FOLLOW-UP SURVEY

hhid	q6	q7	q8	q9	q10	q11
Household ID	[If q5=Yes] Who ? (member id from main dataset)	How many days of work did [member] miss?	8. What was the total value of any medical costs incurred due to the flood? (if none put zero)	[If q1=Yes OR q3=Yes OR q5=Yes OR q8>0] Would you say that today your household has fully recovered from the shock to pre-shock conditions?	[If q9=No] What is the reason(s) you think that your household has not recovered from the flood in April? (Multiple choice allowed – read the options) 1 = House not fully repaired 2 = Assets not fully replaced 3 = Lower savings now due to costs 4 = Increased debt 5 = Lost job and is still unemployed 6 = Lost job and new job is paying less 7 = Lost clients (that still did not come back). 8 = Still cutting on essential consumption to deal with costs (essential food and water) 9 = Still cutting non-essential consumption to deal with costs (clothes, electronics, non-essential food like meat and alcohol, etc.) 10 = Mental health (e.g. still traumatized) 11 = Health 12 = Other, specify	[If q1=No AND q3=No AND q5=No AND q8=0 AND not_recover_pre=1/not recovered] Last time we talked to you, you reported not having recovered from a flood affecting the household. Have your household recovered now?
