

Belarus - World Bank Group Country Survey FY2016

Public Opinion Research Group - The World Bank Group

Report generated on: October 11, 2016

Visit our data catalog at: <http://ddghhsn01/index.php/microdata.worldbank.org>

Sampling

Sampling Procedure

From November to December 2015, 248 stakeholders of the WBG in Belarus were invited to provide their opinions on the WBG's work in the country by participating in a country opinion survey. Participants were drawn from the presidential administration; cabinet of ministers; parliament; ministries/committees; Project Management Units (PMUs) overseeing implementation of WBG projects; consultants/contractors working on WBG-supported projects/ programs; local governments; bilateral/multilateral agencies; private sector organizations; the financial sector/commercial banks; non-profit organizations/community based organizations; the media; trade unions; academia/research institutes/think tanks; the judiciary branch; and other organizations. A total of 142 stakeholders participated in the survey (57% response rate).

Response Rate

57%

Weighting

The results in this year's Country Survey were compared to those in the Country Survey conducted in FY2013 (response rate is 61%, N=115). Data were weighted to reach the same stakeholder composition in two years, which allows for year comparisons. Stakeholder groups which were not present in both fiscal years were not included in the comparison. Respondents who belonged to the "other" stakeholder category were not included either. As a result, means of the FY'16 data and the total number of respondents in both years are slightly different from those of the original data reported in appendices A, B, C, D, and F. For the weighted stakeholder breakdown and year comparison results, please see appendix E in the report.
