## APPENDIX A — INSTRUCTIONS

- [1] **in\_09: 9. How much is the fees that you or the other household members have to pay to get this remittance?**  
Do not read out answer options; code from response. In case respondent does not understand the question, you can say "as a percentage of the remitted amount, how much is the fee? For example, 10% of the remitted amount, 2% of the remitted amount, etc." Explain to the respondent if required: "A remittance is receiving a transfer of funds from outside the household."
- [2] **in\_10: 10. What are all the available means through which your household could receive remittances?**  
Do NOT read options to respondent; code from response. Select all mentioned. After each means mentioned, probe the respondent by asking "Thank you. Is there any other means?" Explain to the respondent if required: "A remittance is receiving a transfer of funds from outside the household."
- [3] **em\_01: 1. In the last 30 days, which activity did your household spend the most time doing?**  
Please read out all options, and make sure the respondent understands the different options. Please note and explain to respondent if needed: Farming at own account involves trading the farm produce (either for money or in kind) while subsistence farming is purely for self consumption.
- [4] **em\_03: 3. Which activity did your household spend the most time doing before it changed to em\_01?**  
Please read out all options, and make sure the respondent understands the different options. Please note and explain to respondent if needed: Farming at own account involves trading the farm produce (either for money or in kind) while subsistence farming is purely for self consumption.
