TITLE

Good Growth Plan 2023

ABBREVIATION OR ACRONYM

GGP-P 2023

COUNTRY/ECONOMY

| Name | Country code |
|------------------|--------------|
| Egypt, Arab Rep. | EGY |

STUDY TYPE

Agricultural Survey [ag/oth]

ABSTRACT

Syngenta is committed to increasing crop productivity and to using limited resources such as land, water and inputs more efficiently. Since 2014, Syngenta has been measuring trends in agricultural input efficiency on a global network of real farms.

The Good Growth Plan dataset shows aggregated productivity and resource efficiency indicators by harvest year.

KIND OF DATA

Sample survey data [ssd]

UNIT OF ANALYSIS

Agricultural holdings

Scope

NOTES

Data was collected on the usage of inputs, such as crop protection products, chemical fertilizer, seeding rates, labor hours, machinery usage hours, and marketable crop yield on a per hectare basis.

Coverage

GEOGRAPHIC COVERAGE

National Coverage

Producers and sponsors

PRIMARY INVESTIGATORS

Sampling

SAMPLING PROCEDURE

A. Sample design

Farms are grouped in clusters, which represent a crop grown in an area with homogenous agro- ecological conditions and include comparable types of farms. The sample includes reference and benchmark farms.

B. Sample size

Sample sizes for each cluster are determined with the aim to measure statistically significant increases in crop efficiency over time. This is done based on target productivity increases and assumptions regarding the variability of farm metrics in each cluster. The smaller the expected increase, the larger the sample size needed to measure significant differences over time. Variability within clusters is assumed based on public research and expert opinion. In addition, growers are also grouped in clusters as a means of keeping variances under control, as well as distinguishing between growers in terms of crop size, region and technological level. A minimum sample size of 20 interviews per cluster is needed. The minimum number of reference farms is 5 of 20. The optimal number of reference farms is 10 of 20 (balanced sample).

WEIGHTING

No weighting.

Data collection

CONFIDENTIALITY

The users shall not take any action with the purpose of identifying any individual entity (i.e. person, household, enterprise, etc.) in the micro dataset(s). If such a disclosure is made inadvertently, no use will be made of the information, and it will be reported immediately to FAO

ACCESS CONDITIONS

Micro datasets disseminated by FAO shall only be allowed for research and statistical purposes. Any user which requests access working for a commercial company will not be granted access to any micro dataset regardless of their specified purpose. Users requesting access to any datasets must agree to the following minimal conditions:

- The micro dataset will only be used for statistical and/or research purposes;
- Any results derived from the micro dataset will be used solely for reporting aggregated information, and not for any specific individual entities or data subjects;
- The users shall not take any action with the purpose of identifying any individual entity (i.e. person, household, enterprise, etc.) in the micro dataset(s). If such a disclosure is made inadvertently, no use will be made of the information, and it will be reported immediately to FAO;
- The micro dataset cannot be re-disseminated by users or shared with anyone other than the individuals that are granted access to the micro dataset by FAO.

CITATION REQUIREMENTS

The Good Growth Plan Progress Data - Productivity 2022-2023. Dataset downloaded from <https://microdata.fao.org>.

| V1353 | c_electri | What was your total amount/investment cost of your farm?Electricity: | |
| V1354 | c_gas | What was your total amount/investment cost of your farm?Gas: | |
| V1355 | c_rent | What was your total amount/investment cost of your farm?Rent/loans for growing areas: | |
| V1356 | ttl_rev | What was your total revenue you achieved on your farm this season? | |
| V1357 | ttl_own_consumption | What is the total amount in USD of crops harvest used for own consumption? | |
| V1358 | ttl_stored_sell | What is the total amount in USD of crops stored you plan to sell at a later stage? | |
| V1359 | ttl_feed | What is the total amount in USD of crops harvested used for feeding animals? | |
| V1360 | ttl_byprod | What is the total amount in USD of crops used for by products (oil from Olive, flours from wheat, etcâ€¦)? | |
| V1361 | ttl_sharecropping | What is the total amount in USD of crops exchanged in share cropping arrangements? | |
| V1362 | price_satisfied | How satisfied are you with the price you received on the market for your produce? | |
| V1363 | est_rev_field | What is the estimated revenue in USD of this field we are asking during this survey? | |
| V1364 | profitable | Do you consider yourself profitable? | |
| V1365 | adv_weather | Has the crop grown been impacted by adverse weather conditions? | |
| V1366 | water_source | What is the MAIN water source during this season? | |
| V1367 | agro_advice | Are you getting enough agronomic advice? | |
| V1368 | improve_with | What would you ideally like to improve with your farming practices? | |
| V1369 | newly_seed | What would most convince you to purchase a newly marketed seed variety? | |
| V1370 | spraying_advice | Do you follow the label advice when preparing for spraying? | |
| V1371 | pollinators | Are you aware of recommendation/precautions you need to follow on potential impact on pollinators when spraying? | |
| V1372 | season_accident | Did you experience any accident or bad experience at all during this season? Anything on field, chemical, operation etc.? | |
| V1373 | mixture_protection | When you prepare the mixture for spraying - Do you wear any of the following ? | |
| V1374 | spraying_protection | When field spraying - Do you wear any of the following ? | |
| V1375 | empty_pesticides | What do you do with empty container of pesticides you use in your farm? | |

