Sampling

Sampling Procedure

From March to May 2016, 479 stakeholders of the WBG in the Kyrgyz Republic were invited to provide their opinions on the WBG's work in the country by participating in a Country Opinion Survey. Participants were drawn from the office of the President/Prime Minister, office of a Minister, office of a Parliamentarian, employees of ministries/ministerial departments/implementation agencies, Project Management Units (PMUs) overseeing implementation of WBG projects or consultants/contractors working on WBG-supported projects/programs, local government office or staff, bilateral/multilateral agencies, private sector organizations, private foundations, the financial sector/private banks, NGOs/community-based organizations (CBOs), the media, independent government institutions, trade unions, faith-based groups, youth groups, academia/research institutes/think tanks, and the judiciary branch. A total of 322 stakeholders participated in the survey (67% response rate).

Response Rate

67%

Weighting

The results of this year's Country Survey were compared to those in the Country Survey conducted in FY2013 (response rate was 55%, N = 166). The data were weighted to reach similar stakeholder compositions across the two survey years, allowing for more statistically reliable comparisons. Also, stakeholders who identified themselves as "Other" in the stakeholder category options were not included in these comparisons. As a result, mean ratings, percentages of respondents, and the total number of respondents in both years are slightly different from those of the original data reported in the FY2013 Country Survey report and the non-weighted data presented in this report. For the weighted stakeholder breakdown and year comparison results, please refer to Appendix E in the FY2016 report.

Questionnaires

Overview

English, Kyrgyz and Russian.
