## SAMPLING PROCEDURE

From February to April 2021, 700 stakeholders of the WBG in Uganda were invited to provide their opinions on the WBG's work in the country by participating in a Country Opinion Survey. Participants were drawn from the Office of the President, Prime Minister; Offices of Ministers; Offices of Parliamentarians; ministries/ministerial departments/implementation agencies; Project Management Units (PMUs) overseeing implementation of WBG projects; consultants/ contractors working on WBG-supported projects/programs; local governments; independent government institutions; the judicial system; state-owned enterprises; development partners; multilateral agencies; private sector organizations; the financial sector/private banks; private foundations; NGOs and community-based organizations; trade unions; faith-based groups; academia/research institutes/think tanks; and the media.

## RESPONSE RATE

The response rate was 66%

## WEIGHTING

The results in this year's Country Survey were compared to those in the Country Survey conducted in FY '18 (response rate was 47%, N=657). The data were weighted to reach similar stakeholder compositions across both survey years, allowing for more statistically reliable comparisons. Note, stakeholders who identified themselves as "Other" in the stakeholder category options were not included in these comparisons. Due to this weighting, mean ratings, percentages of respondents, and the total number of respondents in both years are slightly different from those of the original data reported in the FY '18 COS report and the non-weighted data presented in this report. For the weighted stakeholder breakdown and year comparison results, please refer to Appendix D (see page 84).
