## Sampling

## SAMPLING PROCEDURE

From March to May 2023, a total of 424 stakeholders of the WBG in Mongolia were invited to provide their opinions about the WBG's work in the country. They did so by participating in a Country Opinion Survey (COS). Participants were drawn from the Office of the President or Prime Minister; the Office of a Minister; the Office of a Parliamentarian; national government institutions; local governments; bilateral/multilateral agencies; the private sector; civil society organizations; academia, research institutes, think tanks; and the media.

## RESPONSE RATE

The response rate is 72%

The results of this year's Country Survey were compared to those of the Country Survey conducted in FY20 (with a response rate of 65%, N=269). Comparing responses across Country Surveys reflects changes in attitudes over time, as well as changes in respondent samples and changes to the survey instrument itself. To reduce the influence of the latter factor, only those questions with similar response scales/options are analyzed.
