# Sampling

## Sampling Procedure

---

From February to March 2017, 800 stakeholders of the WBG in Liberia were invited to provide their opinions on the WBG's work in the country by participating in a Country Opinion Survey. Participants were drawn from the Office of the President, Prime Minister; office of a minister; office of a parliamentarian; ministries/ministerial departments/implementation agencies; Project Management Units (PMUs) overseeing implementation of WBG projects; consultants/ contractors working on WBG-supported projects/programs; local governments; bilateral/ multilateral agencies; private sector organizations; private foundations; the financial sector/ private banks; NGOs/community based organizations; the media; independent government institutions; trade unions; faith-based groups; youth groups; academia/research institutes/think tanks; the judiciary branch; and other organizations.

## Response Rate

---

79%

## Weighting

---

The results in this year's Country Survey were compared to those in the Country Survey conducted in FY'14 (response rate was 91%, N=639). Data were weighted to reach the same stakeholder composition in two years, which allows for year comparisons. Stakeholder groups which were not present in both fiscal years were not included in the comparison. Respondents who belonged to the "other" stakeholder category were not included either. As a result, mean ratings, percentages of respondents, and the total number of respondents in both years are slightly different from those of the original data reported in the FY'14 COS report and the non-weighted data presented in appendices A, B, C, D, and F. For the weighted stakeholder breakdown and year comparison results, please refer to Appendix E (page 105).
