she knows the exact birth date, enter the day, month and year of birth on the lines provided and continue to CM3. You will have to convert the month to a number, as you have been instructed. If the month or day contains only one digit, use a zero to fill in the first space. For example, the month of March is coded as '03'.

If she does not know the exact birth date, ask her the day, month and year separately. Enter the information as provided. If she does not know the day, circle '98'.

If she can give the month of birth, convert it to a number and enter it on the line provided. If she cannot give the month, probe to try to estimate the month. If you cannot estimate the child's month of birth from this information, you may need to find out in which season he/she was born. If it is still not possible to estimate the child's month of birth, circle '98' in the space for month of birth.

If she can give a year of birth, write it in the space provided and go to CM4. If she cannot give the year of the birth, circle '9998' and continue with CM3.

Skip to CM4 only if year of first birth is given. Otherwise continue with CM3.

Skip to CM4 only if year of first birth is given. Otherwise continue with CM3.

Years since first birth (CM3)

File: wm

Overview

Type: Discrete	Valid cases: 11
Format: numeric	Invalid: 2151
Width: 2	
Decimals: 0	
Range: 5-99	

Source of information

The eligible woman selected for interview

Literal question

How many years ago did you have your first birth?

Interviewer instructions

This question is asked only to women who are not able to give the year of their first birth in CM2.

It may be easier to obtain this information, especially if the first child is still alive. In this case, the answer is the first child's current age in completed years. Record the response in the space provided.

Any sons or daughters living with you (CM4)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-2

Valid cases: 1706
Invalid: 456

Source of information

The eligible woman selected for interview

Literal question

Do you have any sons or daughters to whom you have given birth who are now living with you?

Interviewer instructions

Read the question slowly. The sons and daughters being considered are those who live with her in her household (these children should have been listed in the Household Listing). Circle the code corresponding to the response. If she answers 'No', skip to CM6.

Sons living with you (CM5A)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 0-7

Valid cases: 1651
Invalid: 511

Source of information

The eligible woman selected for interview

Literal question

How many sons live with you?

Interviewer instructions

If the answer to CM4 is 'Yes', record the number of sons and daughters living with the woman in the space provided. If the answer is 'None' for sons (or if she does not have any sons), record '00' in the space provided for sons. Similarly, if she has no daughters now living with her (or if she does not have any daughters), record '00' in the space for daughters. Do not leave either of the spaces blank. Since the question is asked only to women who have children living with them in the same household, at least one of the spaces should have a value higher than 00.

Remember, we are interested only in the respondent's OWN children - not foster children, children of her husband by another woman, children of another relative, or children for whom she is the caretaker.

Daughters living with you (CM5B)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1

Literal question

How many daughters live with you?

Interviewer instructions

Daughters living with you (CM5B)

File: wm

If the answer to CM4 is 'Yes', record the number of sons and daughters living with the woman in the space provided. If the answer is 'None' for sons (or if she does not have any sons), record '00' in the space provided for sons. Similarly, if she has no daughters now living with her (or if she does not have any daughters), record '00' in the space for daughters. Do not leave either of the spaces blank. Since the question is asked only to women who have children living with them in the same household, at least one of the spaces should have a value higher than 00.

Remember, we are interested only in the respondent's OWN children - not foster children, children of her husband by another woman, children of another relative, or children for whom she is the caretaker.

Any sons or daughters not living with you (CM6)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-2

Valid cases: 1706
Invalid: 456

Source of information

The eligible woman selected for interview

Literal question

Do you have any sons or daughters to whom you have given birth who are alive but do not live with you?

Interviewer instructions

This refers to sons and daughters who are alive but not living with the woman. For example, one or more of her children may be living with a relative, staying in a boarding school, been given up for adoption, or may be grown-up children who have left home.

Make sure the respondent is not reporting dead children in this question. Circle the code corresponding to the response. If she answers 'No', skip to CM8.

Sons living elsewhere (CM7A)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 0-4

Valid cases: 415
Invalid: 1747

Source of information

The eligible woman selected for interview

Literal question

How many sons are alive but do not live with you?

