Version

VERSION DESCRIPTION

v2.1: Edited, anonymous dataset for public distribution. Second Wave

PRODUCTION DATE

2020-09-30

Overview

ABSTRACT

The participants of this phone interview were identified using mixed methods. Stratified random sampling were adopted for PoCs based in Kakuma, Kalobeyei, Dadaab and Urban areas. While a census was used for all PoCs who were 18+ years amongst the Shona community; this cohort forms 48.6% of the enumerated population of the Shona people. The survey was conducted at two levels; household and individual. For the second wave, 4390 individuals were included belonging to 1735 households.

KIND OF DATA

Sample survey data [ssd]

UNITS OF ANALYSIS

DDI DOCUMENT VERSION

Version 1 (April 2021). This version is identical to UNHCR DDI ID: UNHCR_KEN_2020_COVID_Round2_ddi_v1.1, except the following edits were made:

- Minor spelling, grammatical, and formatting corrections
- Specified the archive where study is originally stored

Sampling

Sampling Procedure

1000 individuals (18 years and above) with active phone numbers were randomly selected from UNHCR database for each of the four camp sites - Kakuma, Kalobeyi, Dadaab and Urban. For Shona, we took the sample from the Socioeconomic Assessment survey. Due to the smaller sample size of the Shona population (782), we use everybody in the sample. Those selected individuals from each site were sent an SMS, stating that they have been randomly selected to participate in a socio-economic impact of COVID-19 survey. Out of the individuals who were delivered the SMS, 250 individuals were selected from each site for the survey giving a sum of 3,529 individuals.

Response Rate

The consent rate from all the respondents (respondents interviewed in the 1st wave + respondents that were not reached in the 1st wave) was 56%. The consent rate from 1st wave respondents was 88%.

Weighting

Already computed; see the database

Questionnaires

Overview

The questionnaire included 12 sections

Section 1: Introduction

Section 2: Household background

Section 3: Travel patterns and interactions

Section 4: Employment

Section 5: Food security

Section 6: Income Loss

Section 7: Transfers

Section 8: Subjective welfare (50% of sample)

Section 9: Health

Section 10: COVID Knowledge

Section 11: Household and Social Relations (50% of sample)

Section 12: Conclusion

Data Collection

Data Collection Dates
