STATIC TEXT

E trader_name_confirm==1 || trader_other==1

My name is [Say your name], I am working with the World Bank, a research organization that is conducting a study on the trade and market conditions in South Sudan. Your business has been selected to take part in Phase 2 of the STUDY, which will gather information from you about various trade barriers you face when conducting your business. Your PARTICIPATION IS COMPLETELY VOLUNTARY. All information you share with me is COMPLETELY CONFIDENTIAL. This means that there will be no way any information or answers you give me can be associated with your name. I also want to make it clear that there are no right or wrong answers. The survey won't provide individual benefits to you, but the information will be used to understand the factors that influence trade among regions in South Sudan. The information you provide will be used to INFORM DEVELOPMENT POLICIES of local and international organizations to improve the infrastructure and institutions of trade in South Sudan. To be able to answer these questions accurately, I would like to speak to the OWNER OF THE BUSINESS. If they are not available, then I would like to talk to the man and/or the woman who would know most about how the business usually buy and sell good. There are NO RISKS to taking part in this study, and your identity will remain ANONYMOUS. You can stop taking part in the survey at any time. Please take as much time as you need to decide if you'd like to participate in this survey. You may ask me any questions about the research project or the survey procedures that you'd like. I will also leave you my phone number in case you have any questions after the interview. I will use this mobile phone, which contains the questionnaire, to write down the answers you give me (show phone to the respondent).

<p>May I continue the interview?</p> <p>I Has the trader who has enough information provided consent?</p> <p>E trader_name_confirm==1 trader_other==1</p>	<p>SINGLE-SELECT maycontinue</p> <p>01 <input type="radio"/> Yes</p> <p>00 <input type="radio"/> No</p>

When you are finished, end the module by pressing 'Tab to record current time'	DATE: CURRENT TIME end time

APPENDIX A — INSTRUCTIONS

- [1] **business_years: How many years have you been working for this business?**
This is just an estimate, ask the respondent to give a whole number. If less than 1 year please enter '0' here and ask for number of months using the next questions and record the number of months. If the respondent answers with, for example, 1 year plus 6 months, please record 1 year in this question and the 6 months in the next question.
- [2] **buyer_types: Please specify the kind of buyers you sell %product% to.**
Do not read out all instructions. Let the respondent indicate and choose accordingly. Also explain that a wholesaler is a middleman who does not produce goods by themselves or sell directly to consumers.
- [3] **buytraveltime_days: Number of days**
Write 0 if the time taken is less than a day. Record the time in hours and minutes in the following questions. If more than a day, write the number of days here and if there are additional hours and days write them in the subsequent questions. Eg: if respondent says 1.5 days, please type in 1 in days and 12 in hours and 0 in minutes.
- [4] **buyroute_barrier: In your opinion, what are the three most important transport barriers on the route to %buying_market%?**
Do not read out all the responses. Let the respondent respond and chose accordingly. Inform the trader that 'importance' refers to the factor that has reduced travel to the market the most. 'Poor road condition' refers to reasons such as roads washed away by rain, roads with potholes and generally roads that can damage vehicle due to their state. 'High Taxes' refer to money collected on the way by legitimate government agents or fees paid on the way to bribe agents. You must select the most important factor first, then second most important and then third most important.
- [5] **buyaltroute_barrier: In your opinion, what is the most important transport problem using this alternative way to %buying_market%?**
Do not read out all the responses. Let the respondent respond and chose accordingly. Inform the trader that 'importance' refers to the factor that has reduced travel to the market the most. 'Poor road condition' refers to reasons such as roads washed away by rain, roads with potholes, and generally roads that can damage vehicle due to their state. 'High Taxes' refer to money collected on the way by legitimate government agents or fees paid on the way to bribe agents.
- [6] **stop_buying: Please select the three main reasons you stopped buying from towns outside %town%?**
Please select as indicated by the respondent. This is a ranked response, so the first one you select must be the most important reason, the second the second most important reason and the third the third most important reason.
- [7] **nooutside_buying: Please specify the three main reasons you don't buy from other towns besides %town%?**
Please select as indicated by the respondent. This is a ranked response, so the first one you select must be the most important reason, the second the second most important reason and the third the third most important reason.
- [8] **selltraveltime_days: Number of days**
Write 0 if the time taken is less than a day. Record the time in hours and minutes in the following questions. If more than a day, write the number of days here and if there are additional hours and days write them in the subsequent questions. Eg: if respondent says 1.5 days, please type in 1 in days and 12 in hours and 0 in minutes.
- [9] **sellroute_barrier: In your opinion, what are the three most important transport problems on the route to %selling_market%?**
Do not read out all the responses. Let the respondent respond and chose accordingly. Inform the trader that 'importance' refers to the factor that has reduced travel to the market the most. 'Poor road condition' refers to reasons such as roads washed away by rain, roads with potholes and generally roads that can damage vehicle due to their state. 'High Taxes' refer to money collected on the way by legitimate government agents or fees paid on the way to bribe agents. You must select the most important factor first, then second most important and then third most important..
- [10] **sellaltroute_barrier: In your opinion, what is the most important transport problem using the alternative way to %selling_market%?**
Do not read out all the responses. Let the respondent respond and chose accordingly. Inform the trader that 'importance' refers to the factor that has reduced travel to the market the most. 'Poor road condition' refers to roads washed away by rain, roads with potholes and generally roads that can damage vehicle due to their state. 'High Taxes' refer to money collected on the way by legitimate government agents or fees paid on the way to bribe agents.
- [11] **stop_selling: Please specify the three main reasons you stopped selling to towns outside %town%?**
Please select as indicated by the respondent. This is a ranked response, so the first one you select must be the most important reason, the second the second most important reason and the third the third most important reason.
- [12] **nooutside_selling: Please specify the three main reasons you don't sell to other towns besides %town%?**
Please select as indicated by the respondent. This is a ranked response, so the first one you select must be the most important reason, the second the second most important reason and the third the third most important reason.
- [13] **postharvest_sell: Are you able to sell %product% in %town% after the post-harvest season?**
Post-harvest season refer to the stage of crop production immediately following harvest. Generally during the post-harvest period there is a lot of supply but after post-harvest not a lot. This question is asking if the trader sells after the period of harvest is over.
- [14] **postharvest_sell2: Are you able to sell %product% in %selling_market% after the post-harvest season?**
Post-harvest season refer to the stage of crop production immediately following harvest. Generally during the post-harvest period there is a lot of supply but after post-harvest not a lot. This question is asking if the trader sells after the period of harvest is over.