Interviewer instructions

If the answer to CM6 is 'Yes', record the number of sons and daughters who are alive but not living with the respondent in the space provided. If the answer is 'None' for sons (or if she does not have any sons who are alive), record '00' in the space provided for sons. If the answer is 'None' for daughters (or if she does not have any daughters who are alive), record '00' in the space provided for daughters.

Since this question is asked only to women who have children alive who are not living with them, at least one of the spaces should have a value higher than 00. For women who have been asked this question, the spaces should not be left blank.

Daughters living elsewhere (CM7B)

File: wm

Overview

Type: Discrete
Format: numeric

Literal question

How many daughters are alive but do not live with you?

Interviewer instructions

If the answer to CM6 is 'Yes', record the number of sons and daughters who are alive but not living with the respondent in the space provided. If the answer is 'None' for sons (or if she does not have any sons who are alive), record '00' in the space provided for sons. If the answer is 'None' for daughters (or if she does not have any daughters who are alive), record '00' in the space provided for daughters.

Since this question is asked only to women who have children alive who are not living with them, at least one of the spaces should have a value higher than 00. For women who have been asked this question, the spaces should not be left blank.

Ever had child who later died (CM8)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-2

Valid cases: 2081
Invalid: 81

Source of information

The eligible woman selected for interview

Literal question

Have you ever given birth to boy or girl who was born alive but later died?

Interviewer instructions

This question is extremely important.

Circle the code corresponding to the response. Some respondents may fail to mention children who died very young, so if she answers 'No', it is important to probe by asking "I mean, to a child who ever breathed, cried or showed signs of life - even if he or she lived only a few minutes or hours?" If the answer is still 'No', skip to CM10.

Some respondents may be reluctant to talk about this subject and may become sad or upset that you are asking such questions. Be sympathetic and tactful in such situations. Say that you know the subject is painful, but the information is important.

Boys dead (CM9A)

File: wm

Overview

Type: Discrete
Format: numeric

Miscarried, ended in stillbirth or aborted (CM12B)

File: wm

Overview

Type: Discrete	Valid cases: 2081
Format: numeric	Invalid: 81
Width: 1	
Decimals: 0	
Range: 1-2	

Literal question

Sometimes pregnancies do not end with live births.

Have you ever had any pregnancy that was miscarried, ended in stillbirth or that was aborted?

Spontaneous miscarriages (CM12C)

File: wm

Overview

Spontaneous miscarriages (CM12C)

File: wm

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 0-99

Valid cases: 818
Invalid: 1344

Literal question

How many miscarriages did you have during your lifetime?

By miscarriage, i mean early and involuntary end of pregnancy within the first 5 months of pregnancy.

Abortions (CM12E)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 0-99

Valid cases: 818
Invalid: 1344

Literal question

How many abortions did you have during your lifetime?

By abortion, i mean a pregnancy that was willingly terminated in the first 5 months of pregnancy.

Stillbirths (CM12D)

File: wm

Received antenatal care (MN1)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 567
Invalid: 1595

Source of information

The eligible woman selected for interview

Literal question

Did anyone conduct a check and/or control you during your pregnancy with (name)?

Received antenatal care (MN1)

File: wm

Interviewer instructions

Circle the code for the person seen for antenatal care. Probe: "Anyone else?" and circle the codes for any other persons seen for antenatal care during this pregnancy.

Antenatal care check-ups help to detect problems associated with pregnancy and delivery. All pregnant women should have routine check-ups. These questions refer to any antenatal care received during the pregnancy - a check specifically for the pregnancy and not for other reasons.

In MN1, ask if she saw anyone for antenatal care for this pregnancy. If she saw no one for antenatal checks, circle '2' and skip to MN5. If the woman answers 'Yes' to MN1, ask whom she saw for the check-up. Probe to learn if she saw more than one person and record all persons seen. Also probe for the type of person seen and circle all answers given. If you are unsure how to code a person mentioned, write the words used to describe the person in the space provided 'Other' and circle 'X'.

Doctors, nurses, midwives and auxiliary nurse midwives are skilled health personnel who have midwifery skills to manage normal deliveries and diagnose or refer obstetric complications. 'Traditional birth attendants' may be trained or untrained.

