SECTION 28: EDUCATION - COGNITIVE

Now I am going to ask you a series of questions that test your abilities in a variety of areas, including following instructions, mathematic skills, and reading and listening comprehension.

COGNITIVE ASSESSMENT

READ ALL OF THESE TO THE RESPONDENT

- o The first activity is a 10 question test. It has been created for respondents with a wide range of academic backgrounds. Please, do not be discouraged if you cannot answer all of the questions. It is important that you continue through the test and try to answer as many as you can.
- o The pages are numbered – be sure not to skip a page.
- o Before you begin, we will review the instructions together and work out some example questions.
- o You will have 10 minutes to complete the assessment. I will give you notice when you have only 5 minutes left, and again when you have only 1 minute left. If you finish before I advise you that time is up, please tell me.
- o Now, if you are ready, we will review the instructions and practice examples together.
