

Section A

Data contains variables that were collected using Section A (Identification) of Rural Capacity Building Project (RCBP) Survey questionnaire.

Variables: 29

Observations: 1,393

Data file: RCBP_IDENTIFICATION_A01_A15.dta

Section B

Data contains variables that were collected using Section B (Household Roster) of Rural Capacity Building Project (RCBP) Survey questionnaire. The data also contains geographic identification variables that were collected using Section A of the questionnaire.

Variables: 19

Observations: 9,144

Data File: RCBP_DEMOGRAPHY_B01_B10.dta

Section C01_C09 – Food Consumption

Data contains variables that were collected using Section C (Consumption) of Rural Capacity Building Project (RCBP) Survey questionnaire. The data also contains geographic identification variables that were collected using Section A of the questionnaire.

Variables: 20

Observations: 11,261

Data File: RCBP_FOODCONUMPTION_1_C01_C09.dta

Section C10_C35 – Expenditure

Data contains variables that were collected using Section C (Consumption) of Rural Capacity Building Project (RCBP) Survey questionnaire. The data also contains geographic identification variables that were collected using Section A of the questionnaire.

Variables: 50

Observations: 1,385

Data File: RCBP_EXPENDTURE_C10_C35.dta

Section C36_C38 – HH Assets

Data contains variables that were collected using Section C (Consumption) of Rural Capacity Building Project (RCBP) Survey questionnaire. The data also contains geographic identification variables that were collected using Section A of the questionnaire.

Variables: 12

Observations: 55,688

Data File: RCBP_HHASSET_C36_C38_edited250712.dta

Section C39_C47 – Housing

Data contains variables that were collected using Section C (Consumption) of Rural Capacity Building Project (RCBP) Survey questionnaire. The data contains land and livestock information collected in Section E (Plot Information) and Section F (Livestock) of the questionnaire. The data also contains geographic identification variables that were collected using Section A of the questionnaire.

Variables: 21

Observations: 1,393

Data File: RCBP_HOUSING_C39_C47_F00_E01_E02A_E02B.dta

Section D00_D03 – Extension

Data contains variables that were collected using Section D (Access to Agricultural Extension Services) of Rural Capacity Building Project (RCBP) Survey questionnaire. The data also contains geographic identification variables that were collected using Section A of the questionnaire.

Variables: 24

Observations: 1,391

Data File: RCBP_EXTENSION_1_D00_D03.dta

Section D04_D16 – Extension

Data contains variables that were collected using Section D (Access to Agricultural Extension Services) of Rural Capacity Building Project (RCBP) Survey questionnaire. The data also contains geographic identification variables that were collected using Section A of the questionnaire.

Variables: 36

Observations: 16,583

Data File: RCBP_EXTENSION_2_DO4_D16.dta

Section D17_D23A – Extension

Data contains variables that were collected using Section D (Access to Agricultural Extension Services) of Rural Capacity Building Project (RCBP) Survey questionnaire. The data also contains geographic identification variables that were collected using Section A of the questionnaire.

Variables: 25

Observations: 3,874

Data File: RCBP_EXTENSION_3_D17_D23A.dta

Section D24_D65 – FA Training

Data contains variables that were collected using Section D (Access to Agricultural Extension Services) of Rural Capacity Building Project (RCBP) Survey questionnaire. The data also contains geographic identification variables that were collected using Section A of the questionnaire.

Variables: 109

Observations: 1,393

Data File: RCBP_FA_TRAINING_D24_D65.dta

Section E02_E09 – Plot Information

Data contains variables that were collected using Section E (Plot Roster) of Rural Capacity Building Project (RCBP) Survey questionnaire. The data is also containing geographic identification variables that were collected using Section A of the questionnaire.

Variables: 20

Observations: 6,316

Data File: RCBP_PLOT_INFORMATION_E02_E09Edited250725.dta

Section E10_E19 – Crop Inputs Others

Data contains variables that were collected using Section E (Plot Roster) of Rural Capacity Building Project (RCBP) Survey questionnaire. The data is also containing geographic identification variables that were collected using Section A of the questionnaire.

Variables: 21

Observations: 5,480

Data File: RCBP_CROP_INPUTS_OTHERS_E10_E19.dta

Section E20_E27 – Crop Inputs Seeds

Data contains variables that were collected using Section E (Plot Roster) of Rural Capacity Building Project (RCBP) Survey questionnaire. The data is also containing geographic identification variables that were collected using Section A of the questionnaire.

Variables: 18

Observations: 6,370

Data File: RCBP_CROP_INPUTS_SEEDS_E20_27_aug17_12.dta

Section E27_E36 – Crop Utilization

Data contains variables that were collected using Section E (Plot Roster) of Rural Capacity Building Project (RCBP) Survey questionnaire. The data is also containing geographic identification variables that were collected using Section A of the questionnaire.

Variables: 23

Observations: 5,020

Data File: RCBP_CROP_UTILIZATION_E27_E36.dta

Section F01_F12 – Livestock

Data contains variables that were collected using Section F (Livestock) of Rural Capacity Building Project (RCBP) Survey questionnaire. The data is also containing geographic identification variables that were collected using Section A of the questionnaire.

Variables: 23

Observations: 21,192

Data File: RCBP_LIVESTOC_1_F01_F12.dta

Section F13_F22 – Livestock

Data contains variables that were collected using Section F (Livestock) of Rural Capacity Building Project (RCBP) Survey questionnaire. The data is also containing geographic identification variables that were collected using Section A of the questionnaire.

Variables: 20

Observations: 1,690

Data File: RCBP_LIVESTOC_2_F13_F22.dta

Section F23_F30 – Livestock

Data contains variables that were collected using Section F (Livestock) of Rural Capacity Building Project (RCBP) Survey questionnaire. The data is also containing geographic identification variables that were collected using Section A of the questionnaire.

Variables: 23

Observations: 13,950

Data File: RCBP_LIVESTOC_3_F23_F30.dta
