ABSTRACT
UNHCR India implemented a telephone survey to measure the satisfaction with educational services provided by UNHCR and NGO partners. Most reported financial issues as reasons for their children not attending UNHCR partner led schools and lack of devices for not being able to make use of the online program. The survey also covers a few questions on the impact of COVID-19 on school attendance, and the education quality of public schools. The household survey spans a sample of more than 1,500 households and 2,200 children.
