# Sampling

## Sampling Procedure

---

From July to October 2015, 361 stakeholders of the WBG in Morocco were invited to provide their opinions on the WBG's work in the country by participating in a country opinion survey. Participants were drawn from the Office of the President/Prime Minister; office of a minister; office of a parliamentarian; employees of ministries/ministerial departments or implementation agencies; Project Management Units (PMUs) overseeing implementation of projects or consultants/contractors working on WBG-supported projects/programs; local government officials or staff; bilateral/multilateral agencies; private sector organizations; private foundations; the financial sector/private banks; NGOs/community-based organizations; the media; independent government institutions; trade unions; faith-based groups; youth groups; academia/research institutes/think tanks; and the judiciary branch. A total of 52 stakeholders participated in the survey (14% response rate).

## Response Rate

---

14%

## Weighting

---

The results of this year's Country Survey were compared to those in the Country Survey conducted in FY '12 (response rate was 31%, N=96). Although the FY '12 and FY '16 COS recruited respondents from the same stakeholder groups, the samples from both years were quite small, making it impractical to attempt weighting the samples to achieve approximate equivalence. Thus, it should be noted that differences between the two COS may be due to actual changes within the country, but could also represent changes in the respondent samples across the two years. For more details on the stakeholder breakdown and year comparison results, please refer to Appendix E (Report, page 91) in the Related Materials.

# Questionnaires

## Overview

---

The questionnaire is in English and French. The English version is provided as related material.
