SECTION 0

RESPONDENTS

SELECTING THE RESPONDENTS:

Select a group of respondents from the community who will be best able to respond to the different sections of the questionnaire. Do not use only one or two respondents. Instead ask the village leaders to call a meeting of the following people. During the meeting you can then ask each question of the group. When members of the group have different opinions, record the opinion of the majority. If there are questions about which the group is uncertain, ask them for the name of someone who would know. Add that person to the list of respondents below. When the interview has been completed, seek out the person cited to ask him/her for the information you were unable to obtain.

In some instances, one respondent will satisfy more than one of these criteria. The minimum number of respondents is three but there may be more.

1. The person in the community who knows the most about births and deaths, about people who have left the village and about new arrivals. In some communities this person is the village secretary or chairman.
