RIMA Survey Questionnaire

RIMA Survey Questionnaire

My name is I am here on behalf of the Food and Agriculture Organization of the United Nations (FAO), in Myanmar to conduct a survey. Your household has been selected to participate in this survey aimed at getting a better understanding of the current situation in regard to livelihood activities undertaken by your household. If you agree, i would like to ask questions about you and your household members, your household's means of securing necessities of life, how you perceive risks and cope in times of crisis, how livelihoods have changed over time and the impact on the socio-economic factors as well as your involvement in agricultural production and enterprises. Your participation in this interview is voluntary and therefore you are free to decide whether or not to participate or to decline to answer any question. Any information that you provide will remain confidential and will not be used for any other purpose than the aforementioned. Are you willing to go ahead? This interview should take about 1 hour to complete.
