

## Data Description

The following unique identifiers are designed to merge individual sections of this dataset:

Variable Name	Description
hh_id	Household ID
ind_id_nv	Individual / HH Member ID
parcel_id	Parcel ID
plot_id	Plot ID
village	Village ID (to merge household level dataset with community dataset)

Missing values were coded as follows:

MV Code	Description
.a	-99/99: Don't know
.e	Unintended missing values

Certain variables were redacted for privacy of respondents. The variables that were redacted are marked as such in the datasets. In the Main questionnaire, there is also a column showing whether the variable was redacted.