| V1545 | erosion_water | Screening Environment Do you have signs of soil erosion by water on your farm? | |
| V1546 | erosion_wind | Screening Environment Do you have signs of soil erosion by wind on your farm? | |
| V1547 | cover_crop | Screening Environment Have you started growing a cover crop to manage soil health in the past 20 years on the growing area(s) for ? | |
| V1548 | soil_type | Screening Environment What is the soil type of growing area? | |
| V1549 | soil_test | Screening Environment Have you ever sampled your soil for nutrient testing on texture and other soil parameters? | |
| V1550 | soil_test_time | Screening Environment If you have analyzed your soil, when was the last time you did execute this? | |
| V1551 | intercropping | Screening Behavior Do you practice intercropping (growing multiple crops on the same growing area in the same season) on each growing area for ? | |
| V1552 | intercrop_crops | Screening Behavior Which main crops do you intercrop on each growing area with ? | |
| V1553 | main_intercrop | Screening Behavior Which other main crops do you intercrop on each growing area with ? | |
| V1554 | rotate | Screening Behavior Do you rotate crops on each growing area for ? | |
| V1555 | rotate_crop | Screening Behavior What crops are you cultivating in rotation on each growing area for? | |

| ID | Name | Label | Question |
|-------|----------------------|--|----------|
| V1556 | rotate_previous | Screening Behavior In terms of rotation, what was the previous crop cultivated on each growing area for ? | |
| V1557 | advice_from | Screening Knowledge Where else do you seek advice when deciding what and when to spray? | |
| V1558 | attended_training | Screening Knowledge Have you attended a training or farmers meeting on crop growing and/or agricultural practices in the past 2 years? | |
| V1559 | safe_use | Screening Knowledge During the training/farmers meeting, did they talk at least 15 minutes about safe-use practices related to crop protection products, fertilizers etcâ€¦? | |
| V1560 | to_learn | Screening Knowledge What else would you like to learn, to improve your farming? | |
| V1561 | label_info | Screening Knowledge Does the product label give you the information you need to get the best from the product? | |
| V1562 | empty_container | Screening Knowledge What do you do with empty container of pesticides you use in your farm? | |
| V1563 | where_help | Screening Knowledge If you have an incident with a crop protection product, do you know where to go for help? | |
| V1564 | if_accident | Screening Knowledge Has there ever been a crop protection usage accident on your farm that has impacted your health & safety or others? | |
| V1565 | accident_medical | Screening Knowledge Did the accident result in seeking a medical treatment? | |
| V1566 | product | Screening Farming Practice Could you please note down the product name of the variety that has been used? | |
| V1567 | sowing_date | Screening Farming Practice What was the sowing / transplanting date of the crop this season? | |
| V1568 | field_preparation | Screening Farming Practice When did the first field preparation start for each growing area of the field? | |
| V1569 | tomato_seedlings | Screening Farming Practice How many tomato seedlings did you plant in one acre? | |
| V1570 | seed_source | Screening Farming Practice From which source did you obtain your main seed variety? | |
| V1571 | seed_coated | Screening Farming Practice Are your seeds coated with crop protection products? | |
| V1572 | pollination | Screening Farming Practice Can you please tell us what kind of pollination applies to your main seed variety? | |
| V1573 | seed_characteristics | Screening Farming Practice According to you, what are the three most important characteristics when selecting your main seed variety? | |
| V1574 | farm_activities | Screening Farming Practice Please describe if you performed the following activities | |
| V1575 | power_machinery | Screening Farming Practice Did you use power-driven machinery for the activities? | |

SOIL_TEST: Screening Farming Practise Did you perform a soil test for each growing area of ?

Data file: EGY_PostHarvest-Tomato

Overview

Valid: 399 Invalid: 0

Type: Discrete Width: 3 Range: - Format: character

Questions and instructions

CATEGORIES

| Value | Category | Cases | |
|-------|----------|-------|-------|
| No | | 215 | 53.9% |
| Yes | | 184 | 46.1% |

FERTILIZER: Screening Farming Practise Did you apply any type of fertilizer?