If the woman gives the name of a health facility, ask her to tell you who she saw there.

The eligible woman selected for interview

Literal question

As part of your check-ups during this pregnancy, were any of the following done at least once: Was your blood pressure measured?

Interviewer instructions

Ask about each procedure and record the response before asking about the next one. Circle '1' for 'Yes', or '2' for 'No' in each case. It may be necessary to explain some of the procedures. We want to know whether each of the procedures listed was performed during any of the antenatal check-ups during her last pregnancy. It does not matter if they were performed only once or more than once, or performed in the same visit or spread over several visits.

Blood pressure is measured with a medical instrument. A rubber cuff is wrapped around a person's upper arm and is inflated. While slowly releasing air from the cuff, the person measuring the blood pressure listens to the pulsing of the blood vessels with a stethoscope to determine the pressure.

Source of information

The eligible woman selected for interview

Literal question

Who assisted with the delivery of (name)?

Interviewer instructions

Circle the code for the person assisted with the delivery. Probe: "Anyone else?" and circle the codes for any other persons assisting with the delivery of this child.

When asking this question, be sure to use the name of the child you are referring to, so that there is no confusion.

Probe for the type of person who assisted with the delivery. If the woman is not sure of the status of the person who attended the delivery, for example, if she doesn't know whether the attendant was a midwife or a traditional birth attendant, probe further. Circle the codes corresponding to all persons assisting at the delivery. If the respondent says that no one assisted, probe to determine whether any adults were present at the delivery. If you are unsure where to code a person mentioned, write it in the space provided 'Other' and circle 'X'. If no one attended the delivery, circle 'Y'.

Type: Discrete
Format: numeric
Width: 2
Decimals: 0
Range: 11-99

Valid cases: 567
Invalid: 1595

Source of information

The eligible woman selected for interview

Literal question

Where did you give birth to (name)?

Interviewer instructions

Place of delivery (MN18)

File: wm

The intent of this question is to identify births delivered in a health facility. If the woman gave birth in a hospital, health centre or clinic, ask whether the place is in the public (run by the government) or private sector. If the place is in the public sector, but is not one of the pre-coded choices, write the description in the space provided for 'Other public' and circle '26'. Similarly, if the place is in the private medical sector, but is not one of the pre-coded choices, write the description in the space provided for 'Other private medical' and circle '36'. If you are unable to determine whether public or private, write the name of the place in the space provided on the questionnaire 'Name of place' and tell your supervisor. Your supervisor will learn from other people in the community whether the place is public or private and then circle the code corresponding to the response.

If the respondent answers that she delivered in another place not listed, write the description of the place in the space provided for 'Other' and circle '96'. Places that are not health facilities, other than home, should also be coded as 'Other' and described.

Delivery by caesarean section (MN19)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 559
Invalid: 1603

Source of information

The eligible woman selected for interview

Literal question

Was (name) delivered by caesaeran section, i.e. did they cut your belly open to take the baby out?

Interviewer instructions

A caesarean section is a delivery of a baby through an incision in the woman's abdomen and womb, rather than through the birth canal. Such a delivery is necessary for some women due to pregnancy complications. Find out whether the baby was delivered by an operation and not through the birth canal.

Decision for caesarean made before the onset of labour or after (MN19A)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0

Was it befofe or after labor pains started?

Size of child at birth (MN20)

File: wm

Overview

Size of child at birth (MN20)

File: wm

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 567
Invalid: 1595

Source of information

The eligible woman selected for interview

Literal question

When (name) was born, was he/she very large, larger than average, average, smaller than average or very small?

Interviewer instructions

Low-birthweight babies are at higher risk of serious illness or death than other babies. Mothers are asked to give the baby's birthweight, but since some babies are not weighed at birth, a mother's subjective assessment of the baby's size at birth is important. When the information from women who answer these questions is analysed, we can obtain an indication of what women mean by these subjective categories. This information can provide an estimate of the average birthweight.

