INSTRUCTIONS TO INTERVIEWER (FOR MANUAL):

You will administer this questionnaire to a group of several knowledgeable residents of the community, such as the village headman or his spouse, headmaster or teachers in the local school, agricultural extension officer, religious leaders, local merchants, health workers, long-term knowledgeable residents, or NGO workers that have been in the village for a long time. Choose informants who have lived in the community for a number of years. **Make sure there is at least one representative from each village in the community.** A minimum of 5 and a maximum of 10 respondents should make up the group that completes this questionnaire with you. The group should be as diverse as possible with respect to sex, age, religion and ethnicity, so that it is representative of the population in the community.

Note that in the questions in this questionnaire, the term **COMMUNITY** means the **VILLAGE(S) OR PERI-URBAN LOCATION(S) IN WHICH THIS QUESTIONNAIRE IS BEING ADMINISTERED.**

Section 8: External Shocks

QUESTIONS SHOULD BE ANSWERED BY LONG-TERM COMMUNITY RESIDENTS

I would now like us to talk about the important events that have taken place in this community in the past 10 years, i.e. since 2004, including any events that have occurred this year. We are specifically interested in events that have changed the well-being of people in this community for better or for worse. Examples of events that might have made people worse off are disease epidemics, crop failures, natural disasters, price fluctuations, or the loss of key social services. Examples of events that may have made people better off are new schools or medical facilities, new employment opportunities, or the construction of a new road or dam or dip tank.