Data file: EGY_PostHarvest-Tomato

Overview

Valid: 399 Invalid: 0

Type: Discrete Width: 8 Range: - Format: character

Questions and instructions

CATEGORIES

| Value | Category | Cases | |
|----------|----------|-------|------|
| Chemical | | 399 | 100% |

CROP_PROTECTION: Screening Farming Practise Did you apply any type of Crop protection inputs?

Data file: EGY_PostHarvest-Tomato

Overview

Valid: 399 Invalid: 0

Type: Discrete Width: 9 Range: - Format: character

Questions and instructions

CATEGORIES

| Value | Category | Cases | |

POLLINATION: Screening Farming Practice Can you please tell us what kind of pollination applies to your main seed variety?

Data file: EGY_PrePlanting-Wheat

Overview

Valid: 414

Type: Discrete Width: 138 Range: - Format: character

Questions and instructions

CATEGORIES

| Value | Category | Cases | |
|--|----------|-------|-------|
| Hybrid variety (controlled method of pollination, in which the pollen of two different seed varieties have been crossed = human mechanism) | | 147 | 35.5% |
| Open Pollinated Variety = OPV (this is when pollination of the seed happens via insects, birds, wind transmission = natural mechanism) | | 267 | 64.5% |

SEED_CHARACTERISTICS: Screening Farming Practice According to you, what are the three most important characteristics when selecting your main seed variety?

Data file: EGY_PrePlanting-Wheat

Overview

Valid: 414

Type: Discrete Width: 127 Range: - Format: character

FARM_ACTIVITIES: Screening Farming Practice Please describe if you performed the

following activities

Data file: EGY_PrePlanting-Wheat

Overview

Valid: 414 Invalid: 0

Type: Discrete Width: 81 Range: - Format: character

Questions and instructions

CATEGORIES

| Value | Category | Cases | |
|---|----------|-------|-------|
| Clearing. Removing remains of the crop, e.g. stumps, stones or other obstacles. | | 40 | 9.7% |
| Digging. Loosening the earth or digging a hole. | | 34 | 8.2% |
| Land levelling. Levelling the field to improve e.g. irrigation or water usage. | | 45 | 10.9% |
| Mulching. Covering the soil to improve crop growth, e.g. to make soil more moist. | | 48 | 11.6% |
| Ploughing. Breaking and turning over the earth with a plow. | | 47 | 11.4% |
| Ridging. Plowing alternate strips by throwing the furrow onto the unplowed strip. | | 32 | 7.7% |
| Ripping. Breaking up the compacted soil layers. | | 28 | 6.8% |
| Sowing or planting | | 140 | 33.8% |

POWER_MACHINERY: Screening Farming Practice Did you use power-driven machinery for the activities?

SEED_SOURCE: Screening Farming Practice From which source did you obtain your main seed variety?

Data file: EGY_PrePlanting-Tomato

Overview

Valid: 404 Invalid: 0

Type: Discrete Width: 52 Range: - Format: character

Questions and instructions

CATEGORIES

| Value | Category | Cases | |
|--|----------|-------|-------|
| Buyer or contractor | | 37 | 9.2% |
| Cooperative or farming association | | 39 | 9.7% |
| Governmental organization (e.g. seed aid initiative) | | 50 | 12.4% |
| I saved the seeds myself | | 50 | 12.4% |
| Local market | | 43 | 10.6% |
| My social network (family, friends) | | 41 | 10.1% |
| Nursery | | 34 | 8.4% |
| Other | | 36 | 8.9% |
| Other farmer | | 34 | 8.4% |
| Retailer, dealer or store | | 40 | 9.9% |

SEED_COATED: Screening Farming Practice Are your seeds coated with crop protection products?

Data file: EGY_PrePlanting-Tomato

Overview

Valid: 404 Invalid: 0

Type: Discrete Width: 3 Range: - Format: character

Questions and instructions

CATEGORIES

| Value | Category | Cases | |
|-------|----------|-------|------|
| Yes | | 404 | 100% |

POLLINATION: Screening Farming Practice Can you please tell us what kind of pollination applies to your main seed variety?

Data file: EGY_PrePlanting-Tomato

Overview

Valid: 404

Type: Discrete Width: 138 Range: - Format: character

Questions and instructions

CATEGORIES

| Value | Category | Cases | |
|--|----------|-------|-------|
| Hybrid variety (controlled method of pollination, in which the pollen of two different seed varieties have been crossed = human mechanism) | | 281 | 69.6% |
| Open Pollinated Variety = OPV (this is when pollination of the seed happens via insects, birds, wind transmission = natural mechanism) | | 123 | 30.4% |

SEED_CHARACTERISTICS: Screening Farming Practice According to you, what are the three most important characteristics when selecting your main seed variety?

Data file: EGY_PrePlanting-Tomato

Overview

Valid: 404

Type: Discrete Width: 153 Range: - Format: character