Read the entire question exactly as written before accepting an answer. This is the woman's own opinion about the size of her baby. Even if she knows the child's birthweight, tell her that you want to know her own idea of whether the baby was very large, larger than average, average, smaller than average or very small. If the respondent is unable to tell you, do not try to guess the answer based on the birthweight information or the appearance of the baby; circle '8' for 'DK'. In cases when the woman knows the birthweight of the baby and tells you the exact weight, do not use your judgement to influence her response in MN20. In other words, even if the woman tells you that her baby was smaller than average while the birthweight she is stating is quite large in your opinion, do not probe further to 'correct' the woman's perception of the size of the baby.

Child weighed at birth (MN21)

File: wm

Overview

Type: Discrete

Source of information

The eligible woman selected for interview

Literal question

How much did (name) weigh?

Weight from card or recall (MN22A)

File: wm

Interviewer instructions

Ask the woman to show you her (or the child's) health card, if available. Record the birthweight in kilograms. If the weight is 'From card' or is recorded on another written document (such as a vaccination card, antenatal card or birth certificate), circle '1' and record the weight in the corresponding space. If the birthweight is reported by the mother, but no card or document is available, circle '2' for 'From recall' and record the weight in the corresponding space. Fill in the weight only once. Use zeros to fill in all digits if necessary. For example, if the woman tells you that the baby was 3.5 kilograms at birth; enter the information as '3.500'. Always record the birthweight from the card when possible.

If there is no card, and the mother cannot remember the exact weight, record her best estimate. Only circle '99998' for 'DK' if she absolutely cannot remember even the approximate weight.

Menstrual period returned since the birth of child (MN23)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 567
Invalid: 1595

Source of information

The eligible woman selected for interview

Literal question

Has your menstrual period returned since the birth of (name)?

Interviewer instructions

After a woman has given birth, there is a length of time when she will not have her monthly menstrual periods. This question asks about whether her period has resumed following the last birth. Circle the code corresponding to the response given.

Ever breastfeed (MN24)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 567
Invalid: 1595

Source of information

The eligible woman selected for interview

Literal question

Did you ever breastfed (name)?

Interviewer instructions

Breastfeeding is important for a child's health and it prevents pregnancy during the period when the mother is breastfeeding. For this question, it does not matter how long the respondent breastfed the child, only whether or not she ever gave the child the breast, even if the baby died very young.

Circle the code corresponding to the response given. If the response is 'No' (she never breastfed the child), go to next module.

Time baby put to breast (unit) (MN25U)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 0-9

Valid cases: 531
Invalid: 1631

Source of information

The eligible woman selected for interview

Literal question

How long after birth did you first put (name) to the breast?

Interviewer instructions

If the mother reports that the baby was put to the breast immediately after birth, circle '000'. Otherwise, record the time in completed hours or days.

If less than 1 hour, circle '1' for 'Hours' and record '00' in the space provided. For example, if the woman said she began breastfeeding within 10 minutes of the birth, circle '1' and record '00' hours.

If the mother began breastfeeding within 24 hours of the birth, circle '1' and record the number of hours that passed before the baby was put to the breast.

If she began breastfeeding 24 hours or more after the birth, circle '2' and record the number of days. Record in completed number of days. For example, if the baby was first breastfed 30 hours after delivery, circle '2' and record '01' days.

If the woman does not know or does not remember how long after birth she put the baby to the breast, circle '998'.

Literal question

Have you ever done something or used any method to delay or avoid getting pregnant?

Reasons for never using any method (CP2B)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 744
Invalid: 1418

Literal question

Why have you never done something or used my method to avoid or delay getting pregnant?

Current method: Female sterilization (CP3A)

File: wm

Overview

Type: Discrete
Format: character
Width: 1

Valid cases: 23
Invalid: 0

Source of information

The eligible woman selected for interview

Literal question

Couples use various ways or methods to delay or avoid pregnancy.

What are you or your partner doing to delay or avoid pregnancy? Do you use one or more of the following ways/methods:
Female Sterilization: Women can have an operation to avoid having any more children.

Interviewer instructions

Current method: Female sterilization (CP3A)

File: wm

Circle the code corresponding to the response given. Do not prompt the woman. If she mentions more than one method, circle the code for each method that is currently being used. If she mentions a method you do not know of, write her description in the space provided in 'Other' and circle 'X'.

