INTERVIEWER: ADMINISTER INFORMED CONSENT TO RESPONDENT BEFORE YOU BEGIN.

B. CONSENT

Good day, my name is I work with Innovations for Poverty Action (IPA) here in Accra. IPA is working with researchers at New York University in the United States, Ghana Education Service and the National Nursery Teacher Training Centre, Accra to learn about how to provide kindergarten teachers with effective training and support so they can best teach young children to learn. We have received official permission from the Ghana Education Service (and your school head) to conduct this survey. Our research team wants to learn from you. Even though the study may not directly benefit you, the information you share with us will contribute to the improvement of kindergarten education in the region.

As part of our goal in promoting high-quality classroom instructions at the kindergarten level, we have found it helpful to make video recordings of class lessons at the kindergarten level. The video recordings will help us understand how KG teachers interact with children in the class. We are not reporting on individual teachers; neither are we sharing this video with other schools or GES. We would like you to teach your class exactly as you would teach in regular circumstances. The video recording will take about 30 minutes or 1 hour per kindergarten class (depending on the duration of your class lesson). The recording will only be used by IPA to aid in providing quality teacher training programs in Ghanaian schools.
