From May to July 2018, 906 stakeholders of the WBG in Lao PDR were invited to provide their opinions on the WBG's work in the country by participating in a Country Opinion Survey. Participants were drawn from the Presidential Office; the Prime Minister's Office; the National Assembly; ministries/ministerial departments/implementation agencies; Project Management Units (PMUs) overseeing implementation of WBG projects; consultants/contractors working on WBG-supported projects/programs; local governments; bilateral and multilateral agencies; private sector organizations; the financial sector/private banks; civil society organizations (e.g., NGOs, non-profit associations); the media; independent government institutions; mass organizations (Lao Trade Union, Lao Youth Union, Lao Women's Union, and Lao Front); youth groups; academia/research institutes/think tanks; the judiciary branch; and other organizations.

Response Rate

40%

Weighting

The results in this year's Country Survey were compared to those in the Country Survey conducted in FY'15 (response rate was 45%, N=296). Data were weighted to reach the same stakeholder composition in two years, which allows for year comparisons. Stakeholder groups which were not present in both fiscal years were not included in the comparison. Respondents who belonged to the "other" stakeholder category were not included either. As a result, mean ratings, percentages of respondents, and the total number of respondents in both years are slightly different from those of the original data reported in the FY'15 COS report and the non-weighted data presented in appendices A, B, C, and E. For the weighted stakeholder breakdown and year comparison results, please refer to Appendix D (page 92).