Since methods are effective for different lengths of time, you may have difficulty determining if a particular respondent is currently using a method. Current users of the pill should be taking pills daily. Methods such as condom use, vaginal methods and withdrawal are used with each act of intercourse, so current users of these methods will have used them during the most recent acts of intercourse.

Other methods provide ongoing protection without daily or regular action by the woman. Contraceptive injections may be administered 2 to 6 months earlier and still provide protection. Implants provide protection for up to 5 years or until removed. An IUD protects against pregnancy until it is removed or expelled.

If needed, consider the last 1 month as 'current use'.

If the woman has been sterilized, you will circle 'A' for 'Female sterilization' as the current method. If the woman's current partner has been sterilized, you will circle 'B' for 'Male sterilization' as the current method. However, if she is no longer married to (or living with) a former partner who had a vasectomy, this should not be noted as the current method. Lactational amenorrhoea method (LAM) should be circled only if the woman explicitly states that she is breastfeeding for contraceptive purposes or that she believes that she is being protected from the risk of pregnancy because she is breastfeeding.

Current method: Male sterilization (CP3B)

Invalid: 0

Source of information

The eligible woman selected for interview

Literal question

Couples use various ways or methods to delay or avoid pregnancy.

What are you or your partner doing to delay or avoid pregnancy? Do you use one or more of the following ways/methods:

Pill: Women have to take a pill every day to avoid becoming pregnant.

Interviewer instructions

Circle the code corresponding to the response given. Do not prompt the woman. If she mentions more than one method, circle the code for each method that is currently being used. If she mentions a method you do not know of, write her description in the space provided in 'Other' and circle 'X'.

Since methods are effective for different lengths of time, you may have difficulty determining if a particular respondent is currently using a method. Current users of the pill should be taking pills daily. Methods such as condom use, vaginal methods and withdrawal are used with each act of intercourse, so current users of these methods will have used them during the most recent acts of intercourse.

Other methods provide ongoing protection without daily or regular action by the woman. Contraceptive injections may be administered 2 to 6 months earlier and still provide protection. Implants provide protection for up to 5 years or until removed. An IUD protects against pregnancy until it is removed or expelled.

If needed, consider the last 1 month as 'current use'.

If the woman has been sterilized, you will circle 'A' for 'Female sterilization' as the current method. If the woman's current partner has been sterilized, you will circle 'B' for 'Male sterilization' as the current method. However, if she is no longer married to (or living with) a former partner who had a vasectomy, this should not be noted as the current method. Invalid: 1290

Source of information

The eligible woman selected for interview

Literal question

Do you think you are physically able to get pregnant at this time?

Interviewer instructions

Able to get pregnant (UN10)

File: wm

A woman who believes that she is incapable of becoming pregnant cannot be considered to have 'unmet need' for contraception. This question aims to learn whether the woman thinks she can conceive a child. Circle the code corresponding to the response given.

Make sure that the woman does not relate her current physical ability to get pregnant with her current marital status. It is important to emphasize to the woman, if necessary, that we are interested in her current physical ability - she may be physically able to get pregnant, but may think that this is not possible because she currently does not have a partner. In such cases, the woman should obviously be coded as 'Yes'.

Start of last menstrual period (unit) (UN13U)

File: wm

Overview

Type: Discrete

Format: numeric

Width: 1

Decimals: 0

Range: 1-9

Valid cases: 2081

Invalid: 81

Source of information

The eligible woman selected for interview

Literal question

When did your last menstrual period start?

Interviewer instructions

Start of last menstrual period (unit) (UN13U)

File: wm

The answers to this question will help to determine whether any of the respondents are actually menopausal or infecund because they have not had their periods in a long time. Record the respondent's answer in the units that she uses. Note that the answer can be given in months or years. Circle '1' if the response is in days, '2' if in weeks, '3' if in months, 4' if in years and record the answer in the appropriate spaces.

In some cases, the respondent may give you the date that her last menstrual period began. If that happens, write the date on the questionnaire, calculate the length of time since that date, and record it in the appropriate units. Note that it is not necessary to obtain a date.

