SERIES INFORMATION

The World Bank Group Country Opinion Survey Program (COS) is an ongoing effort to systematically gauge and track the perceptions and views of the World Bank Group's clients and partners across the globe over time. The survey data give the institution a more in-depth understanding of stakeholders' views on issues related to the World Bank's work on the ground (how it operates, its relationships, and its knowledge) and other development-related issues. The Department of External and Corporate Relations Business Intelligence Team oversees the program. This collection hosts open, accessible survey data from 29 countries collected in FY 2012 (July 2011-June 2012), 41 countries in FY 2013 (July 2012-June 2013), 42 countries in FY 2014 (July 2013-June 2014), 35 countries in FY 2015 (July 2014-June 2015), 45 countries in FY 2016 (July 2015-June 2016), 35 countries in FY 2017 (July 2016-June 2017), and 39 countries in FY 2018 (July 2017-June 2018), 42 countries in FY 2019 (July 2018-June 2019), 21 countries in FY 2020 (July 2019-June 2020), 36 countries in FY 2021 (July 2020-June 2021), 23 countries in FY 2022 (July 2021-June 2022), 31 countries in FY 2023 (July 2022-June 2023) and over 40 countries in FY2024 (July 2023-June 2024). All data will be regularly updated, and more countries will be added as data becomes available.

ABSTRACT

The Country Opinion Survey in the Dominican Republic assists the World Bank Group (WBG) in better understanding how stakeholders in the Dominican Republic perceive the WBG. It provides the WBG with systematic feedback from national and local governments, multilateral/bilateral agencies, media, academia, the private sector, and civil society in the Dominican Republic on 1) their views regarding the general environment in the Dominican Republic; 2) their overall attitudes toward the WBG in the Dominican Republic; 3) overall impressions of the WBG's effectiveness and results, knowledge work and activities, and communication and information sharing in the Dominican Republic; and 4) their perceptions of the WBG's future role in the Dominican Republic.

Sampling

SAMPLING PROCEDURE

From February to May 2024, a total of 613 stakeholders in the Dominican Republic were invited to provide their opinions on the WBG's work by participating in a Country Opinion Survey (COS). A list of potential participants was compiled by the WBG country team and the fielding agency. Participants were drawn from the Offices of the President, Office of Vice President, Minister, and Parliament, government institutions, local governments, bilateral or multilateral agencies, the private sector, civil society, academia, and the media. Of these stakeholders, 157 participated in the survey.

RESPONSE RATE

The response rate was 26%

Comparing responses across Country Surveys reflects changes in attitudes over time but also changes in respondent samples, changes in methodology, and changes to the survey instrument itself. Only questions with similar response scales/options were analyzed to reduce the latter factor's influence. This year's survey saw a different distribution of respondents across stakeholder groups, with greater outreach to and/or response from local governments and government institutions but a decrease in civil society and the private sector. These differences in stakeholder composition between the two years should be considered when interpreting the results of the past-year comparison analyses.