If she says she is in menopause or has had hysterectomy, record 994. A woman who is too old to menstruate or become pregnant is described as being in menopause. A hysterectomy is an operation to remove the uterus. If the woman tells you she had her last menstrual period before her last birth, record '995'. If she says she has never menstruated, circle '996'.

Literal question

If she goes out without telling husband: wife beating justified (DV1A)

File: wm

Sometimes a husband is annoyed or angered by things that his wife does. In your opinion, is a husband justified in hitting or beating his wife in the following situations: If she goes out without telling him?

Interviewer instructions

Read each item aloud. For each situation, circle the code corresponding to the answer given - '1' if 'Yes' (she thinks the husband is justified in hitting or beating his wife in that situation), '2' if 'No', and '8' if the respondent does not know or does not have an opinion.

Width: 2	Minimum: 15
Decimals: 0	Maximum: 99
Range: 15-99	

Source of information

The eligible woman selected for interview

Literal question

How old is your husband/partner?

Interviewer instructions

Probe: How old was your husband/partner on his last birthday? If she knows the age of her current partner on his last birthday, enter his age in the space provided. If she does not know his age, circle '98'.

Ever married or lived with a man (MA5)

File: wm

Overview

Type: Discrete	Valid cases: 508
Format: numeric	Invalid: 1654
Width: 1	
Decimals: 0	
Range: 1-9	

Source of information

The eligible woman selected for interview

Literal question

Have you ever been married or lived together with a man as if married?

Interviewer instructions

For women who are not currently married or living with a man, ask whether they have ever been married or lived with a man. Remember that 'married' refers to both formal and informal unions.

Circle the code corresponding to the response given. Notice that there are two different response categories for a 'Yes' response: 'Yes, formerly married' and 'Yes, formerly lived with a man'. Be sure to make the distinction between the two categories. If the respondent just answers 'Yes', probe by asking, "Were you formerly married or did you live with a man?" If she was formerly married and also reports living with a man, circle the code for 'Yes, formerly married'.

If she was never married and never lived with a man circle '3' for 'No' and go to the next module. Otherwise, continue on to MA6.

Marital status (MA6)

File: wm

Overview

Marital status (MA6)

File: wm

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-3

Valid cases: 222
Invalid: 1940

Source of information

The eligible woman selected for interview

Literal question

What is your marital status now: are you widowed, divorced or separated?

Interviewer instructions

Circle the code corresponding to the response given. For a woman who is not currently married and not currently living with someone but who was formerly in a union, record her current marital status at the time of the interview. Since she was in a union at one time, but is not on the day you are interviewing her, she will be either widowed, divorced or separated.

You should use 'widowed' (a) for women who were married and their husband died, and (b) for women who were in an informal union and their partner died. 'Divorced' should be used for women who were formally married and whose marriage formally ended. 'Separated' should be used (a) for women who were married, but are no longer continuing the marriage with their husband, and (b) for women who were in an informal union and are no longer continuing the union with their partner.

Married or lived with a man once or more than once (MA7)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 1795
Invalid: 367

Source of information

The eligible woman selected for interview

Literal question

Have you been married or lived with a man only once or more than once?

Interviewer instructions

As with MA1, we are interested in formal marriages as well as informal arrangements. If a woman was married or lived with a man and then was widowed, divorced, or separated from her husband or partner and is now either married to or living with someone else, record 'More than once'. If a woman is not currently married or in an informal union but was previously married or living with someone else two or more times, record 'More than once' by circling '2'. If she has married or lived with someone else only once, circle '1.'

Note that the question refers to periods of marriage or informal unions, and not to numbers of husbands or partners. If a woman was married to a man and divorced him, and then married the same person again, she should be considered as having married 'More than once'. The same applies to informal unions with the same person.

Month of first union (MA8M)

File: wm

Overview

Range: 1-99

Valid cases: 1795
Invalid: 367

Source of information

Month of first union (MA8M)

File: wm

The eligible woman selected for interview

Literal question

In what month and year did you first marry or start living with a man as if married?

Interviewer instructions

If the respondent knows the date that she first married or started living with a man as if married, write it in the appropriate spaces for 'Month' and 'Year'. You will need to convert the month into numbers, as instructed earlier. For example, January is '01,' February is '02,' March is '03,' etc.

If she does not recall the date that she first married or started living with a man as if married, ask whether she has any documentation that might give the date. If she does not know or have documentation of the month, circle '98' for 'DK month' and ask her the year that she first married or started living with a man as if married. Enter the year in the space provided and go to next module. If she does not know and does not have documentation of the year that she first married or started living with a man as if married, circle '9998' for 'DK year'.

Type: Discrete	Valid cases: 817
Format: numeric	Invalid: 1345
Width: 1	
Decimals: 0	
Range: 1-9	

Source of information

The eligible woman selected for interview

Literal question

Now I would like to ask you some simple questions on happiness and satisfaction.
First, taking all things together, would you say you are very happy, somewhat happy, neither happy nor unhappy, somewhat unhappy or very unhappy?
You can also look at these pictures to help you with your response.

Interviewer instructions

Estimation of overall happiness (LS2)

File: wm

Show side 1 of response card and explain what each symbol represents. Circle the response code pointed by the respondent.

With this question, we will first try to learn whether the respondent is happy at the time of interview, before we go and talk about levels of satisfaction in various domains.

Satisfaction with family life (LS3)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 817
Invalid: 1345

Source of information

The eligible woman selected for interview

Literal question

Now I will ask you questions about your level of satisfaction in different areas.

In each case, we have five possible responses. Please tell me, for each question, whether you are very satisfied, somewhat satisfied, neither satisfied nor unsatisfied, somewhat unsatisfied or very unsatisfied.

Again, you can look at these pictures to help you with your response.

How satisfied are you with your family life?

Interviewer instructions

Show side 2 of response card and explain what each symbol represents. Circle the response code shown by the respondent, for questions LS3 to LS13.

If the respondent says that she does not have a family, circle "0". Otherwise, circle the code corresponding to the response given or to the smiling face pointed at by the respondent.

We have to leave it to the respondent's perception as to what she refers to as "family life". Note that the question is not about "family", but rather about "family life". In other words, we are not asking the respondent to think about family members individually. At hearing this question, some respondents will think of their immediate family, or members of family that she is living together with. Depending on the living arrangements or relationship patterns between immediate and extended family members, some respondents will automatically think of the extended family. Do not try to explain what is meant by the "family", unless the respondent asks you to. If that happens, tell the respondent that we are interested in their family experiences, immediate or extended family, whichever they spend more time with.

Satisfaction with friendships (LS4)

File: wm

Overview

Type: Discrete

The eligible woman selected for interview

Literal question

How satisfied are/were you with your school?

Interviewer instructions

Circle the code corresponding to the response given or to the smiling face pointed at by the respondent.

Satisfaction with current job (LS7)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 0-9

Valid cases: 817
Invalid: 1345

Satisfaction with current job (LS7)

File: wm

Source of information

The eligible woman selected for interview

Literal question

How satisfied are you with your current job?

Interviewer instructions

Note that you will be leaving the definition of “job” to the perception of the respondent. When answering this question, she might be referring to a full-time job, irregular or seasonal work, family business, paid work or unpaid work, and the like. It is important that you ask the question as it is and ask the respondent to answer. You are not expected to define what a “job” is.

If the respondent says that she does not have a job, circle “0” and continue with the next question. Do not probe to find out how she feels about not having a job, unless she tells you herself. For example, if she says that she does not have a job and she is very unsatisfied, circle “5” and continue with the next question.

Satisfaction with health (LS8)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 817
Invalid: 1345

Source of information

The eligible woman selected for interview

Literal question

How satisfied are you with your health?

Interviewer instructions

Circle the code corresponding to the response given or to the smiling face pointed at by the respondent.

Satisfaction with current residence (LS9)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 817
Invalid: 1345

Source of information

The eligible woman selected for interview

Literal question

How satisfied are you with where you live?

If necessary, explain that the question refers to the living environment, including the neighbourhood and the dwelling.

Interviewer instructions

Circle the code corresponding to the response given or to the smiling face pointed at by the respondent.

“Where you live” might be understood in different ways by different respondents. The intention here is to get the respondent's satisfaction from the neighbourhood she is living in, her neighbours and the characteristics of the dwelling (if they like it or if they wish they lived in a different house etc.). We are not interested in the level of satisfaction of the respondent with the city or country they are living in.

Satisfaction with treatment by other people (LS10)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 817
Invalid: 1345

Source of information

The eligible woman selected for interview

Literal question

How satisfied are you with how people around you generally treat you?

Interviewer instructions

Circle the code corresponding to the response given or to the smiling face pointed out by the respondent.

Satisfaction with appearance (LS11)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 817
Invalid: 1345

Source of information

The eligible woman selected for interview

Literal question

How satisfied are you with the way you look?

Interviewer instructions

Circle the code corresponding to the response given or to the smiling face pointed out by the respondent.

Satisfaction with life overall (LS12)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 817
Invalid: 1345

Source of information

The eligible woman selected for interview

Literal question

How satisfied are you with your life, overall?

Interviewer instructions

Circle the code corresponding to the response given or to the smiling face pointed at by the respondent.

The question is intended to elicit the evaluation of positivity of a respondent's life as a whole, without making reference to a specific domain. This is the overall level of satisfaction of the respondent, considering all aspects of her life.

Satisfaction with current income (LS13)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 0-9

Valid cases: 817
Invalid: 1345

Source of information

The eligible woman selected for interview

Literal question

How satisfied are you with your current income?

Interviewer instructions

Circle the code corresponding to the response given or to the smiling face pointed at by the respondent.

This question is asked after the general question on life satisfaction (LS12) deliberately, so as to avoid having the respondent to condition her other responses to her level of satisfaction in other non-income domains.

If the respondent says that she does not have any income, circle "0" and continue with the next question. Do not probe to find out how she feels about not having any income, unless she tells you herself. For example, if she says that she does not have any income and she is very unsatisfied with this situation, circle "5" and continue with the next question.

Life satisfaction in comparison with last year (LS14)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 817
Invalid: 1345

Source of information

The eligible woman selected for interview

Literal question

Compared to this time last year, would you say that your life has improved, stayed more or less the same, or worsened, overall?

Interviewer instructions

Make sure that the respondent understands the reference to the last one year of her life, and that we are referring to the overall improvement or worsening.

Life satisfaction expectation one year from now (LS15)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-9

Valid cases: 817
Invalid: 1345

Source of information

The eligible woman selected for interview

Literal question

And in one year from now, do you expect that your life will be better, will be more or less the same, or will be worse, overall?

Interviewer instructions

Life satisfaction expectation one year from now (LS15)

File: wm

Note that this question is about the respondent's expectations about her life course during the next one year, and that the sentence here is designed as a continuation of the previous question, by beginning with "And...". This question is also about overall improvement or worsening.

Area (HH6)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-2

Valid cases: 2162
Invalid: 0

Pre question

Type of settlement:

Interviewer instructions

Circle the code for area of residence as instructed/provided by your supervisor. This will have been pre-determined; you will not be required to assess whether the household is in an urban or rural area.

Region (HH7)

File: wm

Overview

Type: Discrete
Format: numeric
Width: 1
Decimals: 0
Range: 1-4

Valid cases: 2162
Invalid: 0

Interviewer instructions

Circle the code for region as instructed/provided by your supervisor.

After the HH1-HH7 has been filled out, begin by saying the following to the respondent:

We are from (country-specific affiliation). We are working on a project concerned with family health and education. I would like to talk to you about these subjects. The interview will take about (number) minutes. All the information we obtain will remain strictly confidential and your answers will never be shared with anyone other than our project team. May I start now?

You may change the wording of these introductory sentences as appropriate. However, you must make sure to include the following when you are introducing yourself: the name of the implementing agency; the topic of the survey; approximate duration of the interview; the issue of confidentiality; and with whom you would like to speak. If permission is given, begin the interview. If the respondent does not agree to continue, thank him/her and leave the household to go the next household. Later, discuss the refusal with your supervisor; you or another person from the team may attempt to interview the household for a second time. This will depend on your description of the refusal. However, remember that a household's participation in the survey must be on a voluntary basis, and potential respondents must never be forced to participate.
